

# Roots Of The Republic A New Perspective

**Yasuhide Kawashima**

## **Roots Of The Republic A New Perspective:**

Roots of the Republic Stephen L. Schechter, 1991-11-01 *Roots of the Republic* shows how the Constitution was a product not simply of the Constitutional Convention in 1787 but of a legal and philosophical tradition almost two centuries old. The editors have selected eighteen key documents in the development of that tradition and reproduced them with essays that explain what they mean, why they were written, and why they are important today. Each key document is accompanied by an interpretive essay written by a contemporary scholar. These essays focus on the importance of each frame of government and include commentaries on why they are meaningful today. Intended to help readers learn how to read and understand these documents, the book is also a handy reference and a strong introduction to the development of political thought and the debates surrounding the formation of the state governments and the federal union.

**The Transformation of the American Democratic Republic** Stephen M. Krason, 2017-09-08 In this stimulating volume, Stephen M. Krason considers whether the Founding Fathers' vision of the American democratic republic has been transformed, and if so, in what ways. He looks to the basic principles of the Founding Fathers, then discusses the changes that resulted from evolving contemporary expectations about government. Referencing philosophical principles and the work of great Western thinkers, Krason then explores a variety of proposals that could forge a foundation for restoration. Acknowledging that any attempt to revive the Founders' views on a democratic republic must start in the public sphere, Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders' vision and want to take action. Ultimately, a democratic republic can exist, be sustained, and flourish only when there is a deep commitment to it in the minds and norms of its people. Written by a foremost authority in the field of US Constitutional law, this book will appeal to those interested in American history, society, and politics.

Federal Courts in the Early Republic Mary K. Bonsteel Tachau, 2015-03-08 On the basis of both civil and criminal suits, some private and some brought by the government, Professor Tachau demonstrates that the federal courts in Kentucky were immediately accessible, visible, and deeply involved in the lives of the people. The actual legal practice revealed in the records thus contradicts much of the conventional wisdom and traditional assumptions about the inferiority of the lower federal judiciary and suggests that a major revision of American legal and constitutional history may be in order. Originally published in 1978, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

*New Perspectives on the Early Republic* Ralph D. Gray, Michael A. Morrison, 1994      *The Oxford Handbook of American Political History* Paula Baker, Donald T. Critchlow, 2020 This collection of essays by twenty-nine distinguished scholars

provides readers with a complete overview of American politics and policy that can be found in any single volume These essays reveal that American politics historically is volatile not given easily to civility and polarizing at the same time they explore important political developments in addressing real issues confronting the nation and the world **Explicit and Authentic Acts** David E. Kyvig, 1996 This book could not be more timely Kyvig provides a rich and comprehensive history of the politics and operation of the amending process It deserves the attention of not only historians political scientists and legal scholars but also those concerned with public affairs david M O'Brien author of Storm Center The Supreme Court in American Politics A lively challenge to traditional views William Leuchtenburg author of The Supreme Court Reborn

**Igniting King Philip's War** Yasuhide Kawashima, 2001 Although it is usually considered from a political or cultural standpoint Kawashima retells the story of the murder and trial from the perspective of legal history and overlapping jurisdictions He shows that Plymouth's aggressive extension of its legal authority marked the end of four decades of legal coexistence between Indians and colonists ushering in a new era of cultural and legal imperialism **New Perspectives on**

**Mutual Dependency in Care-Giving** Adéla Souralová, 2016-03-09 Many scholars see caregiving relationships as being based on mutual dependency or interdependency Extensively cited notions of the global care chain or international division of reproductive labour have prepared the ground for analysis of global interdependencies in several domains This book goes further by taking mutual dependency as a starting point for analysing all relationships Using the example of Vietnamese families in the Czech Republic and the Czech native nannies it shows how paid caregiving is contextualized in terms of various relationships between three types of actors employer employee caring for the child and mother child All of these ties are based on ontologically different principles and each of them operates as a piece of a puzzle which is meaningful only in relation to each other Souralová considers caregiving to be a formative activity that establishes ties between the concerned actors whose subjectivities are mutually shaped in the daily practice of caregiving With its stress on mutuality in care work this ground breaking book illuminates the new forms of interpersonal interethnic and intergenerational relationships and highlights the mechanisms and processes in which kinship ties are negotiated and reproduced *Perspectives in American*

*History* Donald Fleming, Bernard Bailyn, 1978 New Perspectives on European Women's Legal History Sara L.

