Pacific Century Asia And America In The Modern World:

The Pacific Century Frank Gibney,1992 000545853 99 615 A Robert Stewart book **Pacific Century** Mark Borthwick,2018-04-20 This book examines the role of the international financial system in the development of Pacific Asia and conversely the region s growing influence on North America and the world economy It looks at the distant future being devoted primarily to understanding the emergence of modern Pacific Asia Asia-Pacific in the New World Order Christopher Brook,Anthony McGrew,2013-11-05 Asia Pacific in the New World Order critically explores the notion that a distinctive regional power bloc is developing linking countries bordering the Pacific with East Asia at its core This student friendly volume sheds light on the complex interplay between global regional and national forces which have transformed the Asia Pacific area into one of the most vibrant and economically successful regions in the world Historical narratives alongside geopolitical and geoeconomic perspectives are deployed to examine the shifting pattern of power relations and security structures across the region set within a wider world context Key issues addressed include what are the primary security problems of the region and how are they being resolved does the dynamic growth of the region and particularly the rise of China pose a challenge to existing structures of world order The text has a strong interdisciplinary flavour drawing on analytical approaches from the international relations political economy and political geography literature Authors have been drawn from the Asia Pacific region and the UK and all are established scholars in their specialist fields *Modern China and the New World* Randall Doyle,Zhang Boshu,2011-12-16 Modern China and the New World focuses upon a few of the main topics associated with China s recent rise to global prominence Dr Randall Doyle discusses the impact that China will have on the geopolitical balance throughout the Asia Pacific region as well as the effect of China s new power on U S China relations in the 21st century Dr Zhang Boshu addresses China s continuing struggles with Tibet and the Dalai Lama He also discusses the existing political system within China today and the future possibility of democratic reforms occurring and transforming Chinese society itself Modern China and the New World presents these important topics by incorporating not just traditional reading and research but also integrating the personal experiences of the authors The Rise of East Asia Mark Berger,Douglas Borer,2002-09-11 There is great interest in the Pacific Century and what its implications for the future will be The rapid economic growth of East Asia was already setting the region apart from the rest of the world by the 1970s By the 1980s the trend was seen to have spread southward to Thailand Malaysia and Indonesia while China s provinces had also become integral to the regional economic boom In this exciting new study many of the ideas and expectations associated with the Pacific Century are placed under critical scrutiny The book includes studies of particular countries such as China Japan South Korea Vietnam Indonesia and Malaysia There is analysis of economic and political trends in the region the reasons behind its rise and its importance on a global scale The rise of East Asia represents an historic turning point with immense significance world wide This book will be of interest to anyone concerned about the new approaches to and the debate about

the rise of east Asia and the coming of the Pacific Century The Battle for Asia Mark T. Berger, 2004-03 This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia's development **Comprehensive Security in Asia** , 2000-04-27 The term comprehensive security was first used by the late Japanese prime minister Ohira but the concept as such can be traced back to Japanese thinking on security during the fifties Its meaning goes far beyond requirements of military defence against a particular enemy and stresses the need to take into account other aspects vital to national stability food energy environment communication and social security While not denying the importance of military security it explicitly encompasses a wide range of other aspects the search for environmental security for instance which requires cooperation with other countries including hypothetical enemies The concept stresses the need for confidence building methods as a requirement for its attainment and pertains to issues such as preventive diplomacy energy security second order cybernetics greater transparency of international financial markets as means to enhance overall stability It is a notion that goes beyond simplifications such as us and them Since the word has been first coined in Japan it has caught on in other Asian countries as well It has become clear that the concept is particularly suited for a continent where large and powerful countries such as China Korea Japan and Indonesia are unlikely to enter into close cooperation along the model of the European Union In short in this volume a team of scholars from Asia Europe and the United States provide clear analyses of issues vital to Asian politics an important contribution to one of the key issues of contemporary Asian politics The Asia-Pacific Century Adam B. Lowther, 2013-08-28 When Secretary of State Hillary Clinton published America's Pacific Century in Foreign Policy magazine in November 2011 the administration was clearly indicating to domestic and international audiences that the United States is beginning a pivot toward the Asia Pacific Clinton's article served as a spark for renewed interest in the nation's Asia *The Asia-Pacific Century* Adam Lowther, 2013 When Secretary of State Hillary Clinton published America's Pacific Century in Foreign Policy magazine in November 2011 the administration was clearly indicating to domestic and international audiences that the United States is beginning a pivot toward the Asia Pacific Clinton's article served as a spark for renewed interest in the nation's Asia *Twenty-First Century World Order and the Asia Pacific* J. Hsiung, 2001-08-10 After examining the global system's political volatility at the dawn of the new millennium the book looks at how some of the identifiable system wide trends e.g globalization democratization fragmentation etc may find repercussions in the Asia Pacific The book also addresses the question of comprehensive security in comparison with other regions in a wide range of areas subsuming economic security geoeconomics environmental security ecopolitics and human security In addition the book recognizes the idiosyncrasies of the region such as the defensiveness of most Asian governments toward the protection of their financial markets against external forces following the regional financial crisis of the late 1990s
