Many people never bother to find out what God's plan for their lives is. Rather they blindly and hastily pursue their personal ambition. But the truth is that God will not support you in a mission He has not sent you. As a result many are building on a faulty foundation while others are busy erecting faulty foundations for their generations yet unborn. All these have consequences. Foreskin Dowry takes an incisive look at the effects of these actions on our foundation and teaches what we must do and the kind of prayers we must pray in order to overcome the ugly consequences. *Root and Ritual* Becca Piastrelli, 2021-11-16 A beautifully illustrated guide for connecting with the earth, your ancestors and your communities as you come home to your whole self. Despite our best efforts, our modern world leaves so many of us feeling isolated, unworthy and alone. We're unrooted from the land, untethered from our lineages, disconnected from our communities and separated from our deepest sense of self. In *Root and Ritual*, Becca Piastrelli offers a pathway back to connection and wholeness through rituals, recipes and ancestral wisdom. Though we live in a radically different looking world, the needs of our bodies and spirits are the same as the ancestors we came from. Divided into four parts: Land, Lineage, Community and Self, this book takes you on a journey for engaging more deeply with your life. Part 1 introduces practices for reconnecting with the land, including seasonal recipes, crafting with plants and tending your home. In Part 2, you'll learn to reclaim the gifts of your lineage as you understand past harms and explore the traditional folklore, foods and arts of those who came before. Part 3 centers around community, helping you cultivate sisterhood and celebrate meaningful rites of passage. In Part 4, you'll return to yourself as you open your intuition, tune in to your body and awaken the wild woman within. A rich and dynamic treasure chest of timeless teachings, *Root and Ritual* is a beautiful guide for knowing who you are and that you belong here. *Psychic Shield: The Personal Handbook of Psychic Protection* Caitlín Matthews, 2024-01-09 In today's hectic and uncaring world, it's important to guard the boundaries of your soul. *Psychic Shield: The Personal Handbook of Psychic Protection* will teach you all the practical and commonsense strategies necessary to defend yourself against any damaging external forces you may encounter. Shaupaun Koumar,2023-01-16 The themes of Naturocracy could be interesting for a wider audience around the globe reading it requires no specialised academic background Not getting attached to anything or anyone is tremendously important in order to grasp the essence of the book Those who think rationally and who do not want their daily lives to be dictated by others may find it a valuable read This book is about religious brokers who deceive and control people in the name of God It raises many basic questions about the role of religio politicians who divide humankind in the name of religion to create disharmony among peaceful people in a society Religion is a completely personal affair Nobody needs any religious traders to know what is right and what is wrong Each human being can understand the language of nature independently without explanation from any spoken human languages I have striven to unearth what makes people religious Those who do not even understand what a tiny creature like the humble bee is how can they define its creator I have always wondered about this If the creator of this mysterious universe had given any holy book for mankind to follow then he would have clarified the existing fragmentary or contradictory statements in it But how can preachers clarify and even correct the words of the Almighty How did they know the mind of God when they did not know about themselves Can there be any greater sinners than those who lie and commit crimes under the religious umbrella Against the evils of society there should be a nature inspired political platform for my motherland where people of all colours and creeds can live together in harmony

without imposing their religious convictions on others Who is ruling a country is not so important for the ordinary people but how it is being ruled is of paramount importance The economic scale which measures the rich and poor countries of the world is inappropriate to measure the joy and sorrow of their people Common people all over the earth believe in living in true peace and happiness rather than with material comforts The more we interfere with nature the more we will suffer for it The root of this is the relentless desire for more pleasure and power We must respect and accept natural laws as we are not above the laws of nature In nature there is no such thing as rich or poor People in the financial economy are arbitrarily putting a monetary value on the natural economy which makes the natural economy unsustainable Once you have the picture in your mind s eye you will lucidly understand that the greatest damage being done to our planet today is being done by humans On no account must we work anymore against nature but together with it *Isle of Canes* Elizabeth Shown Mills,2006-09 *Isle of Canes* is the epic account of a multi racial family in Louisiana that over four generations and more than 150 years rose from the chains of slavery to rule the *Isle of Canes* Historically accurate this first novel by eminent genealogist Elizabeth Shown Mills is a gripping tale of cultural and racial conflict economic triumph and ruin and unyielding family pride told against the backdrop of colonial and antebellum Louisiana *A Prose English Translation of the Mahabharata* Manmatha Nath Dutt,Manmathanatha Datta,1895 **Root Genealogical Records. 1600-1870** James Pierce Root,1870 **The Roman Empire** Peter Garnsey,Richard Saller,2014-11-24 During the Principate roughly 27 BCE to 235 CE when the empire reached its maximum extent Roman society and culture were radically transformed But how was the vast territory of the empire controlled Did the demands of central government stimulate economic growth or endanger survival What forces of cohesion operated to balance the social and economic inequalities and high mortality rates How did the official religion react in the face of the diffusion of alien cults and the emergence of Christianity These are some of the many questions posed here in the new expanded edition of Garnsey and Saller s pathbreaking account of the economy society and culture of the Roman Empire This second edition includes a new introduction that explores the consequences for government and the governing classes of the replacement of the Republic by the rule of emperors Addenda to the original chapters offer up to date discussions of issues and point to new evidence and approaches that have enlivened the study of Roman history in recent decades A completely new chapter assesses how far Rome s subjects resisted her hegemony The bibliography has also been thoroughly updated and a new color plate section has been added *Bulletin* ,2007 *Bulletin: Inside China's Cold War* ,
