Paul Peter, 1995 Case Studies in Strategic Management Gunther Friedl, Andreas Biagosch, 2018-09-08 Most business schools use case studies in their courses However these are typically based on past cases and assigned to students to solve This book describes a new approach for teaching with case studies which was developed and applied successfully at TUM School of Management In this approach student teams write and solve their own case study on a topic concerning current and future businesses A case can thus be on their own startup or a strategic decision of existing companies During the course the students receive intensive coaching while selecting and developing the case topic by the course advisors as well as feedback by industry experts and executives for whom the case is actually a burning question The authors present 17 cases covering strategic questions for startups and technology companies such as Deutsche Post BMW Ryanair Lufthansa Stadtwerke München Fielmann adidas Siemens Caribou Biosciences eon Airbus Unicredit and UBS *Case Enrichment Portfolio for Selected Cases in Strategic Management* Samuel C.
