**Cult Controversies** James A. Beckford,1985     Marx and Marxism Peter Worsley,2002 Karl Marx probably had more influence on the political course of the last century than any other social thinker There are many different kinds of Marxism and the Twentieth Century saw two huge Marxist states in total opposition to one another In the West Marxism has never presented a revolutionary threat to the established order though it has taken root as the major theoretical critique of capitalist society in intellectual circles and new interpretations of Marx s thought appear each year Peter Worsley discusses all these major varieties of Marxism distinguishing between those ideas which remain valid those which are contestable and those which should now be discarded Rather than treating Marxism purely as a philosophy in the abstract he concentrates upon the uses to which Marxism has been put and emphasises the connections between the theoretical debates and political struggles in the real world     New Society ,1986     **New Socialist** ,1981     **The Bookseller** ,1982     *Marxism Today* ,1982     *New Statesman and Nation* ,1982     **Religious Books and Serials in Print** ,1982     *The History and Nature of Sociological Theory* Daniel W. Rossides,1978     *New Left Review* ,1979     **Sociological Theory** David Ashley,David Michael Orenstein,2005 This text provides a comprehensive examination of classical sociological theory by introducing students to the life times and ideas of the figures who have had the greatest influence on the development of the field Each chapter focuses on one theorist and his ideas organized into a social and historical perspective Students will enjoy reading the background information on each theorist covered in the book These include such interesting highlights as Comte s days in military school the death of Durkheim s son in World War I Spencer s inability to commit to marriage and Hegel s illegitimate son Taking a critical and reflexive approach the text also discusses how classical theory affects sociology today

**Subject Guide to Books in Print** ,1993     **The Classical Marxist Critiques of Religion: Marx, Engels, Lenin, Kautsky** D.B. McKown,2012-12-06 In view of the enormous number of works on Marxism in general and in light of the many books and articles touching on the relationship of Marxism to religion in particular it may fairly be asked why yet another such work should be produced My reply is that in eliciting answers to the kinds of questions posed by the methodology I have used it was necessary to go to the primary sources almost exclusively This is not to bemoan a sad fate but to affirm that there are notable deficiencies in the secondary sources relevant to my topic By way of general indictment I contend that the major difficulty with existing studies of the Marxist critique of religion is that their authors whether expositors or critics have failed both to specify their own presuppositions concerning religion and to approach the subject with an adequate comprehension of its many dimensions Since in most cases the reader is equally unprepared anthropologically sociologically psychologically and historically for clear and informed thought in this vast and nebulous area the result has been widespread confusion As if this were not enough numerous writers with little more than polemical interests have compounded the confusion by failing to distinguish between religion in general and their own brands of faith in particular Others have not discriminated between the

concepts of metaphysics and the supernatural items of religious belief      **The Jewish Journal of Sociology** ,1970

**Marxism and Urban Culture** Benjamin Fraser,2014-04-24 Marxism and Urban Culture is the first volume to reconcile social science and humanities perspectives on culture Covering a range of global cities Bologna Buenos Aires Guatemala City Liverpool London Los Angeles Madrid Mahalla al Kubra Mexico City Montreal Osaka Strasbourg Vienna the contributions fuse political and theoretical concerns with analyses of urban cultural practices and historical movements as well as urban themed literary and filmic art Conceived as a response to the persistent rift between disciplinary Marxist approaches to culture this book prioritizes the urban problematic and builds implicitly and explicitly on work by numerous thinkers not only Karl Marx but also David Harvey Henri Lefebvre Friedrich Engels and Antonio Gramsci among others Rather than reanimate reductive views either of Marx or of urban theory the chapters in Marxism and Urban Culture speak broadly to the interdisciplinary connections that are increasingly the concern of cultural scholars working across and beyond the boundaries of geography sociology history political science language and literature fields film studies and more A foreword written by Andy Merrifield the author of Metromarxism and an introduction by Benjamin Fraser the author of Henri Lefebvre and the Spanish Urban Experience situate the book s chapters firmly in interdisciplinary terrain      **The British National Bibliography** Arthur James Wells,1968      Spokesman ,1972      **Handbook of Political Science Methods** G. David Garson,1971      **Trotskyism, the Marxism of Today** Tom Kemp,1983      American Book Publishing Record Cumulative, 1950-1977 R.R. Bowker Company. Department of Bibliography,1978
