Doing Research Projects in Marketing, Management and Consumer Research Chris Hackley, 2003-09-02 As interpretive research perspectives become increasingly influential in the social sciences so it becomes increasingly important for experienced researchers to familiarize themselves with the philosophical perspectives data gathering techniques and analytical methods derived from interpretive research Examining these interpretive traditions this informative book illustrates how they can be applied to research projects for first time researchers in the fields of management marketing and consumer research Topics covered include choosing the topic gathering qualitative data for interpretation themes and concepts of interpretive research semiotics marketing and consumer research In offering practical examples drawn from existing studies and suggesting new topics for consideration this book brings together major themes of interpretive research within a valuable practical guide Suitable both for first time researchers and those with more experience this is an ideal guide for anyone undertaking research in this area of study

Museum Management and Marketing Richard Sandell, Robert R. Janes, 2007-04-11 Drawing together a selection of high quality intellectually robust and stimulating articles on both theoretical and practice based developments in the field this Reader investigates the closely linked areas of management and marketing in the museum The articles from established and world renowned contributors practitioners and writers at the leading edge of their fields deal with the museum context of management and how marketing and management practices must take account of the specifics of the museum and the not for profit ethos Key writings from

broader literature are included and the collection of key writings on the investigation and study of management and marketing in the museum are of great benefit not only to those studying the subject but also to professionals working and developing within the field **Australian National Bibliography: 1992** National Library of Australia,1988

Hospitality Marketing Dogan Gursoy,Francis Buttle,David Bowie,2022-08-15 Hospitality Marketing is an introductory textbook which shows readers how to apply the principles of marketing within the hospitality industry The fourth edition contains examples and case studies exemplifying how ideas and concepts discussed within its chapters can be successfully applied to a real life work situation with an emphasis throughout on topical issues such as sustainable marketing corporate social responsibility and relationship marketing It also describes the impact that the Internet has had on both marketing and hospitality using a variety of tools including a wide range of Internet learning activities This fourth edition has been updated to include New content on social media marketing user generated content group buying behaviour franchising internationalization non predictable factors affecting sales and marketing such as COVID 19 the role of marketing in creating a competitive advantage and the role of events and experiences in marketing New extensive exploration of the role of technology in marketing including the use of artificial intelligence service robots and the metaverse to develop and deliver service and or to measure customer experience Updated online resources including a PowerPoint deck a test bank of questions and added links to YouTube and Instagram content New updated international case studies including many more from Asian and African destinations This book is written specifically for students taking marketing modules within hospitality courses and is a valuable resource to promote learning **Events Marketing Management** Ivna Reic,2016-09-19 This textbook provides students with an essential introduction to the theoretical underpinnings and practicalities of managing the marketing of events In order to market events effectively it is vital to consider marketing of events from the organiser s perspective and to link it to that of the consumers attending events As such this is the first book on the topic which reflects the unique characteristics of marketing in the Events industry by exploring both sides of the marketing coin the supply and the demand in the specific context of events The book takes the reader from core marketing mix principles to exploring the event marketing landscape to consumer experience and involvement with event marketing and finally strategies and tactics employed to manage the marketing activities related to events The use of technology importance of sponsorship and PR are also considered International case studies are integrated throughout to show practical realities of marketing and managing events and a range of useful learning aids are incorporated to aid navigation throughout the book spur critical thinking and further students knowledge This accessible and comprehensive account of Events Marketing and Management is essential reading for all students and future managers **Strategic Marketing Management: Theory and Practice** Alexander Chernev,2019-01-01 Strategic Marketing Management Theory and Practice offers a systematic overview of the fundamentals of marketing theory defines the key principles of marketing management and presents a value based framework for

developing viable market offerings The theory presented stems from the view of marketing as a value creation process that is central to any business enterprise The discussion of marketing theory is complemented by a set of practical tools that enable managers to apply the knowledge contained in the generalized frameworks to specific business problems and market opportunities The information on marketing theory and practice contained in this book is organized into eight major parts The first part defines the essence of marketing as a business discipline and outlines an overarching framework for marketing management that serves as the organizing principle for the information presented in the rest of the book Specifically we discuss the role of marketing management as a value creation process the essentials of marketing strategy and tactics as the key components of a company s business model and the process of developing an actionable marketing plan Part Two focuses on understanding the market in which a company operates Specifically we examine how consumers make choices and outline the main steps in the customer decision journey that lead to the purchase of a company s offerings We further discuss the ways in which companies conduct market research to gather market insights in order to make informed decisions and develop viable courses of action Part Three covers issues pertaining to the development of a marketing strategy that will guide the company s tactical activities Here we focus on three fundamental aspects of a company s marketing strategy the identification of target customers the development of a customer value proposition and the development of a value proposition for the company and its collaborators The discussion of the strategic aspects of marketing management includes an in depth analysis of the key principles of creating market value in a competitive context The next three parts of the book focus on the marketing tactics viewed as a process of designing communicating and delivering value Part Four describes how companies design their offerings and specifically how they develop key aspects of their products services brands prices and incentives In Part Five we address the ways in which companies manage their marketing communication and the role of personal selling as a means of persuading customers to choose purchase and use a company s offerings Part Six explores the role of distribution channels in delivering the company s offerings to target customers by examining the value delivery process both from a manufacturer s and a retailer s point of view The seventh part of the book focuses on the ways in which companies manage growth Specifically we discuss strategies used by companies to gain and defend market position and in this context address the issues of pioneering advantage managing sales growth and managing product lines We further address the process of developing new market offerings and the ways in which companies manage the relationship with their customers The final part of this book presents a set of tools that illustrate the practical application of marketing theory Specifically Part Eight delineates two workbooks a workbook for segmenting the market and identifying target customers and a workbook for developing the strategic and tactical components of a company s business model This part also contains examples of two marketing plans one dealing with the launch of a new offering and the other focused on managing an existing offering

Qualitative Research in Marketing and Management Chris Hackley, 2024-12-17 This is a practical

and accessible introduction to interpretive methods for doing qualitative marketing and management research projects Bringing together concepts of qualitative research from ethnography digital ethnography phenomenology assemblage theory critical discourse analysis semiotics literary analysis practice theory postmodernism poststructuralism and other areas it has a uniquely pragmatic approach The book bridges the gap between advanced specialised books on research traditions with more general introductory business research books The first half of the book considers the practicalities of research and writing a research project including the craft of academic writing the critical literature review the role of the independent research project as part of university courses suggested projected structures standards of academic scholarship and the main techniques for gathering qualitative data The book s second half deals with abstract concepts and advanced theory by looking at key theoretical traditions that guide the interpretation of qualitative data This third edition has been fully updated to include new examples insights from recent research and an improved pedagogy for logic and clarity throughout as well as more graphics diagrams chapter summaries and exercises to aid understanding It is perfect for advanced undergraduate and postgraduate students of Marketing Management Consumer Behaviour and Research Methods Online resources include PowerPoint lecture slides
