

The background illustration depicts a vibrant farm scene. In the upper left, a young girl with blonde hair, wearing a red long-sleeved shirt and green overalls, is perched on the thatched roof of a wooden barn, looking down. In the center, a large white oval with a red border contains the title and subtitle. To the right of the oval is a circular gold medal with the text 'THE CALDECOTT MEDAL' and a central emblem. Below the oval, a young boy with blonde hair, wearing a blue shirt and green overalls, is lying in a large haystack, smiling. Several small white rabbits are scattered around the haystack. In the background, two white goats are visible behind a wooden fence. The scene is set in a rustic farm environment with wooden structures and green hills in the distance.

What Your Kindergartner Needs to Know (Revised and updated) E.D. Hirsch, Jr., John Holdren, 2013-07-16 With its comprehensive curriculum providing a sound basis in the fundamentals of math art history language arts science and technology the phenomenally successful Core Knowledge series has become an esteemed tool for parents and teachers striving to better educate today's children And since it is agreed that the first years of schooling are crucial to a child's lifetime educational achievements it is no wonder that parents and teachers alike have been asking for a volume for kindergartners This primer for those just beginning their school careers was devised with the contributions of over 2 000 parents educators and students distilled into a user friendly volume specifically designed for parents to use with their children Eighty pages of four color illustrations enliven the new bold design of this latest title in a series adopted by hundreds of schools nationwide and appreciated by thousands of adults looking to instill in children a lifetime love of learning

To See the Wizard Laurie Ousley, 2021-02-19 To See the Wizard Politics and the Literature of Childhood takes its central premise as the title indicates from L Frank Baum's *The Wonderful Wizard of Oz* Upon their return to The Emerald City after killing the Wicked Witch of the West the task the Wizard assigned them Dorothy the Tin Woodman Scarecrow and Lion learn that the wizard is a humbug merely a man from Nebraska manipulating them and the citizens of both the Emerald City and of Oz from behind a screen Yet they all continue to believe in the powers they know he does not have still insisting he grant their wishes The image of the man behind the screen and the reader's continued pursuit of the Wizard is a powerful one that has at its core an issue central to the study of children's literature the relationship between the adult writer and the child reader As Jack Zipes Perry Nodelman Daniel Hade Jacqueline Rose and many others point out before the literature for children and young adults actually reaches these intended readers it has been mediated by many and diverse cultural social political psychological and economic forces These forces occasionally work purposefully in an attempt to consciously socialize or empower training the reader into a particular identity or way of viewing the world by one who considers him or herself an advocate for children Obviously these wizards acting in literature can be the writers themselves but they can also be the publishers corporations school boards teachers librarians literary critics and parents and these advocates can be conservative progressive or any gradation in between It is the purpose of this volume to interrogate the politics and the political powers at work in literature for children and young adults Childhood is an important site of political debate and children often the victims or beneficiaries of adult uses of power one would be hard pressed to find a category of literature more contested than that written for children and adolescents Peter Hunt writes in his introduction to *Understanding Children's Literature* that children's books are overtly important educationally and commercially with consequences across the culture from language to politics most adults and almost certainly the vast majority in positions of power and influence

read children's books as children and it is inconceivable that the ideologies permeating those books had no influence on their development. If there were a question about the central position literature for children and young adults has in political contests, one needs to look no further than the myriad struggles surrounding censorship. Mark I West observes for instance: Throughout the history of children's literature, the people who have tried to censor children's books for all their ideological differences share a rather romantic view about the power of books. They believe or at least they profess to believe that books are such a major influence in the formation of children's values and attitudes that adults need to monitor every word that children read. Because childhood and young adulthood are the sites of political debate for issues ranging from civil rights and racism to the construction and definition of the family, indoctrinating children into or subverting national and religious ideologies, the literature of childhood bears consciously political analysis, asking how socialization works, how children and young adults learn of social, cultural, and political expectations, as well as how literature can propose means of fighting those structures. To See the Wizard: Politics and the Literature of Childhood intends to offer analysis of the political content and context of literature written for and about children and young adults. The essays included in To See the Wizard analyze nineteenth and twentieth century literature from America, Britain, Australia, the Caribbean, and Sri Lanka, that is, for and about children and adolescents. The essays address issues of racial and national identity and representation, poverty and class mobility, gender, sexuality, and power, and the uses of literature in the healing of trauma and the construction of an authentic self.

Transforming Early Learners Into Superb Readers Andrea M. Nelson-Royes, 2012-10-18. Transforming Early Learners into Superb Readers: Promoting Literacy at School, at Home, and within the Community, aids elementary educators, reading specialists, school administrators, private and public educators, parents, and caregivers who want to help early learners become proficient readers. The early years are the most important for children because they are the formative years, so it is vital for children to build a solid reading foundation when they are most receptive. Andrea Nelson Royes contends that if all these individual players collectively help to develop a child's reading readiness, all children may thrive from a high quality education and a love of literacy.

Tradition and Innovation in Folk Literature Wolfgang Mieder, 2015-08-11. In this book, first published in 1987, Wolfgang Mieder follows the intriguing trail of some of the best known pieces of folk literature, tracing them from their roots to modern uses in advertising, journalism, politics, cartoons, and poetry. He reveals both the remarkable adaptability of these tales and how each variation reflects cultural and historical changes. Fairy tales, legends, folk songs, riddles, nursery rhymes, and proverbs are passed from generation to generation, changing both in form and meaning with each use. This book will be of interest to students of literature.

Beck,Margaret G. McKeown,Linda Kucan,2013-03-13 Exciting and engaging vocabulary instruction can set students on the path to a lifelong fascination with words This book provides a research based framework and practical strategies for vocabulary development with children from the earliest grades through high school The authors emphasize instruction that offers rich information about words and their uses and enhances students language comprehension and production Teachers are guided in selecting words for instruction developing student friendly explanations of new words creating meaningful learning activities and getting students involved in thinking about using and noticing new words both within and outside the classroom Many concrete examples sample classroom dialogues and exercises for teachers bring the material to life Helpful appendices include suggestions for trade books that help children enlarge their vocabulary and or have fun with different aspects of words A Landscape with Dragons Michael D. O'Brien,2011-05-24 The Harry Potter series of books and movies are wildly popular Many Christians see the books as largely if not entirely harmless Others regard them as dangerous and misleading In his book A Landscape with Dragons Harry Potter critic Michael O Brien examines contemporary children s literature and finds it spiritually and morally wanting His analysis written before the rise of the popular Potter books and films anticipates many of the problems Harry Potter critics point to A Landscape with Dragons is a controversial yet thoughtful study of what millions of young people are reading and the possible impact such reading may have on them In this study of the pagan invasion of children s culture O Brien the father of six describes his own coming to terms with the effect it has had on his family and on most families in Western society His analysis of the degeneration of books films and videos for the young is incisive and detailed Yet his approach is not simply critical for he suggests a number of remedies including several tools of discernment for parents and teachers in assessing the moral content and spiritual impact of this insidious revolution In doing so he points the way to rediscovery of time tested sources and to new developments in Christian culture If you have ever wondered why a

certain children's book or film made you feel uneasy but you couldn't figure out why this book is just what you need This completely revised much expanded second edition also includes a very substantial recommended reading list of over 1 000 books for kindergarten through highschool Monthly Bulletin San Francisco Public Library,1919 **A Caldecott Celebration** Leonard S. Marcus,2008-02-05 Commemorating the 70th anniversary of the Caldecott Medal a noted children's book historian profiles past and present winners of this prestigious illustration award including Robert McCloskey Marcia Brown and Maurice Sendak
