Fiction, Film, and Indian Popular Cinema Florian Stadler, 2013-10-30 This book analyses the novels of Salman Rushdie and their stylistic conventions in the context of Indian popular cinema and its role in the elaboration of the author's arguments about post independence postcolonial India Focusing on different genres of Indian popular cinema such as the Social Mythological and Historical Stadler examines how Rushdie's writing foregrounds the epic the mythic the tragic and the comic linking them in storylines narrated in cinematic parameters The book shows that Indian popular cinema's syncretism becomes an aesthetic marker in Rushdie's fiction that allows him to elaborate on the multiplicity of Indian identity both on the subcontinent and abroad and illustrates how Rushdie uses Indian popular cinema in his narratives to express an aesthetics of hybridity and a particular conceptualization of culture with which India has become identified in a global context Also highlighted are Rushdie's uses of cinema to inflect his reading of India as a pluralist nation and of the hybrid space occupied by the Indian diaspora across the world The book connects Rushdie's storylines with modes of cinematic representation to explore questions about the role place and space of the individual in relation to a fast changing social economic and political space in India and the wider world [A Person of Pakistani Origins](#) Ziauddin Sardar, 2018-09-01

What does it mean to be a Pakistani Can it mean more than one thing And what do others think it means Ziauddin Sardar explores what makes a Pakistani and whether it's something one wants or ought to be Reflecting on his culture and heritage through tales of the Pakistanis in his life *A Person of Pakistani Origins* is a whirlwind tour of dueling poets Bollywood films a bookish auntie who harbors feminist urges and a vanishing uncle who reappears miles away Thoughtful and generously laced with humor this book delves deep into Pakistan's eclectic culture and the humble insanity of everyday life for a person of Pakistani origins Sardar richly celebrates the importance of where we come from and of who we become *Pakistan - The Political Economy of Growth, Stagnation and the State, 1951-2009* Matthew McCartney, 2011-06-07 This book provides a comprehensive reassessment of the development of the economy of Pakistan since independence to the present It employs a rigorous statistical methodology which has applicability to other developing economies to define and measure episodes of growth and stagnation and to examine how the state has contributed to each Contesting the orthodox view that liberalisation has been an important driver of growth in Pakistan the book places the state at the centre of economic development rather than the market It examines the state in relation to its economic roles in mobilising resources and promoting a productive allocation of those resources and its political roles in managing the conflict inherent in economic development The big conclusions for economic growth in Pakistan are that liberalisation the market and the external world economy in fact have less influence than that of the state and conflict Overall the book offers analyses of the different successive approaches to promoting economic growth and development in Pakistan relates these to medium term economic outcomes periods of growth and stagnation and thereby explains how the mechanisms by which the state can better promote growth and

development Cosmopolitan Dreams Jennifer Dubrow, 2018-10-31 In late nineteenth century South Asia the arrival of print fostered a dynamic and interactive literary culture. There within the pages of Urdu language periodicals and newspapers readers found a public sphere that not only catered to their interests but encouraged their reactions to featured content. *Cosmopolitan Dreams* brings this culture to light showing how literature became a site in which modern daily life could be portrayed and satirized, the protocols of modernity challenged and new futures imagined. Drawing on never before translated Urdu fiction and prose and focusing on the novel and satire Jennifer Dubrow shows that modern Urdu literature was defined by its practice of self critique and parody. Urdu writers resisted the cultural models offered by colonialism creating instead a global community of imagination in which literary models could freely circulate and be readapted, mixed and drawn upon to develop alternative lines of thinking. Highlighting the participation of readers and writers from diverse social and religious backgrounds the book reveals an Urdu cosmopolis where lively debates thrived in newspapers, literary journals and letters to the editor shedding fresh light on the role of readers in shaping vernacular literary culture. Arguing against current understandings of Urdu as an exclusively Muslim language Dubrow demonstrates that in the late nineteenth century Urdu was a cosmopolitan language spoken by a transregional transnational community that eschewed identities of religion, caste and class. The Urdu cosmopolis pictured here was soon fractured by the forces of nationalism and communalism. Even so Dubrow is able to establish the persistence of Urdu cosmopolitanism into the present and shows that Urdu's strong tradition as a language of secular critical modernity did not end in the late nineteenth century but continues to flourish in film, television and on line. In lucid prose Dubrow makes the dynamic world of colonial Urdu print culture come to life in a way that will interest scholars of modern Asian literatures. South Asian literature and history cosmopolitanism and the history of print culture.

Television Dramas and the Global Village Carolyn A. Lin, Diana I. Ríos, 2021-10-18 This book discusses the role of television drama series on a global scale analyzing these dramas across the Americas, Europe, Asia, Australia and Africa. Contributors consider the role of television dramas as economically valuable cultural products and with their depictions of gender roles, sexualities, race, cultural values, political systems and religious beliefs as they analyze how these programs allow us to indulge our innate desire to share human narratives in a way that binds us together and encourages audiences to persevere as a community on a global scale. Contributors also go on to explore the role of television dramas as a medium that indulges fantasies and escapism and reckons with reality as it allows audiences to experience emotions of happiness, sorrow, fear and outrage in both realistic and fantastical scenarios.
