Security Intelligence Services In New Democracies The Czech Republic Slovakia And Romania:

Security Intelligence Services in New Democracies K. Williams,D. Deletant,2000-12-18 The first account of the secret police in Eastern Europe and after 1989 this book uses a wide range of sources including archives to identify what has and has not changed since the end of communism After explaining the structure and workings of two of the area s most feared services Czechoslovakia s StB and Romania s Securitate the authors details the creation of new security intelligence institutions the development of contacts with the West and forms of democratic control

Security Intelligence Services in New Democracies Kieran Williams,Dennis Deletant,2001

Handbook of European Intelligence Cultures Bob de Graaff,James M. Nyce,2016-08-02 National intelligence cultures are shaped by their country s history and environment Featuring 32 countries such as Albania Belgium Croatia Norway Latvia Montenegro the work provides insight into a number of rarely discussed national intelligence agencies to allow for comparative study offering hard to find information into one volume In their chapters the contributors who are all experts from the countries discussed address the intelligence community rather than focus on a single agency They examine the environment in which an organization operates its actors and cultural and ideological climate to cover both the external and internal factors that influence a nation s intelligence community The result is an exhaustive unique survey of European intelligence communities rarely discussed

Intelligence Governance and Democratisation Peter Gill,2016-04-20 Fills a gap in the intelligence literature on democratisation and intelligence governance Intelligence is a growing field of study and increasingly important in international affairs The author is an experienced and respected scholar This book will be of much interest to students of intelligence studies democracy studies comparative politics security studies and IR

Intelligence and Espionage: Secrets and Spies Daniel Lomas,Christopher John Murphy,2019-01-30 Intelligence and Espionage Secrets and Spies provides a global introduction to the role of intelligence a key but sometimes controversial aspect of ensuring national security Separating fact from fiction the book draws on past examples to explore the use and misuse of intelligence examine why failures take place and address important ethical issues over its use Divided into two parts the book adopts a thematic approach to the topic guiding the reader through the collection and analysis of information and its use by policymakers before looking at intelligence sharing Lomas and Murphy also explore the important associated activities of counterintelligence and the use of covert action to influence foreign countries and individuals Topics covered include human and signals intelligence the Cuban Missile Crisis intelligence and Stalin Trump and the US intelligence community and the Soviet Bloc This analysis is supplemented by a comprehensive documents section containing newly released documents including material from Edward Snowden s leaks of classified material Supported by images a comprehensive chronology glossary and who s who of key figures Intelligence and Espionage is an invaluable resource for anyone interested in the role of intelligence in policymaking international relations and diplomacy warfighting and politics to the present day

Watching the Jackals Daniela Richterova,2025-01-02 The

untold history of Czechoslovakia's complex relations with Middle Eastern terrorists and revolutionaries during the closing decades of the Cold War. In the 1970s and 1980s Prague became a favorite destination for the world's most prominent terrorists and revolutionaries. They arrived here to seek refuge, enjoy recreation, or hold secret meetings aimed at securing training, arms, and other forms of support. While some were welcome with open arms, others were closely watched and were eventually ousted. *Watching the Jackals* is the untold history of Czechoslovakia's complex relations with Middle Eastern terrorists and revolutionaries during the closing decades of the Cold War. Based on recently declassified intelligence files, Richterova unveils the story of Prague's engagement with various factions of the Palestine Liberation Organization along with some of the era's most infamous terrorists, including Carlos the Jackal, the Munich Olympics massacre commander Abu Daoud, and the Abu Nidal Organization. In this gripping account, Richterova explains why Cold War Jackals gravitated toward Prague and how the country's leaders reacted to their visits, and she uncovers the role Czechoslovakia's security and intelligence apparatus, the StB, played in these at times dangerous liaisons. Drawing on interviews and remarkably detailed records from the former Czechoslovakia, now the Czech Republic and the Slovak Republic, Richterova offers readers interested in the intelligence world a fascinating account of how states use their spies to pursue covert policies with violent nonstate actors. The book also introduces new evidence and nuances into old debates about whether the Communist Bloc supported terrorism.

