**Lost Artefacts from Medieval England and France** Katherine Baker, 2022 Contemporary descriptions of objects no longer extant examined to reconstruct these lost treasures Surviving accounts of the material culture of medieval Europe including buildings boats reliquaries wall paintings textiles ivory mirror cases book bindings and much more present a tantalising glimpse of medieval life hinting at the material richness of that era However students and scholars of the period will be all too familiar with the frustration of trying to piece together a picture of the past from a handful of fragments The material turn has put art architecture and other artefacts at the forefront of historical and cultural studies and the resulting spotlight on the material culture of the past has been illuminating for researchers in many fields Nevertheless the loss of so much of the physical remnants of the Middle Ages continues to thwart our understanding of the period and much of the knowledge we often take for granted is based on a series of arbitrary survivals The twelve essays in this book draw on a wide array of sources and disciplines to explore how textual records from the chronicles of John of Worcester and Matthew Paris and inventories of monastic treasuries and noble women to Beowulf and early English riddles when combined with archaeological and art historical evidence can expand our awareness of artistic and cultural environments Touching on a broad range of issues around how we imaginatively reconstruct the medieval past and a variety of objects both precious and ephemeral this volume will be of fundamental interest to medieval scholars whatever their disciplinary field Contributors

Bringing the existence and significance of the lost riches of Henry VIII back to life this book sheds new light on Henrician and Tudor court culture Henry VIII amassed the most spectacular collection of gold and silver of any British monarch Plate and jewels were hugely prominent in medieval and Renaissance courts and played an essential role in dynastic marriages and diplomacy as well as in cementing the bonds between king and court Ranging from plain domestic wares to extraordinary bejewelled works of art Henry s collection embraced virtuoso continental objects as well as vast quantities of plate commissioned from London goldsmiths or inherited from his father But nearly all of these holdings were destroyed over the following century and of the thousands that he owned no more than a handful have survived to modern times This book makes use of the wealth of surviving documentation inventories drawings lists of payments dispatches by foreign ambassadors and other records to explore this lost collection and the light it sheds on the monarchy Starting with an assessment of the young king s inheritance from his father the book considers the role of plate at state banquets in great church services and in the regular exchange of gifts between courtiers and ambassadors the role of plate and jewels as a potent symbol of power how the king used confiscation as an instrument of humiliation of those who fell from grace including Cardinal Wolsey and Katherine of Aragon and how Henry s avaricious seizure of church plate towards the end of his life throws light on his changing character While the focus is on plate and goldsmiths work the context ranges from court ceremonial to rivalry between princes the role of the church the vulnerability of persons and institutions with covetable assets and relations between the king and his own family Bringing the existence and significance of these lost riches back to life the book sheds new light on Henrician and Tudor court culture     A Feast for the Eyes Christina Normore,2015-05-01

To read accounts of late medieval banquets is to enter a fantastical world where live lions guard nude statues gilded stags burst into song and musicians play from within pies We can almost hear the clock sound from within a glass castle taste the fire breathing roast boar and smell the rose water cascading in a miniature fountain Such vivid works of art and performance required collaboration among artists in many fields as well as the participation of the audience A Feast for the Eyes is the first book length study of the court banquets of northwestern Europe in the fourteenth and fifteenth centuries Christina Normore draws on an array of artworks archival documents chroniclers accounts and cookbooks to re create these events and reassess the late medieval visual culture in which banquets were staged Feast participants she shows developed sophisticated ways of appreciating artistic skill and attending to their own processes of perception thereby forging a court culture that delighted in the exercise of fine aesthetic judgment Challenging modern assumptions about the nature of artistic production and reception A Feast for the Eyes yields fresh insight into the long history of multimedia work and the complex relationships between spectacle and spectators     Western Decorative Arts: Volume 1 National Gallery of Art (U.S.),Rudolf

**Irish and Scottish Art, c. 900-1900** Heather Pulliam,Rachel Moss,2024-11-30 As evidenced by the famed Book of Kells and monumental high crosses Scotland and Ireland have long shared a distinctive artistic tradition The story of how this tradition developed and flourished for another millennium through survival adaptation and revival is less well known Some works were preserved and repaired as relics objects of devotion believed to hold magical powers Respect for the past saw the creation of new artefacts through the assemblage of older parts or the creation of fakes and facsimiles Meanings and values attached to these objects and to places with strong early Christian associations changed over time but their Celtic and or Gaelic character has remained to the forefront of Scottish and Irish national expression Exploring themes of authenticity imitation heritage conservation and nationalism these interdisciplinary essays draw attention to a variety of understudied artworks and illustrate the enduring link that exists between Scottish and Irish cultures

