See Through:

The Incredible Adventures of See Thru Sam Johnny McKnight, 2012-09-24 2013 Critics Award Scotland Best Technical Presentation WINNER 2013 Critics Award Scotland Best Children and Young People's Show NOMINEE Sam McTannan is just a typical 15 year old with one exception Sam is a Superhero He can literally turn See Thru when it suits him only today something is wrong In Superhero comics they would call it a blip Sam's powers are failing him and the people he doesn't want to see him start paying a little bit too much attention The story of an ordinary boy with an extraordinary life A heartbreaking life affirming comedy about life love and being a total loser

The Intimate Way of Zen James Ishmael Ford, 2024-07-23 An intimate mystery encompasses you and tugs upon your heart what does it mean to follow that tug across the arc of a spiritual life Reflecting out of more than fifty years of practice in Zen Buddhism Unitarian Universalism and other contemplative traditions James Ishmael Ford invites us into a journey through life's mysteries and the stages of spiritual development Lightly structured by the archetypal Buddhist oxherding images Ford's exploration is rooted in the Zen way while being deeply enriched by various strains of world mysticism The book sprinkled with insights and quotes from Buddhist Daoist and Christian traditions serves as a map and a companion to spiritual seekers or pilgrims whether within one religious tradition or cobbling together a way of one's own Here is the most natural of all natural experiences writes Ford In the midst of our suffering our longing our desperation we capture a glimpse Something touches us And with that if we are lucky and really notice some movement of some spirit within us we turn our attention to the intimate way

Parallel Thinking Edward de Bono, 2016-07-07 Western thinking is failing because it was not designed to deal with change In this provocative masterpiece of creative thinking Edward de Bono argues for a game changing new way to think For thousands of years we have followed the thinking system designed by the Greek philosophers Socrates Plato and Aristotle based on analysis and argument But if we are to flourish in today's rapidly changing world we need to free our minds of these boxes and embrace a more flexible and nimble model Parallel Thinking is an invaluable insight into the word of creativity de Bono unveils unique methods of brainstorming and explains preconceived ideas of what creativity involves and is This book is not about philosophy it is about the practical and parallel thinking required to get things done in an ever changing world

The Moses Code James F. Twyman, 2008-03-01 Is it possible that nearly 3 500 years ago Moses was given the secret for attracting everything you've ever desired The Moses Code was first used to create some of the greatest miracles in the history of the world but then it was hidden away and only the highest initiates were allowed to practice it In this book James

F Twyman reveals the Code for the first time showing how it can be used to create miracles in your life and in the world By practicing the principles presented within these pages you ll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life At the very heart of the Moses Code is the true function and practice of the Law of Attraction You may have been told that this Law is all about getting the things you want things that you think will make your life more satisfying But what if that s just the first step and cracking the Moses Code depends more on what you re willing to give rather than get That would mean that you have the power to create miracles in your life right now It would also mean that you have the ability even the responsibility to use that power for more than just attracting money a better car or the perfect relationship You re here to use the power of Divinity itself to create a world based on the laws of compassion and peace That s the task that lies before us

Go-To Telescopes Under Suburban Skies Neale Monks,2010-09-14 *Go To Telescopes Under Suburban Skies* is the first book specifically written for amateur astronomers who own or who are about to purchase a computer controlled go to telescope The advantage of the go to capability is enormous the telescope can be aimed at any object in the sky with great speed and accuracy which is why these instruments are so popular Making the realistic assumption that the observer is using a relatively small telescope and is observing from a backyard in a suburban area this book provides literally hundreds more targets beyond those offered by the built in nightly tours that feature on the telescope s computer tours And instead of wasting many pages on maps and coordinates it leads the computer to locate the targets and so has room to suggest many more fascinating deep sky objects and provide detailed observing lists and information about what s being viewed

Fire Vision Steven Harrison,2018-07-17 Within the pages of the Holy Bible the Lord God Almighty used fire in powerful ways to deliver His message His authority became apparent when He brought or sent fire down A few excellent illustrations include Elijah and the prophets of Baal the three young men in the fiery furnace Sodom and Gomorrah and Moses at the burning bush and the tongues of fire on the day of Pentecost Consider also our largest visual source of fire and heat The solar sun eclipses and blood moons are often considered as key events or signs in God s Word Flames entered my apartment in 1992 and left behind four distinct burned images with sealed messages from the eternal consuming fire The amazing images in my bedroom later told the story of my heart attack The Holy Spirit unlocked these images by His Word through time The Cokeville miracle story also has a detailed fire image that was burned into the wall Its message had been well hidden until now Learn the interpretations for these miraculous images and understand that the same Creator who made these images will be returning someday with His fire vision to judge all things The single most important and unanswered question for many people today remains a mystery Ask yourself How will the King of kings see me
