Pacific Air Combat Wwii Voices From The Past:

The Last Mission Jim Smith, Malcolm McConnell, 2007-12-18 A gripping account of the final American bombing mission of World War II and how it prevented a military coup that would have kept Japan in the war How close did the Japanese come to not surrendering to Allied forces on August 15 1945 The Last Mission explores this question through two previously neglected strands of late World War II history whose very interconnections could have caused a harrowing shift in the course of the postwar world On the final night of the war as Emperor Hirohito recorded a message of surrender for the Japanese people a band of Japanese rebels commanded by War Minister Anami s elite staff burst into the palace They had plotted a massive coup that aimed to destroy the recordings of the Imperial Rescript of surrender and issue false orders forged with the Emperor s seal commanding the widely dispersed Japanese military to continue the war If this rebellion had succeeded the military would have proceeded with large scale kamikaze attacks on Allied forces costing huge casualties and just possibly provoking the Americans to drop a third atomic bomb on Japan over Tokyo and continue to drop more bombs as Japanese resistance stiffened Meanwhile in the midst of an end of war celebration on Guam Air Force radio operator Jim Smith and his fellow crewmen received urgent orders for a bombing mission over Japan s sole remaining oil refinery north of Tokyo As a stream of American B 29B bombers approached Tokyo Japanese air defenses fearing the approaching planes signaled the threat of a third atomic bomb ordered a total blackout in Tokyo and the Imperial Palace completely disrupting the rebels plans Smith and his fellow crewmembers completed the mission and a few hours later the Emperor announced the surrender over Japan s airwaves dictating the end of the war The Last Mission is an insightful piece of speculative investigation that combines narrative storytelling with historical contingency and explores how two seemingly unrelated events could have profoundly changed the course of modern history

The Last Mission Malcolm McConnell, 2024-04-29 How close did the Japanese come to not surrendering to Allied forces on August 15 1945 The Last Mission explores this question through two previously neglected strands of late World War II history whose very interconnections could have caused a harrowing shift in the course of the postwar world On the final night of the war as Emperor Hirohito recorded a message of surrender for the Japanese people a band of Japanese rebels commanded by War Minister Anami s elite staff burst into the palace They had plotted a massive coup that aimed to destroy the recordings of the Imperial Rescript of surrender and issue false orders forged with the Emperor s seal commanding the widely dispersed Japanese military to continue the war If this rebellion had succeeded the military would have proceeded with large scale kamikaze attacks on Allied forces costing huge casualties and just possibly provoking the Americans to drop a third atomic bomb on Japan over Tokyo and continue to drop more bombs as Japanese resistance stiffened

fights and smuggling runs of his youth to his fiery days as a pioneering naval aviator Paul Irving Pappy Gunn played by his own set of rules and always survived on his wits and fists But when he fell for a conservative Southern belle her love transformed him from a wild and reckless airman to a cunning entrepreneur whose homespun engineering brilliance helped launch one of the first airlines in Asia Pappy was drafted into MacArthur's air force when war came to the Philippines and while he carried out a top secret mission to Australia the Japanese seized his family Separated from his beloved wife Polly and their four children Pappy reverted to his lawless ways He carried out rescue missions with an almost suicidal desperation Even after he was shot down twice and forced to withdraw to Australia he waged a one man war against his many enemies including the American high command and the Japanese and fought to return to the Philippines to find his family Without adequate planes supplies or tactics the U S Army Air Force suffered crushing defeats by the Japanese in the Pacific Over the course of his three year quest to find his family Pappy became the renegade who changed all that With a brace of pistols and small band of loyal followers he robbed supply dumps stole aircraft invented new weapons and modified bombers to hit harder fly farther and deliver more destruction than anything yet seen in the air When Pappy's modified planes were finally unleashed during the Battle of the Bismarck Sea the United States scored one of the most decisive victories of World War II Taking readers from the blistering skies of the Pacific to the jungles of New Guinea and the Philippines to one of the war's most notorious prison camps Indestructible traces one man's bare knuckle journey to free the people he loved and the aerial revolution he sparked that continues to resonate across America's modern battlefields **Deadly Sky** John C.
