Water from a Deep Well Gerald L. Sittser, 2010-05-21 Gerald L Sittser carves out a new discipline that blends spirituality and Christian history spiritual history He overviews Christian history through the lens of spirituality looking at what we can learn about the spiritual life from various figures and eras

St. Benedict's Toolbox Jane Tomaine, 2015-07-10 In the sixth century when the Roman Empire was breaking apart and politics cultural life and even the Church were in disarray tumultuous times not unlike our own Benedict of Nursia designed what he termed a little rule that showed his monks the way to peace as they learned to prefer Christ above all things The Rule of Benedict offers timeless and practical tools for living this Christ centered life today Revised and expanded 10th anniversary edition Practical down to earth writing style explains the content of the Rule of St Benedict and how to use the practices in daily life Contains historical background to the Rule and a new chapter on relationships and community Includes guide for group use

Finding the Monk Within Edward C. Sellner, 2008 Finding the Monk Within is written with the conviction that lying deep within every person and underlying much of contemporary western and eastern cultures is an ancient memory a vital archetypal energy related to monasticism and its spirituality This book recovers that monastic memory the living presence of the past for those who desire to name and incorporate monastic values values of solitude and silence faith and compassion friendship and mentoring contemplation and leadership itself The author examines the social and religious dimensions in the fourth century that gave rise to monasticism then looks at Christian leaders from late antiquity to the medieval period associated with monasticism in both East and West who have much to teach about monastic values and their relevance for today among them Antony the first monk Augustine and Jerome John Cassian Brigit of Kildare and early Celtic monasticism Gregory the Great Benedict and Scholastica and finally Bernard of Clairvaux By studying the history of monasticism and its great heroes we come to realize that for the Christian much of what we call monastic is purely and simply what being a follower of Christ is all about and that being a monk whether inside monastic enclosures or outside in the world is simply becoming the sort of person everyone ought to be a person who unites action and contemplation in the care of souls writes the author By becoming familiar with the stories and thought of these inspirational figures readers will be inspired to incorporate monastic perspectives and values into their own lives

The Bloomsbury Guide to Christian Spirituality Peter Tyler, Richard Woods, 2012-08-30 A scholarly yet

accessible introduction to Christian Spirituality What is Christian Spirituality How does it relate to non Christian traditions Where does it arise from and where is it going These are some of the key questions addressed in this innovative new guide from Bloomsbury The Bloomsbury Guide to Christian Spirituality is written by foremost academics in their fields who distill their knowledge for a wide intelligent audience They do this with huge skill and attention to the needs of modern readers Appealing equally to those studying the tradition for religious formation or those wishing to acquaint themselves with this fascinating subject this guide is destined to become an essential text in the field *Encyclopedia of Monasticism* William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture **Path of the Purified Heart** Laura Dunham, 2012-02-01 Path of the Purified Heart traces the classic Christian spiritual journey toward transformation into the likeness of Christ in a unique fascinating way Drawing on the voices of wise elders from the past and present Dunham illumines the common path all Christians and spiritual seekers may take toward union with God Through the motifs of the liturgical year and the labyrinth the author weaves in her own journey on this path during her year of purification *An Analysis of St. Benedict's The Rule of St. Benedict* Benjamin Laird, 2017-07-05 The Rule of St Benedict written around 1500 years ago by the Italian monk St Benedict of Nursia is a slim handbook for monastic life a subject many modern readers would regard as relatively niche It is however also a model of the organized and clearly expressed thought produced by good reasoning skills a mainstay of critical thinking Reasoning is all about making a good case for something through logical arguments neatly and systematically organised In Benedict s case his main concern was to lay out a set of rules and practices that would allow monasteries to run as well organised communities Communal living presented huge challenges and yet it was also Benedict believed the best way for monks to sustain themselves their religion and the learning and teaching that went with it His Rule laid out concise but detailed chapters on the best way to achieve this including provisions for all areas of personal and communal discipline right down to how tasks might be allotted to individual monks Providing a complete roadmap for successfully running a community the concise brilliance of The Rule has even been suggested by some business professors as useful model for running small businesses today Noticing God Richard Peace, 2012-04-13 Richard Peace unpacks what it means to make a conscious practice of noticing God in daily life He explores the various ways people

experience and recognize God's presence in mystical encounters ordinary life our hearts through other people through Scripture nature and the church God is present in our world You can encounter him Here's how Wisdom From the Margins William G. Britton, 2018-05-16 Henri Nouwen wisely said The great illusion of leadership is to think that man can be led out of the desert by someone who has never been there Jesus has been there and knows how to lead us out but first he just may lead us in He meets us in the desert and does his best work in us there We look for an easier way in vain I myself reluctantly entered the desert and eventually received unimagined gifts there gifts I didn't ask for deserve or want gifts hidden in such painful loss that I despaired and yet looking back now these desert gifts were the best thing that ever happened to me I entered the desert and years later found my way out It's not a new way it was just new to me Jewish and Christian sages had been living it for thousands of years Somehow in recent generations we managed to forget it In this collection I mean to begin to make those riches available to you I'm hoping that like me you'll discover something that you didn't know you wanted or needed and something now you wouldn't give up at any price **The Divine Embrace** Robert E. Webber, 2006-10 What is true Christian spirituality Rediscover spirituality's biblical roots and how you can live out your response to God's story today *Words and Witnesses* Naaman K. Wood, 2022-05-03 How should Christians address specific problems controversies and crises in communication today By looking at influential Christian thinkers throughout history we can identify wisdom that enriches us today in practical ways Words and Witnesses explores various influential Christian thinkers and theologians from across church history in order to expand our contemporary conversations in communication studies and media theory Individual chapters written by contributing scholars focus on major Christian thinkers starting with Athanasius St Augustine and John Chrysostom moving through the Middle Ages to address figures such as Anselm Nicholas of Cusa Teresa of Lisieux and arriving in the present with reflections on the work of John Howard Yoder C S Lewis Martin Luther King Jr Abraham Kuyper and Desmond Tutu among others Each chapter delves into how the contemporary church and scholars of media can turn to these influential Christian thinkers as resources for addressing specific problems in communication today By analyzing church practices doctrine and biblical texts this book provides the church with resources and inspiration to communicate in distinctly Christian ways **Encyclopedia of Monasticism: A-L** William M. Johnston, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informal company *Living the Way of Love* Mary Bea Sullivan, 2019-01-17 Reflections follow the practices of The Way of Love Turn Learn Pray Worship Bless Go Rest Living the Way of Love offers forty brief reflections about the seven Jesus-centered practices identified by Presiding Bishop Michael Curry in The Way of Love initiative Sullivan tells stories from her own and others' experiences as a starting point for discussion about how to seek and find a deeper connection to God Rotating through each practice so that each is covered once a week going deeper into the practice throughout the forty days each reflection ends with questions designed to spur further discussion and assist readers in making the practices their own Perfect for using as a Lenten devotional or at
