Pagan Hero An Interpretation Of Camus Th:

A Pagan Hero Robert Champigny, 2015-09-30 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas Camus Stephen Eric Bronner, 2009-10 Decades after his death Albert Camus 1913 1960 is still regarded as one of the most influential and fascinating intellectuals of the twentieth century This biography by Stephen Eric Bronner explores the connections between his literary work his philosophical writings and his politics Camus illuminates his impoverished childhood his existential concerns his activities in the antifascist resistance and the controversies in which he was engaged Beautifully written and incisively argued this study offers new insights and above all highlights the contemporary relevance of an extraordinary man A model of a kind of intelligent writing that should be in greater supply Bronner manages judiciously to combine an appreciation for the strengths of Camus and nonrancorous criticism of his weaknesses As a personal and opinionated book it invites the reader into an engaging and informative dialogue American Political Science Review This concise lively and remarkably evenhanded treatment of the life and work of Albert Camus weaves together biography philosophical analysis and political commentary Science Society A Pagan Hero Robert J. Champigny, 1960 **Coming Back to the Absurd: Albert Camus's The Myth of Sisyphus: 80**

Years On Peter Francev, Maciej Kałuża, 2022-12-05 This collection of essays from some of the world s leading Camus scholars is a celebration of the enduring significance and impact of Albert Camus s first philosophical essay The Myth of Sisyphus Coming Back to the Absurd examines Camus s unique contribution to philosophy through The Myth since its publication The essays within are intended to engage students and scholars of existentialism phenomenology and the history of philosophy as well as those simply seeking greater understanding of one of the most influential philosophers and philosophical constructs of the twentieth century In revisiting The Myth the authors hope to inspire a new generation of Camus scholars **The Stranger - Albert Camus** Harold Bloom, 2009 The condition of man is revealed as absurd in Camus s short novel

Solitude and its Ambiguities in Modernist Fiction E. Engelberg, 2016-04-30 In this study of solitude in high modernist writing Edward Engelberg explores the ways in which solitude functions thematically to shape meaning in literary works as well as what solitude as a condition has contributed to the making of a trope Selected novels are analyzed for the ambiguities that solitude injects into their meanings The freedom of solitude also becomes a burden from which the protagonists seek liberation Although such ambiguities about solitude exist from the Bible and the Ancients through the centuries following they change within the context of time The story of solitude in the twentieth century moves from the self s removal from society and retreat into nature to an extra social position within which the self confronts itself A chapter is devoted to the synoptic analysis of solitude in the West with emphasis on the Renaissance to the twentieth century and

another chapter analyzes the ambiguities that set the stage for modernism Defoe's Robinson Crusoe Selected works by Woolf Mann Camus Sartre and Beckett highlight particular modernist issues of solitude and how their authors sought to resolve them

Encyclopedia of the Novel Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only form analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world

Albert Camus John Foley, 2014-12-05 Adopting an interdisciplinary approach encompassing philosophy literature politics and history John Foley examines the full breadth of Camus ideas to provide a comprehensive and rigorous study of his political and philosophical thought and a significant contribution to a range of debates current in Camus research Foley argues that the coherence of Camus thought can best be understood through a thorough understanding of the concepts of the absurd and revolt as well as the relation between them This book includes a detailed discussion of Camus writings for the newspaper Combat a systematic analysis of Camus discussion of the moral legitimacy of political violence and terrorism a reassessment of the prevailing postcolonial critique of Camus humanism and a sustained analysis of Camus most important and frequently neglected work *L'Homme revolte The Rebel*

Camus, a Critical Examination David Sprintzen, 1988 Throughout his life Albert Camus confronted the central dramas of our civilization the existential anxiety over the death of God and the absurdity of human existence the political struggles over social injustice capital punishment and national liberation and the international focus on nuclear annihilation violations of human rights and torture Addressing the West at its metaphysical and mythic roots Camus sought to diagnose the interior forces that seemed to propel humanity toward self destruction David Sprintzen offers the first original and comprehensive analysis in English of the thought of Albert Camus from a philosophical perspective Previous literary and psychoanalytical studies have presented Camus's life and works biographically but philosophers have neither taken his thought seriously nor examined his work as a whole With analytical precision and philosophical depth Sprintzen confronts a corpus whose contemporary resonances as well as Greco Roman and Judeo Christian origins dramatize the metaphysical foundations of Western experience In this seventy fifth anniversary of the philosopher's birth Camus A Critical Examination shows how his analysis of political action offers a radical and nondogmatic perspective from which contemporary struggles can gain significant illumination Author note David Sprintzen is Professor of Philosophy at C W Post College of Long Island University
