Transactions and Proceedings of the American Philological Association American Philological Association, 1915 **A Student's History of English Literature** William Edward Simonds, 1902 *Between Medieval Men* David Clark, 2009-02-26 *Between Medieval Men* argues for the importance of synoptically examining the whole range of same sex relations in the Anglo Saxon period revisiting well known texts and issues as well as material often considered marginal from a radically different perspective The introductory chapters first lay out the premises underlying the book and its critical context then emphasise the need to avoid modern cultural assumptions about both male female and male male relationships and underline the paramount place of homosocial bonds in Old English literature Part II then investigates the construction of and attitudes to same sex acts and identities in ethnographic penitential and theological texts ranging widely throughout the Old English corpus and drawing on Classical Medieval Latin and Old Norse material Part III expands the focus to homosocial bonds in Old English literature in order to explore the range of associations for same sex intimacy and their representation in literary texts such as *Genesis A* *Beowulf* *The Battle of Maldon* *The Dream of the Rood* *The Phoenix* and *lfric's Lives of Saints*

During the course of the book's argument David Clark uncovers several under researched issues and suggests fruitful approaches for their investigation. He concludes that in omitting to ask certain questions of Anglo Saxon material in being too willing to accept the status quo indicated by the extant corpus in uncritically importing invisible because normative heterosexist assumptions in our reading we risk misrepresenting the diversity and complexity that a more nuanced approach to issues of gender and sexuality suggests may be more genuinely characteristic of the period. *Illinois English Bulletin*

Covering the poems Juliana Christ Elene and Fates of the Apostles which have been signed by Cynewulf and Andreas Guthlac Phoenix Dream of the Rood and Riddles that have been assigned to Cynewulf by experts from the field the author provides accompanying historical reference points to provide focus and context for the writings.

New Readings in the Vercelli Book Samantha Zacher,Andy Orchard,2009-12-15 The late tenth century Vercelli Book Vercelli Biblioteca Capitolare CXVII contains one of the earliest surviving collections of homilies and poetry in the English language. The manuscript's combination of poetry and homiletic prose has generated intense scholarly debate and there is no consensus concerning the original purpose of the compiler. New Readings in the Vercelli Book addresses central questions concerning the manuscript's intended use, mode of compilation and purpose and offers a variety of approaches on such topics as orthography, style, genre, theme and source study. The contributors include some of the foremost Vercelli experts as well as the two most recent editors of the homilies. The remarkable essays in this volume offer the first sustained literary analysis of both the poetry and prose texts of the Vercelli Book, providing important new perspectives on a dynamic and valuable historical document. **Annual Bibliography of English Language and Literature** ,1924 Includes both books and articles.
