*Joseph's Dilemma* Matthew J Marohl, 2015-02-26 The story of the birth of Jesus in the Gospel of Matthew is told in eight verses Embedded in this short narrative is Joseph's dilemma Listeners are told that When Mary had been engaged to Joseph but before they lived together she was found to be with child from the Holy Spirit 1 18 What happens next has long been debated We are made to assume that Joseph discovers that Mary is pregnant but that he does not know that she is with child from the Holy Spirit This information is made known to

Joseph later by an angel of the Lord who appeared to him in a dream In the meantime Joseph must decide what he will do with Mary We are told Joseph being a righteous man and unwilling to expose her to public disgrace planned to dismiss her quietly 1 19 The discussion of this verse generally focuses on two questions First did Joseph suspect Mary of adultery Second if he did suspect Mary of adultery what were his options While there is some diversity in the way that these questions are answered the majority of modern interpreters envision only one option that of divorce The dilemma then is whether Joseph will divorce Mary publicly or privately While these questions are important neither adequately addresses Joseph's dilemma In this book Matthew J Marohl argues that early Christ followers understood Joseph's dilemma to involve an assumption of adultery and the subsequent possibility of the killing of Mary Worded differently Joseph's dilemma involves the possibility of an honor killing If Joseph reveals that Mary is pregnant she will be killed If Joseph conceals Mary's pregnancy he will be opposing the law of the Lord What is a righteous man to do

Haynes, 2002-03-28 In *Noah's Curse* Stephen Haynes explores the historical context of slavery The author identifies the manner in which the great and good interpreted the story in Genesis to provide free labour and a scriptural justification for the Black Holocaust      *Tacoma Stories* Richard Wiley, 2019-02-12 Richard Wiley is one of our best writers These stories satisfy in the way that brilliant short fiction always satisfies one feels as if one has absorbed the expansive vision and drama of a novel Read slowly and I bet you'll want to read again Richard Bausch author of *Peace and Living in the Weather of the World* It's a strange and winsome feeling I have reading *Tacoma Stories* the blue sensation that Richard Wiley has made me homesick for a place I've never been mourning the loss of friends I never had in a life where each and every one of us is loved however imperfectly Think Sherwood Anderson inhabiting Raymond Carver's Northwest and you'll have a clear picture of Wiley's accomplishment Bob Shacochis author of *Easy in the Islands* and *The Woman Who Lost Her Soul* On St Patrick's Day in 1968 sixteen people sit in Pat's Tavern drink green beer flirt rib each other and eventually go home in mostly different directions In the stories that follow which span 1958 to the present Richard Wiley pops back into the lives of this colorful cast of characters sometimes into their pasts sometimes into their futures and explores the ways in which their individual narratives indelibly weave together At the heart of it all lies Tacoma Washington a town full of eccentricities and citizens as unique as they are universal The Tacoma of *Tacoma Stories* might be harboring paranoid former CIA operatives and wax replicas of dead husbands but it is also a place with all the joys and pains one could find in any town anytime and anywhere Richard Wiley is the author of eight novels including *Bob Stevenson* *Soldiers in Hiding* winner of the PEN Faulkner Award for Fiction and the Washington State Book Award and *Ahmed's Revenge* winner of the Maria Thomas Fiction Award Professor emeritus at the University of Nevada Las Vegas he divides his time between Los Angeles California and Tacoma Washington      *Black Athena: The Afroasiatic Roots of Classical Civilization Volume III* Martin Bernal, 2020-02-14 Winner of the 1990 American Book Award What is classical about Classical civilization In one of the most audacious works of scholarship ever written Martin Bernal challenges the foundation of our thinking about this question Classical civilization he argues has deep roots in Afroasiatic

cultures But these Afroasiatic influences have been systematically ignored denied or suppressed since the eighteenth century chiefly for racist reasons The popular view is that Greek civilization was the result of the conquest of a sophisticated but weak native population by vigorous Indo European speakers Aryans from the North But the Classical Greeks Bernal argues knew nothing of this Aryan model They did not see their institutions as original but as derived from the East and from Egypt in particular This long awaited third and final volume of the series is concerned with the linguistic evidence that contradicts the Aryan Model of ancient Greece Bernal shows how nearly 40 percent of the Greek vocabulary has been plausibly derived from two Afroasiatic languages Ancient Egyptian and West Semitic He also reveals how these derivations are not limited to matters of trade but extended to the sophisticated language of politics religion and philosophy This evidence according to Bernal greatly strengthens the hypothesis that in Greece an Indo European speaking population was culturally dominated by Ancient Egyptian and West Semitic speakers Provocative passionate and colossal in scope this volume caps a thoughtful rewriting of history that has been stirring academic and political controversy since the publication of the first volume

Plantation Church

Noel Leo Erskine,2014-03 In Plantation Church Noel Leo Erskine investigates the history of the Black Church as it developed both in the United States and the Caribbean after the arrival of enslaved Africans Typically when people talk about the Black Church they are referring to African American churches in the U S but in fact the majority of African slaves were brought to the Caribbean It was there Erskine argues that the Black religious experience was born The massive Afro Caribbean population was able to establish a form of Christianity that preserved African Gods and practices but fused them with Christian teachings resulting in religions such as Cuba s Santer a Despite their common ancestry the Black religious experience in the U S was markedly different because African Americans were a political and cultural minority The

Plantation Church became a place of solace and resistance that provided its members with a sense of kinship not only to each other but also to their ancestral past. Despite their common origins, the Caribbean and African American Church are almost never studied together. This book investigates the parallel histories of these two strands of the Black Church, showing where their historical ties remain strong and where different circumstances have led them down unexpectedly divergent paths. The result will be a work that illuminates the histories, theologies, politics, and practices of both branches of the Black Church. This project presses beyond the nation-state framework and raises intercultural and interregional questions with implications for gender, race, and class. Noel Leo Erskine employs a comparative method that opens up the possibility of rethinking the language and grammar of how Black churches have been understood in the Americas and extends the notion of church beyond the United States. The forging of a Black Christianity from sources African and European allows for an examination of the meaning of church when people of African descent are culturally and politically in the majority. Erskine also asks the pertinent question of what meaning the church holds when the converse is true: when African Americans are a cultural and political minority.
