Alan V. Murray

Pagans Crusade:

Pagan's Crusade Catherine Jinks, 2003 In twelfth century Jerusalem orphaned sixteen year old Pagan is assigned to work for Lord Roland a Templar knight as Saladin's armies close in on the Holy City The Second Crusade Jonathan Phillips, Martin Hoch, 2001 The Second Crusade 1145-49 was an unprecedented attempt to expand the borders of Christianity in the Holy Land the Baltic and the Iberian peninsula This wide ranging collection offers a series of original interpretations of new and partially explored evidence of the crusade The essays examine the planning execution and consequences of the crusade for Western Europe the Crusader States of the Holy Land and the Muslim Near East **The Crusades** Alan V. Murray, 2006-08-30 The first multivolume encyclopedia to document the history of one of the most influential religious movements of the Middle Ages the Crusades The Crusades An Encyclopedia surveys all aspects of the crusading movement from its origins in the 11th century to its decline in the 16th century Unlike other works which focus on the eastern Mediterranean region this expansive four volume encyclopedia also includes the struggle of Christendom against its enemies in Iberia Eastern Europe and the Baltic region and also covers the military orders crusades against fellow Christians heretics and more This work includes comprehensive entries on personalities such as Godfrey of Bouillon who refused the title King of Jerusalem and St Bernard of Clairvaux who tore up his own clothing to make symbols of the cross for crusaders as well as key events countries places and themes that shed light on everything from the propaganda that inspired crusading warriors to the ways in which they fought Special coverage of topics such as taxation pilgrimage warfare chivalry and religious orders give readers an appreciation of the multifaceted nature of these holy wars **Encountering Islam on the First Crusade** Nicholas Morton, 2016-07-14 The First Crusade 1095-9 has often been characterised as a head to head confrontation between the forces of Christianity and Islam For many it is the campaign that created a lasting rupture between these two faiths Nevertheless is such a characterisation borne out by the sources Engagingly written and supported by a wealth of evidence Encountering Islam on the First Crusade offers a major reinterpretation of the crusaders attitudes towards the Arabic and Turkic peoples they encountered on their journey to Jerusalem Nicholas Morton considers how they interpreted the new peoples civilizations and landscapes they encountered sights for which their former lives in Western Christendom had provided little preparation Morton offers a varied picture of cross cultural relations depicting the Near East as an arena in which multiple protagonists were pitted against each other Some were fighting for supremacy others for their religion and many simply for survival The World of the Crusades Christopher Tyerman, 2019-05-23 A lively reimagining of how the distant medieval world of war functioned drawing on the objects used and made by crusaders Throughout the Middle Ages crusading was justified by religious ideology but the resulting military campaigns were fueled by concrete objectives land resources power reputation Crusaders amassed possessions of all sorts from castles to reliquaries Campaigns required material funds and equipment while conquests produced bureaucracies taxation economic exploitation and commercial

regulation Wealth sustained the Crusades while material objects from weaponry and military technology to carpentry and shipping conditioned them This lavishly illustrated volume considers the material trappings of crusading wars and the objects that memorialized them in architecture sculpture jewelry painting and manuscripts Christopher Tyerman's incorporation of the physical and visual remains of crusading enriches our understanding of how the crusaders themselves articulated their mission how they viewed their place in the world and how they related to the cultures they derived from and preyed upon
