Padre A Novel:

Blood Novels Julia H. Chang, 2022-08-31 In the late nineteenth century Spain's most prominent writers Juan Valera Leopoldo Alas and Benito Pérez Galdós made blood a crucial feature of their fiction *Blood Novels* examines the cultural and literary significance of blood unsettling the dominant assumption of the period that blood no longer played a decisive role in social hierarchies By examining fictional works through the rubric of blood novels Julia H Chang identifies a shared fascination with blood that probes the limits of realism through blood's dual nature of matter and metaphor Situating the literature within broader cultural and theoretical debates *Blood Novels* attends to the aesthetic contours of material blood and in particular how bleeding is inflected by gender caste and race Critically engaging with feminist theory theories of race and whiteness literary criticism and medical literature this innovative study makes a case for treating blood as a critical analytic tool that not only sheds new light on Spanish realism but more broadly challenges our understanding of gendered and racialized embodiment in Spain *Ponce de Leon; Or The Rise of the Argentine Republic. A Novel* Estanciero, 1878

The Chilean Dictatorship Novel Helene Carol Weldt-Basson, 2025-11-04 A survey of classic literature from Chile born of the repressive Pinochet dictatorship in the seventies Though the civil rights abuses by the Pinochet dictatorship in Chile 1973-1990 were later recognized by reparations and truth commissions the difficult emotions suffered by the victims and their families were often pushed into the background or out of the national conversation entirely In response novelists began writing the feelings experienced during the dictatorship into their books In *The Chilean Dictatorship Novel* Weldt Basson examines fifteen novels and one testimony written on the topic of dictatorship to illustrate how these Chilean narratives center on affect and emotions Each chapter focuses on a different emotion feelings of loss because of a father's abandonment and spatial injustice caused by the neoliberal urbanization of Santiago despair articulated through tragic romances and affective landscapes left wing nostalgia and melancholia communicated through allegory feelings of abjection caused by torture and betrayal and the creation of affect through violent events aggressive child play and sexual torture Through a close look at the work of José Donoso Ariel Dorfman Diamela Eltit Carlos Franz and Nona Fernández among others Weldt Basson effectively argues that by inspiring emotion and creating empathy within readers the authors of these books instill a drive in the readers for ongoing social justice advocacy thereby transforming the process of reading into a platform for future action Weldt Basson's landmark study will serve as a basis for the future study of Latin American literature for decades to come [Just Going With the Flow, And Other Spiritual Musings](#) Orest Stocco, 2011-12 *Just Going With The Flow* is a book of spiritually inspired musings or thought pieces that explore the experiences of daily life Thought provoking entertaining and enlightening these personal essays shed light on the human condition *Writing Beyond Fascism* Carole C. Gallucci, Carole C. Gallucci, Ellen Victoria Nerenberg, 2000 This collection of essays the first of its kind in English or Italian examines de Céspedes's major texts asking how the author wrote against Fascism and beyond it The essays engage current interpretive

and heuristic tools and take on a matrix of issues ranging from semiotic to psychoanalytic from feminist to historical from a concern for mass culture to cultural studies

Mexico in Its Novel John S. Brushwood, 1972-01-01 Mexico in Its Novel is a perceptive examination of the Mexican reality as revealed through the nation's novel. The author presents the Mexican novel as a cultural phenomenon, a manifestation of the impact of history upon the nation, an attempt by a people to come to grips with and understand what has happened and is happening to them. Written in a clear and graceful style, this study examines the life of the novel as a genre against the background of Mexican chronology. It begins with a survey of the mid twentieth century novel, the Mexican novel which came of age in the period following the 1947 publication of Agustín Yáñez's *The Edge of the Storm*. During this time the novel resolved some of its most complicated problems and as a result offered a wider and deeper view of reality. Having established this circumstance, John Brushwood goes back in time to the Conquest and then moves forward to the twentieth century novel. Passing from the Colonial Period into the nineteenth century, the author recognizes the relationship between Romanticism and the desire for logical social behavior and then views this relationship in the perspective of the Reform, an attempt to bring order out of chaos. The novel under the Díaz dictatorship is seen in three different phases, and the last Díaz chapter actually moves into the Revolution itself. The novel during the years of fighting is considered along with the first post-Revolutionary fiction. From that point, the developing conflict within Mexican reality itself, a conflict between introversion and extroversion, nationalism and cosmopolitanism, reaches out to seek its solution in the novels of the first chapter.

Gay Novels of Britain, Ireland and the Commonwealth, 1881-1981 Drew Wayne

Gunn, 2014-10-01 While American gay fiction has received considerable scholarly attention, little has been given to developments in other English speaking countries. This survey catalogs 254 novels and novellas by some 173 British, Irish, and Commonwealth authors in which gay and bisexual male characters play a major role. Arranged chronologically from the appearance of the first gay protagonist in 1881 to works from the onset of the AIDS epidemic in 1981, in-depth entries discuss each book's publication history, plot, and significance for the construct of gay identity, along with a brief biography of its author. Including iconic works like Oscar Wilde's *The Picture of Dorian Gray* (1890) and E. M. Forster's *Maurice*, as well as lesser known but noteworthy novels such as Rose Macaulay's *The Lee Shore* (1912) and John Broderick's *The Waking of Willie Ryan* (1969), this volume, the first of its kind, enlarges our understanding of the development of gay fiction and provides an essential reading list.
