*Encountering Mary* Sandra L. Zimdars-Swartz, 2014-07-14 In the past two centuries hundreds of apparitions of the Virgin Mary have been reported drawing crowds to the seers and the sites and constituting events of great religious significance for millions of people worldwide Here Sandra Zimdars Swartz provides a detective like investigation of the experiences and interpretations of six major apparitions including those at La Salette and Lourdes in France during the mid nineteenth century at Fatima Portugal in 1917 and the more recent ones at San Damiano Italy Garabandal Spain and Medjugorje Yugoslavia where the apparitions continue Adopting a phenomenological approach to these encounters with Mary one that is neither apologetic nor antagonistic the author explores the tension between the personal meaning of the events for their subjects and the public appropriation of this meaning by a larger religious community Along the way she examines the backgrounds of the seers their willingness or reluctance to talk about the apparitions and their messages the amount of emotional support they received from family and community as news of the apparitions spread the reports of miracles at apparition sites the reactions of local authorities and the steps taken by the Roman Catholic Church in officially recognizing or rejecting the apparitions as worthy of belief The author concludes with a survey of religious worldviews based on Marian apparitions focusing especially on the now popular transcultural apocalyptic nature of these messages to the modern world Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 A Chastened Communion Andrew J. Auge, 2013-12-03 A Chastened Communion traces a new path through the well traversed field of modern Irish poetry by revealing how critical engagement with Catholicism shapes the trajectory of the poetic careers of Austin Clarke Patrick Kavanagh John Montague Seamus Heaney Eil an N Chuillean in Paul Durcan and Paula Meehan Underlying their divergent poetic styles and thematic concerns Auge discerns a common pattern He shows how a demythologizing critique of some elemental features of Irish Catholicism the sacraments of confession and the Eucharist the pilgrimages to holy wells and Lough Derg the veneration of the Blessed Virgin the imperative to self sacrifice the narrowly patriarchal nature of the institution elicit for each of these poets a radical reshaping of these traditional religious phenomena Auge provides compelling new readings of major Irish poets and establishes a basis for distinguishing modern Irish poetry from its Anglophone counterparts Poetry, Politics, and the Law in Modern Ireland Adam Hanna, 2022-09-06 Poetry Politics and the Law in Modern Ireland is a richly detailed exploration of how modern Irish poetry has been shaped by and responded to the laws judgments and constitutions of both of the island's jurisdictions Focusing on poets responses in their writing to such

contentious legal issues as partition censorship paramilitarism and the curtailment of women s reproductive and other rights this monograph is the first in the growing field of law and literature to focus exclusively on modern Ireland Hanna unpacks the legal engagements of both major and non canonical poets from every decade between the 1920s and the present day including Rhoda Coghill Austin Clarke Paul Durcan Elaine Feeney Miriam Gamble Seamus Heaney Thomas Kinsella Paula Meehan Julie Morrissy Doireann N Ghr ofa and W B Yeats Poetry from the time of independence onwardhas been shaped by two opposing forces On the one hand the Irish public has traditionally had strong expectations that poets offer a dissenting counter discourse to official sources of law On the other hand poets have more recently expressed skepticism about the ethics of speaking for others and about the adequacy of art in performing a public role Hanna's fascinating study illuminates the poetry that arises from these antithetical modern conditions Our Lady of the Nations Chris Maunder, 2016-02-18 Our Lady of the Nations is a detailed and scholarly overview of the apparitions of Mary in 20th century Catholic Europe Chris Maunder discusses apparitions in general and how they are interpreted in Catholicism by for example Karl Rahner and Benedict XVI The role of women and children as visionaries is considered including issues concerning changing views of gender children's spirituality and the protection of minors He covers cases that are well known and approved by the Church Fatima Beauraing Banneux and Amsterdam others that are well known but not approved such as Garabandal and Medjugorje and many that are neither well known nor approved such as those in Belgian Flanders or Nazi Germany in the 1930s or in France Italy or Germany after the Second World War Resources include academic studies of particular apparitions some Catholic theological and devotional literature and occasionally travel writing There is also coverage of material in French which is not known to the English reader Shrines and visionaries are believed to be indicators of the presence of Mary In the visionary perspective she has appeared in order to reassure her followers and to warn of divine judgement Her messages echo doctrinal Catholic Mariology with some innovations but also express a deep dissatisfaction with the events and trends of the 20th century from communism to Nazism to liberalism and religious indifference While the Marian cult evolves according to new templates for apparitions and developments in Mariology the fundamental message of presence consolation and Homemaking Catherine Wiley, Fiona R. Barnes, 2021-11-18 First published in 1996 The admonition remains constant present volume Homemaking Women Writers and the Politics and Poetics of Home enters the critical discourse on gender by way of two of its most pressing issues the politics of women's locations at the end of the twentieth century and the division of experience into public and private That the emergence of systematic feminist thought in the west coincided with the invention of privatelife should not surprise us Feminist thinkers from Mary Wollstonecrofton were quick to realize that the designation of the public and theprivate male and female was key to the subordination of women **Theatre and Ireland** Fiona Shaw, Lionel Pilkington, 2010-07-30 What is the significance of theatre and performance within Irish culture and history How do we understand the impact and political potential of Irish theatre This innovative survey of theatre in Ireland covers a

