Painting Landscapes And Atmosphere:

How to Paint Atmospheric Landscapes in Acrylics Fraser Scarfe, 2016-12-07 An exciting new talent Fraser Scarfe's moody and expressive landscapes combine the best of the traditional approach to painting with the benefits of modern materials. His aim is to reveal the natural beauty and drama in the landscape without the need for romanticism and this is borne out in his raw unsentimental yet strikingly beautiful landscape paintings. This book will appeal to acrylic artists of all abilities as well as those looking to transition from oils pastels and watercolours alike. It follows the award-winning artist through the year offering readers productive and inspiring ways to paint from deepest winter to midsummer while they learn to engage with their subject. Using a combination of practical instruction and inspirational example, Fraser imparts his knowledge of the techniques and materials he uses, his style, and his inspiration, proving that he is truly a force to be reckoned within the art world.

Painting Landscapes with Atmosphere Ray Balkwill, 2006 Creating atmosphere and mood in their work is a key goal for artists. Exploring various aspects of landscape painting, this work offers practical guidance for artists through structured exercises, step-by-step demonstrations, and clear instructions.

The Ultimate Oil Painting Solution: for Landscape Art, Portraiture and Still Life Rachel Shirley, 2013-02-24 A bulky comprehensive book on oil painting various subject matter. Ever had trouble drawing ellipses, mixing skin colours, or painting skies? This bumper oil painting book tackles 78 such painting peeves with suggested solutions. The Ultimate Oil Painting Solution comprises three full-length art books: Why do my Clouds Look Like Cotton Wool, a problem solver for landscape painting; Why do my Skin Tones Look Lifeless, a problem solver for portrait painting; and Why do my Ellipses Look Like Doughnuts, a problem solver for still life painting. Each book can be purchased singly if interested in just one subject area. However, purchasing the three in this bundle book will work out a little cheaper than buying the three books individually. Each book comprises 26 common peeves in the form of chapters associated with the oil painting area concerned, and therefore you will find 78 such peeves and suggested solutions collectively within. The book has 73 000 words, 78 chapters, and around 400 images. Each book also possesses a step-by-step painting demonstration associated with the subject area. These are: Castlerigg Stone Circle for landscape art; David's Oath of the Horatii for portraiture; and painting strawberries for still life. The peeves selected represent common problem areas that students have experienced in my art classes. Such peeves include the rendering of foreshortenings, darkening skin colours, suggesting ripples in water, painting clouds, mixing greens, suggesting soft hair, painting noses, reflections in eyes, moisture on fruit, portrait photography, measuring tones, darkening snow colours, and a myriad of other peeves. As each book is in itself a separate entity, where applicable, similar information is presented in context of landscape art, portraiture, and still life painting, although the information is presented differently. Examples of this are the art materials needed for painting and the nature of pigments. However, such occurrences are mostly confined to the introductory chapters of each book and occur seldom elsewhere. Key chapters in this

book cover the colour theory perspectives drawing ellipses the golden section tonal values underglazing art techniques the nature of pigments essential art materials monochromatic painting composing an arrangement negative shapes painting en plein air drawing foreshortenings creating mood making a viewfinder colour temperatures drawing methods the rules of reflections painting on a budget types of gessos skin colours and much much more The aim of this book is to find a cure for a given issue and enable the developing artist to improve in the future Most of all to encourage creativity and growing confidence Dimensions of print book 10x8in and 234 pages *Atmospheric Landscapes using Oils and Cold Wax* Paula Dunn,2025-10-10 Atmospheric Landscapes with Oils and Cold Wax is an inspiring and practical guide for artists eager to explore the rich textures luminous layers and intuitive mark making that define this versatile medium By layering scraping and working with transparent and opaque colours it shows you how to create your own compelling landscapes that evoke mystery and atmosphere and resonate with energy and emotion Through guided exercises and inspiring examples it emphasises experimentation intuition and personal artistic growth offering practical techniques and creative insights for both beginners and seasoned painters **Ready to Paint in 30 Minutes: Landscapes in Watercolour** Woollass,2018
