

A romantic close-up of a man and a woman about to kiss. The man is on the left, shirtless, with a beard and his eyes closed. The woman is on the right, with blonde hair, also with her eyes closed. They are in a very intimate pose, with the man's lips just inches from the woman's. The background is a soft, out-of-focus light, suggesting a bright, sunny day.

Bargen,Murasaki Shikibu,1997-01-01 This text presents an examination of Murasaki Shikibu s 11th century classic *The Tale of Genji* The author explores the role of possessing spirits from a female viewpoint and considers how the male protagonist is central to determining the role of these spirits *French Women Authors* Kelsey L. Haskett,Holly Faith Nelson,2012-10-25 *French Women Authors* examines the importance afforded the spiritual in the lives and works of French women authors over the centuries thereby highlighting both the significance of spiritually informed writings in French literature in general as well as the specific contribution made by women writers Eleven different authors have been selected for this collection representing major literary periods from the medieval to the post modern Each author is examined in the light of a Christian worldview creating an approach which both validates and interrogates the spiritual dimension of the works under consideration At the same time the book as a whole presents a broad perspective on French women writers showing how they reflect or stand in opposition to their times The chronological order of the chapters reveals an evolution in the modes of spirituality expressed by these authors and in the role of spiritual belief or religion in French society over time From the overwhelmingly Christian culture of the Middle Ages and pre Enlightenment France to the wide diversity prevalent in post modern times including the rise of Islam within French borders a radical shift has permeated French society a shift that is reflected in the writers chosen for this book Moreover the sensitivity of women writers to the individual side of

spiritual life in contrast with the practices of organized religion also emerges as a major trend in this book with women often being seen as a voice for social and religious change or for a more meaningful personal faith Lastly despite a blatant rejection of God and religion spiritual threads still run through the works of one of France s most celebrated contemporary writers Marguerite Duras whose cry for an absolute in the midst of a spiritual vacuum only reiterates the quest for transcendence or for some form of spiritual expression as voiced in the works of her female predecessors and contemporaries in France and as demonstrated in this book Published by University of Delaware Press Distributed worldwide by Rutgers University Press
