Mohammed And The Rise Of Islam:

Mohammed and the Rise of Islam David S. Margoliouth, 2010-01-01 This classic biography is not a religious text designed to either celebrate or denigrate Islam It looks at Mohammed as a towering figure of culture and politics a man who achieved the extraordinary uniting disparate Arab tribes into a more cohesive whole This book remains an important work for anyone wishing to understand the roots of one of the most intractable sociopolitical divides between East and West Muslim and Christian still haunting the world today Author David S Margoliouth 1858 1940 a professor of Arabic at Oxford University worked from primary Arabic texts and omitted all anecdotes that are obviously or most probably fabulous resulting in a clear headed history of a highly contentious moment in time
