### **Seeds Supporting Women's Work In The Third World:**

*Women, Feminism and Development* Huguette Dagenais, Denise Piché, 1994-06-24 *Women Feminism and Development* illustrates the significance and relevance of work on development carried out from a feminist perspective with a particular focus on the contribution of Canadian researchers and activists. Covering a wide range of themes and concerns, the volume gathers authors from different organizational backgrounds and academic disciplines and includes chapters on such different cultural and geographical areas as China, Malaysia and Thailand, Mexico and the West Indies, Uganda, Malawi and Ghana, and Canadian Inuit and Indian communities. A unity of purpose as well as a call for a fundamental reconceptualization of society emerge from these varied voices. *Women Feminism and Development* is structured to convey a feminist perspective for the construction of theoretical, methodological and political approaches to development, a critical evaluation of the effect of development policies on women's lives and gender relations, and an understanding of the multiple strategies that can lead to the empowerment of women and real development.

**Managing Development** Kathleen Staudt, 1991-04 Roger Ebert is the gold standard for movie critics. And his *Movie Yearbook* has been the go-to source for movie lovers for more than 25 years. Roger Ebert's criticism shows a nearly unequalled grasp of film history and technique and formidable intellectual range. New York Times Pulitzer Prize winning film critic Roger Ebert presents more than 600 full-length critical movie reviews along with interviews, tributes and journal entries inside Roger Ebert's *Movie Yearbook 2013*. It includes every movie review Ebert has written from January 2010 to July 2012. Also included in the Yearbook: In-depth interviews with newsmakers and celebrities; Tributes to those in the film industry who have passed away recently; Essays on the Oscars; reports from the Toronto Film Festival; and entries into Ebert's Little Movie Glossary.

**Chicano Culture, Ecology, Politics** Devon G. Peña, 1999-01-01 Until recently, mainstream American environmentalism has been a predominantly white middle-class movement, essentially ignoring the class, race and gender dimensions of environmental politics. In this provocative collection of original essays, the environmental dimensions of the Chicana/o experience are explicitly expressed and debated. Employing a variety of genres ranging from poetry to autobiography to theoretical and empirical essays, the voices in this collection speak to the most significant issues of environmentalism and social justice, recognizing throughout the need for a pluralism of Chicana/o philosophies. The contributors provide an excellent basis for understanding how multiple Chicana/o views on the environment play out in the context of dominant social, political and economic views. *Chicano Culture, Ecology, Politics* examines a number of Chicana/o ecological perspectives. How can the ethics of reciprocity present in Chicana/o agropastoral life be protected and applied on a broader scale? How can the dominant society, whose economic structure is invested in placeless mobility, take note of the harm caused to land-based cultures, take responsibility for it, and take heed before it is too late? Will the larger society be ecologically housebroken before it destroys its home? Grounded in actual political struggles waged by Chicana/o communities over issues of environmental destruction, cultural genocide and socioeconomic domination, this volume provides

an important series of snapshots of Chicana o history Chicano Culture Ecology Politics illuminates the bridges that exist and must be understood between race ethnicity class gender politics and ecology CONTENTS Part 1 IndoHispano Land Ethics Los Animalitos Culture Ecology and the Politics of Place in the Upper R o Grande Devon G Pe a Social Action Research Bioregionalism and the Upper R o Grande Rub n O Mart nez Notes on Home Land Ethics Ideas Values and the Land Reyes Garc a Part 2 Environmental History and Ecological Politics Ecological Legitimacy and Cultural Essentialism Hispano Grazing in Northern New Mexico Laura Pulido The Capitalist Tool the Lawless and the Violent A Critique of Recent Southwestern Environmental History Devon G Pe a and Rub n O Mart nez Ecofeminism and Chicano Environmental Struggles Bridges across Gender and Race Gwyn Kirk Philosophy Meets Practice A Critique of Ecofeminism through the Voices of Three Chicana Activists Malia Davis Part 3 Alternatives to Destruction The Pasture Poacher a poem Joseph C Gallegos Acequia Tales Stories from a Chicano Centennial Farm Joseph C Gallegos A Gold Mine an Orchard and an Eleventh Commandment Devon G Pe a      *Street Foods* Irene Tinker,1997-03-27 Street foods are sold in almost every country in the world Many urban and rural people depend on them for one or more meals each day This book explores this world of entrepreneurs in developing countries When all of the participants in the delivery are counted including local farmers food processors and street vendors one realizes the enormous size of this industry Research conducted by the authors with vendors local community leaders and public health officials worked not only to collect data but to raise the hygiene of the food that is sold      **Building Sustainable Societies** Dennis Pirages,1996 A collection of articles addressing the issue of whether the industrial model of human progress can be sustained in the long term It asks what the social political economic and environmental implications as well as potential solutions to the problem of resource intensive growth are