Internal Security Services in Liberalizing States Joseph L. Derdzinski, 2016-05-23

Among the states that have moved from authoritarianism in the past 15 years, most have not moved beyond the mere procedures of democracy. They remain entrenched in a grey area in which neither authoritarian nor democratic governance has been established, where incomplete transitions to democracy remain the procedural norm. *Internal Security Services in Liberalizing States* is an excellent scholarly resource focusing on democracy and its non-democratic institutions in an era of stalled liberalization. It provides a comparative account of the internal security situations of Morocco and Indonesia and makes a significant contribution to the fields of comparative politics, including comparative democratization, intelligence, and politics, international security, and terrorism, as well as to courses on Morocco, the Maghreb, and the Middle East, Islam, and Indonesia and Asia. The volume covers a considerable range of themes and is a thought-provoking resource for those who recognize the importance of incorporating major institutional actors in the course of political liberalization.

The Oxford Handbook of National Security Intelligence Loch K. Johnson, 2010-03-12

The Oxford Handbook of National Security Intelligence is a state-of-the-art work on intelligence and national security. Edited by Loch Johnson, one of the world's leading authorities on the subject, the handbook examines the topic in full, beginning with an examination of the major theories of intelligence. It then shifts its focus to how intelligence agencies operate, how they collect information from around the world, the problems that come with transforming raw information into credible analysis, and the difficulties in disseminating intelligence to policymakers. It also considers the balance between secrecy and public accountability and the ethical

dilemmas that covert and counterintelligence operations routinely present to intelligence agencies Throughout contributors factor in broader historical and political contexts that are integral to understanding how intelligence agencies function in our information dominated age **Studies in Intelligence** ,2004 **Rising Titans, Falling Giants** Joshua R. Itzkowitz Shiffrinson,2018-09-15 As a rising great power flexes its muscles on the political military scene it must examine how to manage its relationships with states suffering from decline and it has to do so in a careful and strategic manner In *Rising Titans Falling Giants* Joshua R Itzkowitz Shiffrinson focuses on the policies that rising states adopt toward their declining competitors in response to declining states policies and what that means for the relationship between the two *Rising Titans Falling Giants* integrates disparate approaches to realism into a single theoretical framework provides new insight into the sources of cooperation and competition in international relations and offers a new empirical treatment of great power politics at the start and end of the Cold War Shiffrinson challenges the existing historical interpretations of diplomatic history particularly in terms of the United States China relationship Whereas many analysts argue that these two nations are on a collision course Shiffrinson declares instead that rising states often avoid antagonizing those in decline and highlights episodes that suggest the US China relationship may prove to be far less conflict prone than we might expect East Central Europe since 1989 Sabrina P. Ramet,Lavinia Stan,2024-12-12 This groundbreaking treatment of post communist developments in East Central Europe examines politics economics media religious institutions transitional justice gender inequality and literature highlighting the overt functions latent functions and side effects associated with each sphere Communism in East Central Europe had cracks from the beginning as uprisings in East Germany in 1953 and Hungary in 1956 demonstrated But with the establishment of the Independent Trade Union Solidarity in Poland in the Summer of 1980 communism went into steady decline and between 1988 and 1991 crumbled What followed has been an unsteady transition to various forms of often corrupt pluralism with democracy doing best in the Czech Republic with the exception of the years 2017 2021 and Slovenia and worst in Hungary Albania Serbia and Bosnia Herzegovina Drawing on the functionalist theory of Robert K Merton the authors examine what policymakers communist and post communist were or are trying to accomplish the intended and unintended results of these policies and the side effects they have produced This volume will be of interest not only to specialists in East Central Europe but also to graduate and undergraduate students members of the diplomatic corps and general readers *Romania Since 1989* Henry F. Carey,2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania s journey from sultanistic national communism to a yet unreached democratic government **Democratic Control of Intelligence Services** Marina Caparini,2016-05-13 The events of September 11 2001 sharply revived governmental and societal anxieties in many democratic countries concerning the threats posed by terrorism organized crime the proliferation and use of weapons of mass destruction and other complex security threats In many countries public

discourse of subjects traditionally considered part of social policy such as immigration and asylum have been securitized while intelligence services have been granted greater resources and expanded powers This comprehensive volume discusses the various challenges of establishing and maintaining accountable and democratically controlled intelligence services drawing both from states with well established democratic systems and those emerging from authoritarian systems and in transition towards democracy It adopts a multidisciplinary and comparative approach identifying good practices to make security services accountable to society and its democratic representatives The volume will engage both academics and practitioners in the discussion of how to anchor these vital yet inherently difficult to control institutions within a firmly democratic framework As such it has clear relevance for those concerned with the control and oversight of intelligence and security issues in many countries

