Pacific Islands Portraits:

Pacific Islands Portraits James Wightman Davidson, Deryck Scarr, 1970 [More Pacific Islands Portraits](#) D. Scarr, 1979-01-01 *More Pacific Islands Portraits* Deryck Scarr, 1978 Collection of 13 essays about people who lived in the Pacific Islands during the past 150 years [Watriama and Co](#) Hugh Laracy, 2005 *Watriama and Co* Hugh Laracy, 2013-10-01

WATRIAMA AND CO the title echoes Kipling's STALKY AND CO is a collection of biographical essays about people associated with the Pacific Islands. It covers a period of almost a century and a half. However, the individual stories of first-hand experience converge to some extent in various ways so as to present a broadly coherent picture of Pacific History. In this, politics, economics, and religion overlap. So too do indigenous cultures and concerns together with the activities and interests of the Europeans who ventured into the Pacific and who had a profound, widespread, and enduring impact there from the nineteenth century and who also prompted reactions from the Island peoples. Not least significant in this process is the fact that the Europeans generated a paper trail through which their stories and those of the Islanders who also contributed to their written record can be known. Thus, not only are the subjects of the essays to be encountered personally and within a contextual kinship, but the way in which the past has shaped the future is clearly discernible. Watriama himself features in various historical narratives. So too certain of his confreres in this collection, which is the product of several decades of exploring the Pacific past in archives by sea and on foot through most of Oceania.

From Islands to Portraits Sergio Perosa, 2000 Throughout the long course of literature, islands have accumulated uncanny connotations of death together with peculiarities of linguistic definition and expression. Since the age of discovery, after the Caribbean Islands, America itself, and later the archipelagos and atolls in the Pacific, became known to travellers and conquistadores, islands have been sought, searched, explored, and physically possessed, as women. Cultural recognition takes the form of sexual and physical possession. Venus was born from the sea and is identified with an island. These are the themes of the first two variations discussed in this book.

Encyclopedia of Nineteenth-Century Photography John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth-Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century. It sets out to be the standard definitive reference work on the subject for years to come. Its coverage is global, an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication. The Encyclopedia presents new and ground-breaking research alongside accounts of the major established figures in the nineteenth-century arena. Coverage includes all the key people, processes, equipment, movements, styles, debates, and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool, creative medium, and recorder of everyday life which it had become by the dawn of the twentieth century. The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth-Century Photography an essential reference source for academics and students.

researchers and libraries worldwide Portraits of Oceania Judy Annear, Art Gallery of New South Wales, 1997 Portraits of Oceania is drawn from the collection of the Art Gallery of New South Wales and other collections in Australia and New Zealand It is the first exhibition by an Australian art museum to look at the nature of photographic portraiture of some of the indigenous peoples of Oceania during the first fifty years of photography Foreword **Islands, Islanders and the World** Tim Bayliss-Smith, Richard Bedford, Harold Brookfield, 2006-11-02 Fiji is a country whose recent political instability can be directly traced to its distinctive colonial and post colonial experience For one particular region of Fiji the authors examine the environmental social and economic aspects of this experience at scales ranging from national and regional to island village and household Discussions in Third World geography regional economics and development planning have been full of rhetoric about underdevelopment centre periphery relations and dependency but seldom are the actual processes which give rise to these phenomena examined in detail In this book the authors explore in depth the interrelations between the island landscape the cultural geography of the islanders and the intrusive values and opportunities of the market economy Some important lessons are to be learnt from the gap between what might be predicted from abstract theories of development and what is actually happening in the real world of politicians planners farmers and fishermen Guardians of Empire David Killingray, 2017-03-01 For imperialists the concept of guardian is specifically to the armed forces that kept watch on the frontiers and in the heartlands of imperial territories Large parts of Asia and Africa and the islands of the Pacific and the Caribbean were imperial possessions This book discusses how military requirements and North Indian military culture shaped the cantonments and considers the problems posed by venereal diseases and alcohol and the sanitary strategies pursued to combat them The trans border Pathan tribes remained an insistent problem in Indian defence between 1849 and 1947 The book examines the process by which the Dutch elite recruited military allies and the contribution of Indonesian soldiers to the actual fighting The idea of naval guardianship as expressed in the campaign against the South Pacific labour trade is examined The book reveals the extent of military influence of the Schutztruppen on the political developments in the German protectorates in German South West Africa and German East Africa The U S Army charged with defending the Pacific possessions of the Philippines and Hawaii encountered a predicament similar to that of the mythological Cerberus The regimentation of military families linked access to women with reliable service and enabled the King s African Rifles to inspire a high level of discipline in its African soldiers askaris The book explains the political and military pressures which drove successive French governments to widen the scope of French military operations in Algeria between 1954 and 1958 It also explores gender issues and African colonial armies