Kimble, Marion Röwekamp, 2016-07-01 This book integrates women's history and legal studies within the broader context of modern European history in the late nineteenth and twentieth centuries Sixteen contributions from fourteen countries explore the ways in which the law contributes to the social construction of gender They analyze questions of family law and international law and highlight the politics of gender in the legal professions in a variety of historical social and national settings including Eastern Southern Western Northern and Central Europe Focusing on different legal cultures they show us the similarities and differences in the ways the law has shaped the contours of women and men's lives in powerful ways They also show how women have used legal knowledge to struggle for their equal rights on the national and transnational level

The chapters address the interconnectedness of the history of feminism legislative reforms and women s citizenship and build a foundation for a comparative vision of women s legal history in modern Europe *Fabricating Authenticity in Soviet Hungary* Péter Apor,2015-03-01 This book explores the memory of the First Hungarian Soviet Republic of 1919 which proved crucial for communist Hungarian political culture in the twentieth century Apor approaches the topic in an innovative way focusing on the understudied aspects of European memory cultures Offering great insights on how a dictatorship remembers and the concept of authenticity Apor s study integrates the broad range of processes through which history is sought to be rendered authentic The volume successfully reveals the crooked history of the retrospective revisions of the iconic First Republic between the years of its 30th and 40th anniversary 1949 and 1959 **Religion and Politics in the Early**

**Republic** Daniel Dreisbach,2021-12-14 The church state debate currently alive in our courts and legislatures is strikingly similar to that of the 1830s A secular drift in American culture and the role of religion in a pluralistic society were concerns that dominated the controversy then as now In *Religion and Politics in the Early Republic* Daniel L Dreisbach compellingly argues that the issues in our current debate were framed in earlier centuries by documents crucial to an understanding of church state relations the First Amendment and our present concern with the constitutional role of religion in American public life Reflection on this national discussion of more than 150 years ago casts light on both past and future relations between church and state in America In an 1833 sermon *The Relation of Christianity to Civil Government in the United States* the Reverend Jasper Adams of Charleston South Carolina an eminent educator and moral philosopher offered valuable insight into the social and political forces that shaped church state relations in his time Adams argued that the Christian religion is indispensable to social order and national prosperity Although he opposed the establishment of a state church he believed that a Christian ethic should inform all civil legal and political institutions Adams s remarkably prescient discourse anticipated the emergence of a dominant secular culture and its inevitable conflict with the formerly ascendant religious establishment His treatise was the first major work from the embattled religious traditionalists controverting Thomas Jefferson s vision of a secular polity and strict church state separation Eager to confirm his analysis Adams sent copies of the sermon to scores of leading intellectuals and public figures of his day In this volume Dreisbach brings together for the first time Adams s sermon a critical review of the treatise and transcripts of previously unpublished letters written in response to it by James Madison John Marshall Joseph Story and J S Richardson These letters provide a rare glimpse into the minds of several influential statesmen and jurists who were central in shaping the republic and its institutions The Story and Madison letters are among their authors1 final and most perceptive pronouncements on church state relations The documents that Dreisbach has assembled in this edition provide a vivid portrait of early nineteenth century thought on the constitutional role of religion in public life Our ongoing national discussion of this topic is illuminated by the debate encapsulated in these pages

*Prussia in the Historical Culture of the German Democratic Republic* Marcus Colla,2022-09-08 No example demonstrates

the fluidity of the past within the German Democratic Republic more powerfully than the history of the Prussian state Initially attacked in East German official histories as the historical engine of German militarism and reaction Prussia underwent a remarkable transformation in official and public memory from around the end of the 1970s This was the so called Prussia Renaissance in which for the first time the East German state began to recognise and even celebrate figures from Prussian history who had not served a progressive agenda But the Prussia Renaissance was also a political and cultural phenomenon with a wide public resonance The Prussia Renaissance may have been a relatively short lived phenomenon but it evidently opened a deep vein in the historical memory of the German Democratic Republic that defied reduction to high politics alone This book asks why Using the case study of Prussia Marcus Colla presents a multi perspective approach to the way that a distinctive historical culture was constructed in the German Democratic Republic It not only evaluates the roles played by political figures historians and cultural elites but also heritage preservationists exhibition curators heimat museums television producers novelists and playwrights and singers the purveyors of what we might more generally term popular culture In essence Colla poses four fundamental questions for our understanding of life politics and culture in communist East Germany how was history there made How was it understood How was it contested And how was it used

*The Cambridge History of the Novel in French* Adam Watt, 2021-02-25 This History is the first in a century to trace the development and impact of the novel in French from its beginnings to the present Leading specialists explore how novelists writing in French have responded to the diverse personal economic socio political cultural artistic and environmental factors that shaped their worlds From the novel s medieval precursors to the impact of the internet the History provides fresh accounts of canonical and lesser known authors offering a global perspective beyond the national borders of the Hexagon to explore France s colonial past and its legacies Accessible chapters range widely including the French novel in Sub Saharan Africa data analysis of the novel system in the seventeenth century social critique in women s writing Sade s banned works and more Highlighting continuities and divergence between and within different periods this lively volume offers routes through a diverse literary landscape while encouraging comparison and connection making between writers works and historical periods

