Painting Napoleonic Miniatures:

Painting Napoleonic Miniatures Mike Davidson, 1997 The Napoleonic era has been called the age of the military tailor because of the colorful and ornate uniforms of this period Using a clearly photographed and captioned step by step approach Mike Davidson guides the reader through the process of assembly painting and display of a commercially produced figure Mike brings these highly detailed miniatures to life using a combination of hobby paints and oils He also provides formulas for mixing a variety of Napoleonic uniform colors While applied to a particular figure the lessons and techniques learned from this book will enhance any Napoleonic figure the reader may choose to paint **Napoleon** Matthew Fletcher, 2009 If you are interested in painting collecting or war gaming with model soldiers or interested in the Napoleonic era any way then this book is for you it has many articles that set the scene and mood for ensuing battles by detailing the historical background and build up to the many Napoleonic wars and campaigns that took place For the miniature painters and collectors Matthew Fletcher has written a section showing how to speed paint an army that any wargamer would be proud of and Kevin Dallimore reveals his secret of painting outstanding Napoleonic models using his world renowned three color method For the gamer Matthew Fletcher has created a truly unique set of rules that are simple to understand and play rules that will provide an evening of fun and entertainment for all In short this book contains everything you will need to enjoy yourself painting and collecting miniatures and gaming in the Napoleonic era I first met Matt Fletcher when he was employed by a well known fantasy games company based in Nottingham he was an 18 year old wide eyed fresh faced teenager looking like he had found Aladdin's Cave as he scanned all of the models games and books stacked on the warehouse shelves Two of Matt's childhood dreams had been realised he was not only involved in a rapidly growing company making and selling the products he loved he was also heavily involved with the team responsible for the play testing and development of games and the writing of books Everyone was impressed by Matt's energy enthusiasm and knowledge he had a great knowledge of all things fantasy and as I was later to find out an even greater knowledge of all things historical Matt soon realised that these new experiences might lead to the fulfillment of yet another childhood dream to write a book that combined his extensive historical knowledge of all things Napoleonic with the new experiences gained in the creation and development of books games and game mechanics Little did he realise how much time it would take for this dream to be fulfilled Eighteen years have since passed and I think Matt has been very surprised and sometimes frustrated with the length of time that it has taken to produce the book that you now hold not only for the time it has taken him to produce and structure a script suitable for submission but also for the time it has taken for his script to be edited and augmented to reach the high standard expected from any Foundry publication If you are interested in painting collecting or wargaming with toy soldiers or interested in the Napoleonic era any way then this book is for you it has many articles that set the scene and mood for ensuing battles by detailing the historical background and build up to the many Napoleonic wars and campaigns

that took place For the miniature painters and collectors Kevin Dallimore has added his own article on painting Napoleonic models using his unique and world renowned three color method For the wargamer Matt has created a truly unique set of rules that have been amended and developed many times over the years to provide an evening of fun and entertainment he has also written his own article on how to speed paint an army to a standard that any wargamer would be proud of Matt is very proud of this book and wants everyone who reads it to experience the great fun and pleasure he gets from painting and playing games with toy soldiers For Matt the book you now hold is another dream come true