Kathryn Reyerson, 2018 In the late 1320s Martha de Cabanis was widowed with three young sons Mothers and Sons Inc shows how the widow Martha maneuvered within the legal constraints of her social economic and personal status and illuminates the opportunities and the limits of what was possible for elite mercantile women      **Tristan and Isolde** Joan Tasker Grimbert, 2002 A substantial introduction traces the Tristan and Isolde legend from the twelfth century to the present emphasizing literary versions but also surveying the legend's sources and its appearance in the visual arts music and film The nineteen essays are a mix of new new English revised and classic It contains an extensive bibliography      **A Companion to the Great Western Schism (1378-1417)**, 2009-09-30 The division of the Church or Schism that took place between 1378 and 1417 had no precedent in Christianity No conclave since the twelfth century had acted as had those in April and September 1378 electing two concurrent popes This crisis was neither an issue of the authority claimed by the pope and the Holy Roman Emperor nor an issue of authority and liturgy The Great Western Schism was unique because it forced upon Christianity a rethinking of the traditional medieval mental frame It raised question of personality authority human fallibility ecclesiastical jurisdiction and taxation and in the end responsibility in holding power and authority This collection presents the broadest range of experiences center and periphery clerical and lay male and female Christian and Muslim Theology including exegesis of Scripture diplomacy French literature reform art and finance all receive attention

**The Clement Bible at the Medieval Courts of Naples and Avignon** Cathleen A. Fleck, 2017-07-05 As a biography of the fourteenth century illustrated Bible of Clement VII an opposition pope in Avignon from 1378-94 this social history traces the Bible's production in Naples c 1330 through its changing ownership and meaning in Avignon c 1340-1405 to its presentation as a gift to Alfonso King of Aragon c 1424 The author's novel approach based on solid art historical and anthropological methodologies allows her to assess the object's evolving significance and the use of such a Bible to enhance the power and prestige of its princely and papal owners Through archival sources the author pinpoints the physical location and privileged treatment of the Clement Bible over a century The author considers how the Bible's contexts in the collection

of a bishop several popes and a king demonstrate the value of the Bible as an exchange commodity The Bible was undoubtedly valued for the aesthetic quality of its 200 luxurious images Additionally the author argues that its iconography especially Jerusalem and visionary scenes augments its worth as a reflection of contemporary political and religious issues Its images offered biblical precedents its style represented associations with certain artists and regions in Italy and its past provided links to important collections Fleck s examination of the art production around the Bible in Naples and Avignon further illuminates the manuscript s role as a reflection of the court cultures in those cities Adding to recent art historical scholarship focusing on the taste and signature styles in late medieval and Renaissance courts this study provides new information about workshop practices and techniques In these two court cities the author analyzes styles associated with different artists different patrons and even with different rooms of the rulers palaces offering new findings relevant to current scholarship not only in art history but also in court and collection studies

Heraldry, Pageantry and Social Display in Medieval England Peter R. Coss, Maurice Keen, 2003 Discussion of display through a range of artefacts and in a variety of contexts family and lineage social distinction and aspiration ceremony and social bonding and the expression of power and authority Medieval culture was intensely visual Although this has long been recognised by art historians and by enthusiasts for particular media there has been little attempt to study social display as a subject in its own right And yet display takes us directly into the values aspirations and indeed anxieties of past societies In this illustrated volume a group of experts address a series of interrelated themes around the issue of display and do so in a way which avoids jargon and overly technical

language Among the themes are family and lineage social distinction and aspiration ceremony and social bonding and the expression of power and authority The media include monumental effigies brasses stained glass rolls of arms manuscripts jewels plate seals and coins Contributors MAURICE KEEN DAVID CROUCH PETER COSS CAROLINE SHENTON ADRIAN AILES FR D RIQUE LACHAUD MARIAN CAMPBELL BRIAN and MOIRA GITTOS NIGEL SAUL FIONN PILBROW CAROLINE BARRON and JOHN WATTS     The Building of Renaissance Florence Richard A.
