Keddie, Yann Richard, 2003 In this revised and expanded version of Nikki Keddie's work *Roots of Revolution* the author brings the story of modern Iran to the present day exploring the political cultural and social changes of the past quarter century Keddie provides insightful commentary on the Iran Iraq war the Persian Gulf War and the effects of 9 11 and Iran's strategic relationship with the US She also discusses developments in education health care the arts and the role of women      **A Century of Revolution** John Foran, 1994 This volume offers a much needed look into the historical social and political developments leading up to the Iranian revolution Bringing together a group of scholars historians and social scientists most of them Iranian in origin the book documents an extraordinary revolutionary heritage that predates this century      **Shi'i Sectarianism in the Middle East** Elisheva Machlis, 2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi'i relations in the country to the forefront of the international public agenda It also strengthened the popular belief that contemporary Shi'ism is inherently sectarian Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi'i origins and links So what is the true orientation of Shi'i Islam in the contemporary era and how did modernisation alter its sectarian affiliation This book contends that early Shi'i reformist thought set the foundations for a more universal oriented Shi'ism Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi'i centres in Southern Lebanon played a significant role in the renewal of Shi'ism and laid the groundwork for its reinvention in the modern era Exploring this shift towards a more ecumenical perception of Islam Elisheva Machlis here provides a fresh perspective on inter sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi'i scholars such as Mu'ammad usayn K shif al Ghi and Mu sin al Am n al mil operating within a more globalised Muslim world Drawing on the experiences of early Shi'i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu'ammad Jaw d Mughniyya in Damascus this book gives new insight on the future of inter Muslim relations at a time of growing inter sectarian contention from the Iran Iraq war to the post 2003 Sunni Shi'i conflict in Iraq and al Qa ida's anti Shi'i message taking into account questions of theology historiography jurisprudence and politics which all played a vital role in the transition to the contemporary era The author here analyses the broad scholarly connections between Iran Iraq and Lebanon in the twentieth century while debating paramount questions of leadership identity and group membership in the development of modern Shi'ism Examining the relationship between intellectual thought and socio political development in the region this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists      Sexual Politics in

Politics of the Dispossessed Hafizullah Emadi, 2001-08-30 This study provides a comprehensive analysis of state society development in the most volatile region of the world. In the Middle East, various anti-systemic movements and radical Islam often clashed and resisted the political, cultural, economic, and military domination of the region by the world's major imperial powers. Emadi investigates state revolution and development in the Middle Eastern states of Afghanistan, Iran, Iraq, and Syria in the immediate post-World War II period. Maintaining that the state is an instrument of class domination exhibiting a certain degree of autonomy in the creation and design of domestic development programs, he details the role of class in an attempt to provide a better understanding of the diverse factors at work. Politics of the Dispossessed provides an alternative analysis of development in regional politics and its context in world politics, aspects that are generally neglected by most mainstream studies. It examines state formation, internal development strategies, and how class conflict and ideology led to class alliance on an international basis, as well as the external interference in the internal affairs of these societies. It also explores the process of political and ethnic integration of the Middle East into the global economic system and the resulting counter-strategies of the nationalist and Islamic resistance to the increasing superpower domination of the international system.

**The Battle for God** Karen Armstrong, 2011-08-10 In the late twentieth century, fundamentalism has emerged as one of the most powerful forces at work in the world, contesting the dominance of modern secular values and threatening peace and harmony around the globe. Yet it remains incomprehensible to a large number of people. In The Battle for God, Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish. We see the West in the sixteenth century beginning to create an entirely new kind of civilization, which brought in its wake change in every aspect of life, often painful and violent, even if liberating. Armstrong argues that one of the things that changed most was religion. People could no longer think about or experience the divine in the same way they had to develop new forms of faith to fit their new circumstances. Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition. Focusing on Protestant fundamentalism in the United States, Jewish fundamentalism in Israel, and Muslim fundamentalism in Egypt and Iran, she examines the ways in which these movements, while not monolithic, have each sprung from a dread of modernity, often in response to assault, sometimes unwitting, sometimes intentional, by the mainstream society. Armstrong sees fundamentalist groups as complex, innovative, and modern rather than as throwbacks to the past, but contends that they have failed in religious terms. Maintaining that fundamentalism often exists in a symbiotic relationship with an aggressive modernity, each impelling the other on to greater excess, she suggests compassion as a way to defuse what is now an intensifying conflict.
