 nah and meant keeper of the secret The word for their secret lore was never found The role of secrecy had been so strong  
 and so well kept that it may never have been given a name The name we used for this reason was Huna pronounced hoo nah  
 which means secret Enough basic information will be incorporated in this book to give a working picture of the system of  
 beliefs and practices upon which experimental work has been based Interspersed with the instructions will be found  
 explanations of the sources of conclusions of symbols words and word roots familiar to Huna but which we also found in  
 other religions mainly Christianity These will tend to show that the meanings ascribed to Huna are well founded Huna is  
 compatible with other systems It interferes with none of them but makes possible a greater understanding of the old truths
