Congress, 1932 *Indianapolis Medical Journal* , 1920 *Diaries Real and Fictional in Twentieth-century French Writing* Sam Ferguson, 2018 This volume is the first study of the diary in French writing across the twentieth century as a genre which includes both fictional and non fictional works From the 1880s it became apparent to writers in France that their diaries a supposedly private form of writing would probably come to be published strongly affecting the way their readers viewed their other published works and their very persona as an author More than any other Andre Gide embraced the literary potential of the diary the first part of this book follows his experimentation with the diary in the fictional works *Les Cahiers d Andre Walter* 1891 and *Paludes* 1895 in his diary of the composition of his great novel *Le Journal des faux monnayeurs* 1926 and in his monumental *Journal* 1889 1939 1939 The second part follows developments in diary writing after the Second World War inflected by radical changes in attitudes towards the writing subject Raymond Queneau s works published under the pseudonym of Sally Mara 1947 1962 used the diary playfully at a time when the writing subject was condemned by the literary avant garde Roland Barthes s experiments with the diary 1977 1979 took it to the extremes of its formal possibilities at the point of a return of the writing subject Annie Ernaux s published diaries 1993 2011 demonstrate the role of the diary in the modern field of life writing Throughout the century the diary has repeatedly been used to construct an oeuvre and author but also to call these fundamental literary concepts into question **The Journal of Education** , 1908 **American Journal of Theology** , 1909 Vols 2 6 include Theological and Semitic literature for 1898 1901 a bibliographical supplement to the American journal of theology and the American journal of Semitic languages and literatures By W Muss Arnolt Separately paged *André Gide and the Second World War* Jocelyn Van Tuyl, 2012-02-01 Arguably the most influential French writer of the early twentieth century Andr Gide is a paradigmatic figure whose World War II writings offer an exemplary reflection of the challenges facing a leading writer in a time of national collapse Tracing Gide s circuitous intellectual itinerary from the fall of France through the postwar purge this book examines the ambiguous role of France s senior man of letters during the Second World War The writer s intricate maneuverings offer privileged insights into three issues of broad significance the relationship of literature and politics in

France during World War II the repressions and repositionings that continue to fuel controversy about the period and the role of public intellectuals in times of national crisis With the exception of the early wartime Journal Gide s publications during France s dark years have received little critical attention This book scrutinizes the entire wartime oeuvre in depth tracing the evolution of Gide s political views and most importantly reading the wartime texts against each other It is the interplay among these texts that reveals the full complexity of Gide s political positionings and the rhetorical brilliance he deployed to redress his tarnished image *The Christian Science Journal* ,1911 *The Chicago Journal of Nervous and Mental Disease* Anonymous,2025-07-21 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Bulletin on Narcotics** ,1951
