

emancipated personal existence harmoniously blended with the life of an exalted spiritual existence. To awaken the soul, every act of consciousness must be animated with a strong, deeply felt desire to reach the heights; the eye must be kept single upon the supreme spiritual goal, and every thought must be formed by the highest spiritual understanding that can possibly be realized. To live must be the one ruling purpose, and that purpose must be inspired by the spiritual touch of that life that we know to be eternal life.

To awaken the soul and illumine the mind with the light of the spirit, one of the great essentials is to live by faith. To live by faith is to place your entire life, and everything that pertains to your life, in the hands of Supreme Power. This means that your life will be drawn towards the heights, because Supreme Power is ever ascending towards greater and greater heights. It also means that all things that pertain to your life will work together for the greatest good, because it is the purpose of Supreme Power to produce the greatest good. Whatever is placed in the hands of this power will be inspired and guided by this power, and consequently will do what this power is doing, that is, working in harmony with everything to produce the greatest good.

The secret of faith is therefore simple, and we can readily understand why all things become possible to him who has real faith.

What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary This book could not have come at a more auspicious time and the message is mystical perfection not to mention a courageous one I adore this book Caroline Myss author of Anatomy of the Spirit Before a vision of a mysterious Lady invited Clark Strand and Perdita Finn to pray the rosary they were not only uninterested in becoming Catholic but finished with institutional religion altogether Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse But this Lady barely even referred to the Church and its proscriptions Instead she spoke of the miraculous power of the rosary to transform lives and heal the planet and revealed the secrets she had hidden within the rosary s prayers and mysteries secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet She told Strand and Finn The rosary is My body and My body is the body of the world Your body is one with that body What cause could there be for fear Weaving together their own remarkable story of how they came to the rosary their discoveries about the eco feminist wisdom at the heart of this ancient devotion and the life changing revelations of the Lady herself the authors reveal an ancestral path available to everyone religious or not that returns us to the powerful healing rhythms of the natural world **The Plain Path** Frances Newton Symmes Allen,1912 *Kadam: Stages of the Path, Mind Training, and Esoteric Practice, Part One* Jamgon Kongtrul Lodro Taye,2024-04-02 A comprehensive selection of texts central to the Kadam lineage of Tibetan
