## Roots Of The Farm Problem:

**Roots of the Farm Problem**, 1965      Roots of the Farm Problem Earl Orel Heady, 1965      *Roots of the Farm Problem* Earl O. Heady, 1967      Recent Progress in Solving Some Farm Problems of Illinois University of Illinois at Urbana-Champaign. Agricultural Experiment Station, 1912      Trucking Country Shane Hamilton, 2008-09-15 Trucking Country is a social history of long haul trucking that explores the contentious politics of free market capitalism in post World War II America Shane Hamilton paints an eye opening portrait of the rural highways of the American heartland and in doing so explains why working class populist voters are drawn to conservative politicians who seemingly don't represent their financial interests Hamilton challenges the popular notion of red state conservatism as a devil's bargain between culturally conservative rural workers and economically conservative demagogues in the Republican Party The roots of rural conservatism Hamilton demonstrates took hold long before the culture wars and free market fanaticism of the 1990s As Hamilton shows truckers helped build an economic order that brought low priced consumer goods to a greater number of Americans They piloted the big rigs that linked America's factory farms and agribusiness food processors to suburban supermarkets across the country Trucking Country is the gripping account of truckers whose support of post New Deal free enterprise was so virulent that it sparked violent highway blockades in the 1970s It's the story of bandit drivers who inspired country songwriters and Hollywood filmmakers to celebrate the last American cowboy and of ordinary blue collar workers who helped make possible the deregulatory policies of Jimmy Carter and Ronald Reagan and set the stage for Wal Mart to become America's most powerful corporation in today's low price low wage economy Some images inside the book are unavailable due to digital copyright restrictions      **Year's Progress in Solving Some Farm Problems of Illinois** University of Illinois at Urbana-Champaign. TWEETEN, 1965      **Problems in Price Control** David Farquhar Cavers, 1948      **The Fault Lines of Farm Policy** Jonathan Coppess, 2018-12-01 At the intersection of the growing national conversation about our food system and the long running debate about our government's role in society is the complex farm bill American farm policy built on a political coalition of related interests with competing and conflicting demands has proven incredibly resilient despite development and growth In *The Fault Lines of Farm Policy* Jonathan Coppess analyzes the legislative and political history of the farm bill including the evolution of congressional politics for farm policy Disputes among the South the Great Plains and the Midwest form the primordial fault line that has defined the debate throughout farm policy's history Because these regions formed the original farm coalition and have played the predominant roles throughout this study concentrates on the three major commodities produced in these regions cotton wheat and corn Coppess examines policy development by the political and congressional interests representing these commodities including

basic drivers such as coalition building external and internal pressures on the coalition and its fault lines and the impact of commodity prices This exploration of the political fault lines provides perspectives for future policy discussions and more effective policy outcomes
