[The Intelligence Revolution](#) Steven E. Maffeo,1988

From Hitler's Doorstep Neal H. Petersen,2010-11-01 For three years during World War II future Director of Central Intelligence Allen Dulles commanded the OSS mission in Bern Switzerland From Hitler's Doorstep provides an annotated selection of his reports to Washington from 1942 to 1945 Dulles was a leading source of Allied intelligence on Nazi Germany and the occupied nations The messages presented in this volume were based on information received through agents and

networks operating in France Italy Austria Eastern Europe and Germany itself They deal with subjects ranging from enemy troop strength and military plans to political developments support of resistance movements secret weapons psychological warfare and peace feelers The Dulles reports reveal his own vision of grand strategy and presage the postwar turmoil in Europe One of the largest collections of OSS records ever published these telegrams and radiotelephone transmissions from the National Archives provide an exciting account of the course of the European war offer insight on the development of American intelligence and illuminate the origins of the Cold War They will interest diplomatic and military historians as well as specialists on modern Europe This volume is almost unique as document based intelligence history and serves as a badly needed bridge between diplomatic history and intelligence studies *Agent 110* Scott Miller,2017-03-07 Presents an account of how OSS spymaster Allen Dulles led a network of disenchanted Germans in a plot to assassinate Hitler and end World War II before the invasion of opportunistic Russian forces NoveList **Mussolini and Hitler** Christian Goeschel,2018-09-25 This fresh treatment of Fascist Italy and Nazi Germany reveals how the close relationship between Mussolini and Hitler influenced both men From 1934 until 1944 Mussolini met Hitler numerous times and the two developed a relationship that deeply affected both countries While Germany is generally regarded as the senior power Christian Goeschel demonstrates just how much history has underrepresented Mussolini s influence on his German ally A scholar of twentieth century Germany and Italy Goeschel revisits all of Mussolini and Hitler s key meetings to examine how they constructed a powerful image of a strong Fascist Nazi relationship that still resonates with the general public His portrait of Mussolini draws on sources ranging beyond political history to reveal a leader who at times shaped Hitler s decisions and was not the gullible buffoon he s often portrayed as The first comprehensive study of the Mussolini Hitler relationship this book is a must read for scholars and anyone interested in the history of European fascism World War II or political leadership

Royals and the Reich Jonathan Petropoulos,2008-08-12 Princes Philipp and Christoph von Hessen Kassel great grandsons of Queen Victoria of England had been humiliated by defeat in World War I and feared the social unrest wrought by the ineffectual Weimar Republic Petropoulos shows how the princes lured by prominent positions in the Nazi regime and highly susceptible to nationalist appeals became enthusiastic supporters of Hitler Permitted access to Hessen family private papers and the Royal Archives at Windsor Castle Petropoulos follows the story of the House of Hesse through to its tragic denouement the princes betrayal and persecution by an increasingly paranoid Hitler and prosecution by the Allies *The intelligence revolution a historical perspective.* , A Guide to the Study and Use of Military History John E. Jessup (Jr.),John E. Jessup,Robert W. Coakley,1979 This Guide to the Study and Use of Military History is designed to foster an appreciation of the value of military history and explain its uses and the resources available for its study It is not a work to be read and lightly tossed aside but one the career soldier should read again or use as a reference at those times during his career when necessity or leisure turns him to the contemplation of the military past *A Guide to the Study and Use of Military History*

John E. Jessup,1979 **Hitler and Spain** Robert H. Whealey,2021-05-11 An imperative starting point of any future inquiry concerning Nazi Germany's incursion into and manipulation of Spain's civil strife International History Review The Spanish Civil War begun in July 1936 was a preliminary round of World War II Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939 immediately following the end of the Civil War This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically ideologically economically and militarily While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally Hitler could pursue territorial gains in Eastern Europe This book based on little known German records and recently opened Spanish archives fills a major gap in our understanding of one of the twentieth century's most significant conflicts Its comprehensive treatment of German Spanish relations from 1936 through 1939 bringing together diplomatic economic military and naval aspects will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism as well as to all students of the Spanish Civil War A major contribution to understanding not only the Spanish conflict but also the history of the thirties and in particular the failure of Britain France and the Soviet Union to make common cause against fascist powers History Workshop Journal

On the Fiery March G. Bruce Strang,2003-07-30 By the 1930s fascist dictator Benito Mussolini reached the conclusion that Italy faced a clear choice expand its power at the expense of the British and French Empires or face stagnation and decline He believed that the regimes in the democratic West would not be able to contain their inherent hostility toward fascist dynamism while their demographic and political weaknesses provided the opportunity for the younger demographically virile fascist Italy to carve a new empire in the Mediterranean status quo Through his intervention in the Spanish Civil War and his attempts to challenge French Power in Europe and British imperial domination of the Middle East and East Africa Mussolini sought to decisively change Italy's long standing position as the least of the Great Powers Although the Pact of Steel did not always function smoothly Mussolini remained loyal to its principles eventually throwing Italy into the Second World War where he would belatedly discover that his regime had signally failed to prepare his legions for fighting in a modern war **Marconi** Marc Raboy,2016-06-28 Mark Raboy's biography traces the origins and emergence of our present networked system of global communication through the stunning life and career of Guglielmo Marconi

Mussolini Richard J. B. Bosworth,2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces unlike them he maintained a traditional male family life

including both wife and mistresses and sought in his way to be an intellectual He was cruel though not the cruelist his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS He sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium And self evidently Italian society was not German or Russian the particular patterns of that society shaped his dictatorship Bosworth s Mussolini allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated With extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries **Quarterly Review of Military Literature** ,1980

Professional Journal of the United States Army ,1980 **Military Review** ,1975 **J. L. Austin** M. W. Rowe,2023 J L Austin was one of the most influential philosophers of the twentieth century but also an intelligence officer in the Second World War This revelatory biography explores Austin s complex character his remarkable achievements in war and peace and the surprisingly dramatic events in his personal life Air University Library Index to Military Periodicals ,1975
