Good Housekeeping Magazine, 1915 On the Road Not Taken Paul Dodgson, 2019-08-22 *On the Road Not Taken* is a memoir about the transformational power of music It begins with a boy growing up in a small town on the Kent coast in the 1970s who learns to play the guitar and dreams of heading out on the open road with a head full of songs But when the moment comes to make the choice he is not brave enough to try and do it for a living Time passes but the desire to explain the world through music never goes away And as the years go by it gets harder and harder to risk looking like a fool of doing the very thing he would most like to do of actually being himself Eventually thirty five years later when it feels like time is running out he walks out onto a stage in front of 500 people and begins to sing again What follows is an extraordinary period of self discovery as he plays pubs clubs theatres and festivals overcoming anxiety to experience the joy of performance

The Misadventures of a Single Woman Sara Jane Coffman, 2011 Coffman presents a collection of her humorous and sometimes cautionary tales celebrating the joys of being single *Memoir of an Aviator* David Craig, This book is the story of my life in aviation and is ideal reading for aviation enthusiasts passengers pilots mechanics and those seeking inspiration about following your dream My story has something for everyone romance love heartbreak toil perseverance and triumph It is also filled with technical details of military aircraft maintenance vivid descriptions of civil flight instruction airline pilot training military flight operations and stories from behind the flight deck door It is my very personal story of how I went from a teenager working in a furniture factory to the left seat of a Boeing airliner through a long and tumultuous journey *Memoir of an Aviator* My journey from factory worker to airline Captain is also a love story of my relationship with flying My story is not all just good times and favorable experiences There was romance then heartbreak There were triumphs then tribulations

There was joy in reaching my lifetime goal and then sorrow after getting laid off soon after. Sometimes I questioned the path I had chosen and through determination, stubbornness, and support from my spouse, I made a career out of it. The people I describe along the way are sometimes humorous, at other times exasperating, but always interesting. My story is in four segments. First is my experience as an Air Force mechanic for Strategic Air Command on Cold War era KC 135 tanker airplanes. Next is a description of the remainder of my Air Force career as an inflight refueling operator, aka boom operator. I will tell you of my experiences on KC 135 and KC 10 tankers and of the many trips and operations I have been a part of. Then my life took a turn and I trained as a commercial pilot, ending up flying at the world's largest airline after years of progression. After my flying days were over, I worked for a major US airplane manufacturer, developing training programs for civil and military pilots. I ended my career running a site for a world-class military flight simulation company. This book will appeal to several interests. Mechanics and airplane aficionados will enjoy the description of my crew chief days and work alongside me as I maintain a frontline war-fighting asset. Military aviation fans will like the description of my time as a boom operator as I haul cargo and refuel airplanes in midair around the world. Pilots and those interested in what goes on beyond the airliner flight deck door will have plenty to enjoy with my description of airline training and flight operations. From flying dogs, furloughs, flight training, military life, and people learning to fly, this book has a lot to offer.
