Euro-Mediterranean Security: A Search for Partnership Sven Biscop, 2017-11-22 This title was first published in 2003 This work provides a clearer understanding of the EU s approach towards security in the Mediterranean After examining the EU s interests and the potential threats to security in the region it analyzes EU security policy towards the region as a whole through the Euro Mediterranean Partnership and towards all disputes and conflicts in the area It recommends opening up the European Security and Defence Policy to Mediterranean participation in order to establish a deep and equitable security

partnership between both shores The book argues that this way the EU could implement its innovative comprehensive and co operative approach to security Rather than focusing on the military aspect alone this approach takes into account all dimensions of security political socio economic cultural and ecological and is based on partnership rather than confrontation It therefore contrasts quite sharply with the policies advocated in the US National Security Strategy
