**the Womb** Tiffany D. Connelly, 2013-06-12 For most of my life the word mother had been a doubled edged sword When I was nine years old my mother was diagnosed with schizophrenia This monster of a disease robbed my family of their mother and my mother of her family Many years later when I married at age twenty three I started an unexpected and deeply painful journey through infertility I found myself in a place where few could ever begin to understand my pain and loss As I struggled to have a family of my own I began to reflect back on the loss of my own mother to mental illness This book is dedicated to my mother Susan In writing this I hope to share the tragic yet beautiful story of her life and to shed some light on the devastating effects schizophrenia has on families