Bibliographie Internationale de Science Politique, 2002-12 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Reforming Intelligence Thomas C. Bruneau, Steven C. Boraz, 2009-04-20 These days it's rare to pick up a newspaper and not see a story related to intelligence From the investigations of the 9/11 commission to accusations of illegal wiretapping to debates on whether it's acceptable to torture prisoners for information intelligence both accurate and not is driving domestic and foreign policy And yet in part because of its inherently secretive nature intelligence has received very little scholarly study Into this void comes *Reforming Intelligence* a timely collection of case studies written by intelligence experts and sponsored by the Center for Civil Military Relations CCMR at the Naval Postgraduate School that collectively outline the best practices for intelligence services in the United States and other democratic states *Reforming Intelligence* suggests that intelligence is best conceptualized as a subfield of civil military relations and is best compared through institutions The authors examine intelligence practices in the United States United Kingdom and France as well as such developing democracies as Brazil Taiwan Argentina and Russia While there is much more data related to established democracies there are lessons to be learned from states that have created or re-created intelligence institutions in the contemporary political climate In the end reading about the successes of Brazil and Taiwan the failures of Argentina and Russia and the ongoing reforms in the United States yields a handful of hard truths In the murky world of intelligence that's an unqualified achievement

Partners in Crime Ogniwn Shentov, 2004
Slovakia Karen Henderson, 2003-08-29 Since Slovakia achieved independent statehood at the end of 1992 it has become one of the most prosperous post communist states This book provides a unique and thorough introduction to Slovakia and will enable the reader to understand its multi-faceted nature The book includes chapters on Twentieth Century History Politics Economy and International Relations

Women's Life Writing in Post-Communist Romania Simona Mitroiu, 2022-11-07 This book analyzes the impact of abusive regimes of power on women's lives and on their self-expression through close readings of life writing by women in communist Romania In particular it examines the forms of agency and

privacy available to women under totalitarianism and the modes of relationships in which their lives were embedded The self expression and self reflexive processes that are to be found in the body of Romanian women s autobiographical writings this study presents create complex private narratives that underpin the creative development of inclusive memories of the past through shared responsibility and shared agency At the same time however the way these private personal narratives intertwined with collective and official historical narratives exemplifies the multidimensional nature of privacy as well as the radical redefinition of agency in this period This book argues for a broader understanding of the narratives of the communist past one that reflects the complexity of individual and social interactions and allows a deep exploration of the interconnected relations between memory trauma nostalgia agency and privacy

Patriots for Profit Thomas Bruneau, 2011-07-18 This book develops a new approach to the analysis of civil military relations by focusing on the effectiveness of the armed forces in fulfilling roles missions and on their efficiency in terms of cost The approach is applied to the United States using official documents and interviews with policy makers In addition to analyzing the impact of defense reform initiatives over the past thirty years the book includes the recent phenomenon of contracting out security that has resulted in greater numbers of contractors in Iraq and Afghanistan than uniformed military personnel While the book demonstrates that democratic civilian control of the military in the U S is not at issue it reveals that there is little public control over Private Security Contractors due to a combination of the current restricted interpretation of what is an inherently governmental function and limited legal authority This is despite the fact that PSCs have taken on roles and missions that were previously the responsibility of the uniformed military Further despite numerous efforts to redress the problem current political and institutional barriers to reform are not likely to be overcome soon

The New Right in the New Europe Seán Hanley, 2007-08-07 This book considers the emergence of centre right parties in Eastern Europe following the fall of communism focusing primarily on the case of the Czech Republic Although the country with the strongest social democratic traditions in Eastern Europe the Czech Republic also produced the region s strongest and most durable party of the free market right in Vclav Klaus Civic Democratic Party ODS Se n Hanley considers the different varieties of right wing politics that emerged in post communist Europe exploring in particular detail the origins of the Czech neo liberal right tracing its genesis to the reactions of dissidents and technocrats to the collapse of 1960s reform communism He argues that rather than being shaped by distant historical legacies the emergence of centre right parties can best be understood by examining the responses of counter elites outside or marginal to the former communist party state establishment to the collapse of communism and the imperatives of market reform and decommunization This volume goes on to consider the emergence of right wing forces in the disintegrating Civic Forum movement in 1990 the foundation of the ODS the right s period in office under Klaus in 1992 97 and its subsequent divisions and decline It concludes by analyzing the ideology of the Czech Right and its growing euroscepticism

The Engaging World of E-book Books: A Detailed Guide Revealing the Pros of E-book Books: A Realm of Ease and Versatility

E-book books, with their inherent portability and simplicity of availability, have freed readers from the limitations of hardcopy books. Gone are the days of lugging bulky novels or meticulously searching for particular titles in bookstores.
