Moses Of The New World:

Moses of the New World Samuel James Lee, 1970 **Singermann** Myron Brinig, 1929 **Eulogy for America** Boyd Hanes, 2016-03-22 I live in North Carolina with my lovely wife of 27 years Sandy I am retired from AT T During my tenure with AT T I was president of CWA local union for three years I also did voluntary work with several Charities and was chairman of the United Cerebral Palsy Telethon for two years for the district of Winston Salem North Carolina Over the years I have been very active in our churches holding many positions I did much voluntary work such as giving out Bibles building free homes for the poor in the mountains of Kentucky build a church etc I am an avid Bible enthusiast and author of the book *Misconceptions of the Bible* being preached I believe the most significant thing in your life is to live by the teachings of the New Testament The reason I am writing this book is of a deep fearful conviction America is all but lost to the evils of the liberal Democrats They are as a cancer eating away Americas moral values and Gods word America must wake up America must wake to this evil or God will surely pour out His wrath upon our Nation The Black Calhouns Gail Lumet Buckley, 2016-02-02 A history cum memoir by Lena Horne s daughter tells the story of her forebears eloquently conveys how politics and prejudice can shape a family The New Yorker In *The Black Calhouns* Gail Lumet Buckley daughter of actress Lena Horne delves deep into her family history detailing the experiences of an extraordinary African American family from Civil War to Civil Rights Beginning with her great great grandfather Moses Calhoun a house slave who used the rare advantage of his education to become a successful businessman in post war Atlanta Buckley follows her family s two branches one that stayed in the South and the other that settled in Brooklyn Through the lens of her relatives momentous lives Buckley examines major events throughout American history From Atlanta during Reconstruction and the rise of Jim Crow to New York City during the Harlem Renaissance and then from World War II to the Civil Rights Movement this ambitious brilliant family witnessed and participated in the most crucial events of the nineteenth and twentieth centuries Combining personal and national history *The Black Calhouns* is a unique and vibrant portrait of six generations during dynamic times of struggle and triumph The challenge of reviewing extraordinary books is that they leave one grasping for words The book s ultimate magic derives from the way the history of black America can be viewed through their story The Boston Globe *Terrortimes, Terrorscapes* Volker Benkert, Michael Mayer, 2022-09-15 *Terrortimes Terrorscapes Continuities of Space Time and Memory in Twentieth Century War and Genocide* investigates interconnections between space and violence throughout the twentieth century and how such connections informed collective memory The interdisciplinary volume shows how entangled notions of time and space amplified by memory narratives led to continuities of violence across different conflicts creating terrortimes and terrorscapes in their wake The volume examines such continuities of violence with the help of an analytical framework built around different themes Its first part spatial and temporal continuities of violence looks at contested spaces and ideas of national ethnic or religious homogeneity that are

often at the heart of prolonged conflicts The second part on states and actors addresses the role of states as enablers of violence asymmetric power dynamics and the connection between imperialism and genocide in Africa Imagination and emotion the focus of the third part explores utopian visions and their limits that instigate or hinder and the mobilization of emotion through propaganda Finally the fourth part shows how the recollection of the past sometimes triggers new terrortimes Departing from an understanding of violence limited to certain areas and time frames this volume describes continuities of violence as overlapping fabrics woven together from notions of space time and memory

From the Fords of the Jordan to the Plain of Shinar Albert Peter Krueger, 2016-08-02 The threat of apocalypse is meat for the

postmodern world The possibility that it will happen is a hook for book buyers and moviegoers throughout the Western world But what is it that happens in the apocalypse The Rev Albert Krueger challenges the standard view of apocalypse in *From the Fords of the Jordan to the Plain of Shinar* by seeing the Bible through a different frame of reference the notion that apocalypse is the leaven which gives rise to the canon of the Old Testament and the conclusive testimony of the New He brings the fruit of a lifetime of preaching the Gospel studying the scriptures and the practicing the art of philosophical reflection to this radical new approach Giving credence to both the valid discoveries of modern research and the consistency of the biblical message as a whole Krueger demonstrates that apocalypse is an idea and an experience as well as an expectation It is the governing principle of a way of life Krueger s style of writing is part anecdote part historical narrative and part Bible study During his journey from Ezekiel to Paul he encourages the reader to ask new and biblically informed questions regarding contemporary Christian assumptions expectations and hopes in the world today These questions emerge through a reformatting of the text which reveals a fourfold overlay of biblical worlds rather than the standard linear progression from the moment of creation to the advent of doom While *From the Fords of the Jordan to the Plain of Shinar* is a stand alone work a follow up work is in the hopper In this sequel Krueger intends to consider the apocalyptic idea to be the hidden organizing principle of Western civilization Just as the question of what happens in apocalypse needs to be addressed so does the question of what ends when a world ends

Remembering Biblical Figures in the Late Persian and Early Hellenistic Periods Diana V. Edelman, Ehud Ben Zvi, 2013-08-29 Social memory studies offer an under utilised lens through which to approach the texts of the Hebrew Bible In this volume the range of associations and symbolic values evoked by twenty one characters representing ancestors and founders kings female characters and prophets are explored by a group of international scholars The presumed social settings when most of the books comprising the TANAK had come into existence and were being read together as an emerging authoritative corpus are the late Persian and early Hellenistic periods It is in this context then that we can profitably explore the symbolic values and networks of meanings that biblical figures encoded for the religious community of Israel in these eras drawing on our limited knowledge of issues and life in Yehud and Judean diasporic communities in these periods This is the first period when scholars can plausibly try to understand the mnemonic effects of these texts which were understood to encode the collective experience members of the community providing them with a common identity by offering a sense of shared past while defining aspirations for the future The introduction and the concluding essay focus on theoretical and methodological issues that arise from analysing the Hebrew Bible in the framework of memory studies The individual character studies as a group provide a kaleidoscopic view of the potentialities of using a social memory approach in Biblical Studies with the essay on Cyrus written by a classicist in order to provide an enriching perspective on how one biblical figure was construed in Greek social memory for comparative purposes