range of drama and performance from the 17th century to the present Expanding the field of Irish theatre to include mumming wake games prison protests and theatre riots the book argues that Ireland's longstanding association with performance illuminates key aspects of its cultural history and politics Foreword by Fiona Shaw Irish Women and Cinema Megan Sullivan, 2001 Fantastic Spaces Matthew J. Fee, 2025-08-15 While the connection between Ireland and the otherworldly has long been a staple of literature and the arts it finds its most consistent and compelling expression in the medium of cinema In the first comprehensive scholarly study of the fantastic in Irish film Fantastic Spaces explores how the spatial dimensions of supernatural phenomena in Irish cinema interpret and engage with the dynamic changes that have swept across Ireland over the past four decades Drawing on a wide range of both canonical and lesser known Irish films Matthew I Fee closely examines how the fantastic including a multiplicity of supernatural occurrences and creatures drawn from Irish folklore as well as global popular culture functions to make meaning across a period of profound social political and cultural transformation in Ireland From providing platforms for female agency and interrogating rural heritage and nostalgia to articulating anxieties over modernization and globalization and questioning national identities the fantastic spaces of Irish cinema reveal a sophisticated capacity to grapple with the complexities and contradictions of historical Castles, Follies and Four-Leaf Clovers Rosamund Burton, 2011 St Declan's Way is one of Ireland's best kept secrets Returning to her homeland and to Lismore Castle where her parents once lived Rosamund Burton takes us on a journey that is full of the sorts of surprises that only Ireland can offer Hear Us Out Richard Canning, 2004-01-13 The author of the acclaimed Gay Fiction Speaks brings us new interviews with twelve prominent gay writers who have emerged in the last decade Hear Us Out demonstrates how in recent decades the canon of gay fiction has developed diversified and expanded its audience into the mainstream Readers will recognize names like Michael Cunningham whose Pulitzer Prize winning novel The Hours inspired the hit movie and others like Christopher Bram Bernard Cooper Stephen McCauley and Matthew Stadler These accounts explore the vicissitudes of writing on gay male themes in fiction over the last thirty years prejudices of the literary marketplace social and political questions the impact of AIDS commonalities between gay male and lesbian fiction and even some delectable bits of gossip The Tragedy of Belief John Fulton, 1991 Comprehensive account of the role of religion in the divisions of Ireland North and South beginning with a social and historical survey and proceeding to a thorough cultural and structural analysis of contemporary divisions in the context of Ireland as a whole Marian Apparitions in Ireland Brian Nugent, 2015-03-07 This book seeks to describe and map the numerous Marian apparition sites around Ireland from the late 19th to the end of the 20th century Beginning with an introduction on modern private revelation by Peter Bannister it includes chapters on Louise Lateau Knock Mount Melleray Grotto Ballinspittle Inchigeelagh Denis O Leary Padraig Caughey and much more Goodbye to Catholic Ireland Mary Kenny, 2000 Corporation tax in Northern Ireland Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee. 2011-06-09 The

committee supports the principle of devolving to the Northern Ireland Executive the decision over whether or not to amend the rate of corporation tax and believes this would assist the indigenous private sector to expand innovate and employ more staff The report uses 12 5% as a benchmark for the lower rate of corporation tax but suggests that on the basis that the decision is devolved to the Northern Ireland executive it may in due course choose a lower rate To maximise the benefits of a lower rate though continued progress needs to be made on other economic development policy mechanisms including planning education and incentives for research and development and exporting Low corporation tax is not a panacea for all Northern Ireland s economic ills warns the committee and there are considerable implementation issues direct comparisons with the Republic of Ireland and its experience with 12 5% are difficult because the UK and Irish tax systems are different and the UK Government would have to satisfy the criteria laid down in the Azores judgment for the tax reduction to satisfy EU rules on state aids The committee was surprised to discover HM Treasury do not know how much corporation tax is raised in Northern Ireland It is important that the Northern Ireland Executive has as much information as possible before deciding if and how it wishes to lower the rate and at least a better idea of the amount of financial risk they are taking on Furthermore the benefits of lowering corporation tax must not be outweighed by the costs to businesses and HMRC

<u>Ireland</u> Ireland,One of the Priesthood,1844 Young Ireland ,1876 Ireland and the Reception of the Bible Bradford A. Anderson, Jonathan Kearney, 2018-04-19 Drawing on the work of leading figures in biblical religious historical and cultural studies in Ireland and beyond this volume explores the reception of the Bible in Ireland focusing on the social and cultural dimensions of such use of the Bible This includes the transmission of the Bible and identity formation engagement beyond Ireland and cultural and artistic appropriation of the Bible The chapters collected here are particularly useful and insightful for those researching the use and reception of the Bible as well as those with broader interests in social and cultural dimensions of Irish history and Irish studies The chapters challenge the perception in the minds of many that the Bible is a static book with a fixed place in the world that can be relegated to ecclesial contexts and perhaps academic study Rather as this book shows the role of the Bible in the world is much more complex Nowhere is this clearer than in Ireland with its rich and complex religious cultural and social history This volume examines these very issues highlighting the varied ways in which the Bible has impacted Irish life and society as well as the ways in which the cultural specificity of Ireland has impacted the use and development of the Bible both in Ireland and further afield Culture and Customs of Ireland Margaret Scanlan, 2006-03-30 An overview of the culture and customs of modern day Ireland The future of economic governance in the EU Great Britain: Parliament: House of Lords: European Union Committee, 2011-03-28 Inquiry conducted by Sub committee A Economic and Financial Affairs and International Trade **Ireland's Others** Elizabeth Cullingford, 2001 Ireland's Others is a collection of essays by noted literary and cultural critic Elizabeth Butler Cullingford In this volume Cullingford assesses attempts by Irish writers to reverse hostile colonial stereotypes by creating analogies

between their situations and those of other oppressed people She analyzes the political costs and benefits of these analogies and considers the plight of others within Ireland including women gays travelers and abused children Cullingford illuminates the connection between gender sexuality and national identity by comparing modern Irish literature with contemporary Irish and American popular culture Exploring the work of Boucicault Shaw Friel Jordan McGuinness and others she considers the impact of globalization on Irish culture
