Smith, 1999 Stretching across the Bay of Naples and at the foot of Mount Vesuvius Naples is home to numerous palaces estates and grand residences Though some palaces have been abandoned or damaged many have been restored to their historical glory In the midst of this modern vibrant multicultural city these remnants of fifteenth and sixteenth century Italian aristocracy remain Through glorious color photography and illuminating text Palaces of Naples tells the stories behind this fascinating and fabulous homes Thirty estates and palaces are featured here each with its own style and its own story From the famous portico of the Palazzo Filomarino to the mirrored walls and inlay figures of the eighteenth century duke's study in the Palazzo Corigliano the architectural details of the palaces are examined In addition the intriguing stories and rumors behind the homes such as the reported ghost sightings and mysterious wails and blue lights emanating from the Palazzo Donn Anna left half built by Anna Carafa wife of the duke of Medina when her husband fell from favor With stunning color photography and engaging text Palaces of Naples brings readers to thirty of the most beautiful estates and palaces of Naples The history of the city and of each residence featured are relayed in fascinating detail the stories of the original owners the architects and the occupants throughout the centuries Hundreds of color photographs display the palaces many of which are partially closed or completely closed to the public in all their glory *The Royal Palace in Naples. Palaces of Reason Robin L. Thomas, 2023-11-28 Palaces of Reason traces the fascinating history of three royal residences built outside of Naples in the eighteenth century at Capodimonte Portici and Caserta Commissioned by King Charles of Bourbon and Queen Maria Amalia of Saxony who reigned over the Kingdom of the Two Sicilies these buildings were far more than residences for the monarchs They were designed to help reshape the economic and cultural fortunes of the realm The palaces at Capodimonte Portici and Caserta are among the most complex architectural commissions of the eighteenth century Considering the architecture and decoration of these complexes within their political cultural and economic contexts Robin L Thomas argues that Enlightenment ideas spurred their construction and influenced their decoration These modes of thinking saw the palaces as more than just centers of royal pleasure or muscular assertions of the crown's power Indeed writers and royal ministers viewed them as active agents in improving the cultural political social and economic health of the kingdom By casting the palaces within this narrative Thomas counters the assumption that they were imitations of Versailles and the swan songs of absolutism while expanding our understanding of the eighteenth century European palace more broadly Original and convincing Thomas's book will be of interest to historians of art and architectural history and eighteenth century studies **The Royal Palace of Naples** Marina Causa Picone, Annalisa Porzio, 1986 Library of Congress Subject Headings Library of Congress, 1997 *The Portfolio* Philip Gilbert Hamerton, 1891 An artistic periodical *A Handbook for Travellers in Southern Italy* John Murray (Firm), 1883 Library of Congress Subject Headings Library of Congress.