*A History of Chinese Civilization* Jacques Gernet, 1996-05-31 When published in 1982 this translation of Professor Jacques Gernet s masterly survey of the history and culture of China was immediately welcomed by critics and readers This revised and updated edition makes it more useful for students and for the general reader concerned with the broad sweep of China s past

*Spinoza and Biblical Philology in the Dutch Republic, 1660-1710* Jetze Touber, 2018-06-21 Spinoza and Biblical Philology in the Dutch Republic 1660 1710 investigates the biblical criticism of Spinoza from the perspective of the Dutch Reformed society in which the philosopher lived and worked It focuses on philological investigation of the Bible its words language and the historical context in which it originated Jetze Touber expertly charts contested issues of biblical philology in mainstream Dutch Calvinism to determine if Spinoza s work on the Bible had bearing on the Reformed

understanding of the way society should handle Scripture Spinoza has received considerable attention both in and outside academia His unconventional interpretation of the Old Testament passages has been examined repeatedly during the past decades So has that of fellow radicals rationalists radicals deists libertines and enthusiasts against the backdrop of a society that is assumed to have been hostile overwhelmed static and uniform Toubert counteracts this perspective and considers how the Dutch Republic used biblical philology and biblical criticism including that of Spinoza In doing so Toubert takes into account the highly neglected area of the Dutch Reformed ministry and theology of the Dutch Golden Age The study concludes that Spinoza rather than simply pushing biblical scholarship in the direction of modernity acted in an indirect way upon ongoing debates shifting trends in those debates but not always in the same direction and not always equally profoundly at all times on all levels

**Ancient Rome** Matthew Dillon, Lynda Garland, 2013-10-28 A companion volume to the highly successful and widely used *Ancient Greece* this Sourcebook is a valuable resource for students at all levels studying ancient Rome Lynda Garland and Matthew Dillon present an extensive range of material from the early Republic to the assassination of Julius Caesar Providing a comprehensive coverage of all important documents pertaining to the Roman Republic *Ancient Rome* includes source material on political developments in the Roman Republic 509-44 BC detailed chapters on social phenomena such as Roman religion slavery and freedmen women and the family and the public face of Rome clear precise translations of documents taken not only from historical sources but also from inscriptions laws and decrees epitaphs graffiti public speeches poetry private letters and drama concise up to date bibliographies and commentaries for each document and chapter a definitive collection of source material on the Roman Republic All students of ancient Rome and classical studies will find this textbook invaluable at all levels of study

*The Oxford Illustrated History of the Third Reich* Robert Gellately, 2018-02-14 At age thirty in 1919 Adolf Hitler had no accomplishments He was a rootless loner a corporal in a shattered army without money or prospects A little more than twenty years later in autumn 1941 he directed his dynamic forces against the Soviet Union and in December the Germans were at the gates of Moscow and Leningrad At that moment Hitler appeared however briefly to be the most powerful ruler on the planet Given this dramatic turn of events it is little wonder that since 1945 generations of historians keep trying to explain how it all happened This richly illustrated history provides a readable and fresh approach to the complex history of the Third Reich from the coming to power of the Nazis in 1933 to the final collapse in 1945 Using photographs paintings propaganda images and a host of other such materials from a wide range of sources including official documents cinema and the photography of contemporary amateurs foreigners and the Allied armies it distills our ideas about the period and provides a balanced and accessible account of the whole era

1993 *Patt Leonard, Rebecca Routh, 1996* Journal articles books book chapters book reviews dissertations and selected government publications on East Central Europe and the former Soviet Union published in the United States and Canada

**The Cambridge History of Nationhood and Nationalism: Volume 2, Nationalism's Fields of Interaction** Cathie

Carmichael, Matthew D'Auria, Aviel Roshwald, 2023-11-09 This major new reference work with contributions from an international team of scholars provides a comprehensive account of ideas and practices of nationhood and nationalism from antiquity to the present It considers both continuities and discontinuities engaging critically and analytically with the scholarly literature in the field In volume II leading scholars in their fields explore the dynamics of nationhood and nationalism s interactions with a wide variety of cultural practices and social institutions in addition to the phenomenon s crucial political dimensions The relationships between imperialism and nationhood nationalism and between major world religions and ethno national identities are among the key themes explained and explored The wide range of case studies from around the world brings a truly global comparative perspective to a field whose study was long constrained by Eurocentric assumptions
