This book takes the view that Christian truth is the basis for all answers to social issues and that there are not two opposing but equal answers within Christian truth that are equally valid and equally acceptable to God Any so called truth or right that circumvents or undercuts the required sacrifices disciplines and self denial demanded by God in any given social or moral issue ceases to be truth ceases to be right the moment it becomes a force unto itself outside of or independent of the Scripturally required obedience Human history has shown over the millennia that when the letter and spirit of God s laws are not obeyed the truth is abused nations become confused and people are used Many of our political and social issues are rooted in our misplaced belief that tolerance inclusion equal respect for unequal truth and live and let live is the way to greater peace and prosperity They are all wrong Each individual government and nation is judged by their response to Christ The Christian nation or one which ascribes to being one is tasked to set the Christian standard as every nation s point of reference It is the Christian s duty to show that the valid rule of God s law the letter of God s law and the spirit of God s law are superior to any other alternative standard The biggest obstacle to Christianity today is the undisciplined misinformed and unfaithful lifestyles of professing Christians The Church has become so indoctrinated in its aversion to any form of discrimination that it has placed a higher priority on keeping the peace by compromising than by keeping the truth by discriminating By accepting a false peace and rejecting a hard truth that resists compromise it begets neither peace nor truth Christian Science Sentinel , 1907 **Congressional Record** United States. Congress, 1959 **The 7 Secrets to the Meaning of Life** Olly Bell, 2021-08-26 Do you ever have that feeling that you are not doing enough with your life Like there is something always missing or lacking but you can t put a finger on it Many individuals have this thought on an almost daily basis They are exhausted from the monotonous and tedious nature of life They spend hours sitting in a cubicle all day or are at home doing daily chores when they are overwhelmed by this feeling of nothingness They feel like they are wasting their lives There is no value or satisfaction that comes from it A meaning in life is therefore important Not just for your mental health but also emotional You have every right to feel like the work you do is valuable and meaningful You have every right to feel like you are contributing to society in a positive and fulfilling way However when these individuals try to seek their true calling in life they are barred by many personal struggles like lack of confidence belief in themselves and their abilities poor self esteem and self acceptance They want to do the right thing but don t know where to cultivate all these qualities in themselves In *The 7 Secrets to the Meaning of Life* we explore the many struggles these individuals face and how they can overcome them We talk about how they can become self sustained self reliant and believe in themselves This book guides readers about how they can set goals find a purpose in their lives by looking at what drives them and how they can
