intrusions **Cultural Nationalism in Contemporary China** Yingjie Guo, 2004-03-01 In the vast majority of literature on Chinese nationalism the distinction between nation and state is rarely made consequently nationalism usually appears as loyalty to the state rather than identification with the nation Yet since 1989 both the official configuration of the nation and the state's monopolized right to name the nation have come under rigorous challenge Cultural Nationalism in Contemporary China relocates the discussion of nationalism to within a more contemporary framework which explores the disjunction between the people and the state and the relationship of each to the nation With its challenging exploration of one of the most neglected aspects of identity in China this book should appeal to Asianists China watchers and all of those with an interest in cultural and sociological phenomena in East Asia
