Andrew Graft, Patkau Architects (Firm), University of British Columbia. Fine Arts Gallery, 1990 *The Architect and the Academy* Dean Hawkes, 2021-12-30 This book presents an expansive overview of the development of architectural and environmental research with authoritative essays spanning Dean Hawkes' impressive 50 year academic career. The book considers the relationship between the technologies of the environment and wider historical and theoretical factors with chapters on topics ranging from the origins of modern building science in Renaissance England to technology and imagination in architecture. It includes numerous architectural examples from renowned architects such as Christopher Wren, Peter Zumthor, Alvar Aalto, Robert Venturi and Carlo Scarpa. Aimed at students, scholars and researchers in architecture and beyond, this illustrated volume collates important and wide-ranging essays tracing the definition, scope and methodologies of architectural and environmental studies with a foreword by Susannah Hagan **The New Public Library** R. Thomas Hille, 2018-12-07 The New Public Library is an in-depth design study of an exemplary collection of recent public libraries and the historical precedents that have informed and inspired their development. An introductory overview presents seven critical themes that characterize public library design past and present, highlighting the expressive architectural potential of this unique and important building type. A survey of over 40 historically significant libraries traces the development of the building type over time with a primary focus on precedents from the US and northern Europe where the modern public library originated and its design has been most comprehensively developed. A selection of nearly 50 contemporary projects from the past 30 years focuses on the most current developments in public library design with a diverse and varied collection of work by over 35 regional, national and international design firms. Highly visual in its presentation, the study includes 885 color photographs and illustrations and 195 scale drawings **A Guidebook to Contemporary Architecture in Vancouver** Christopher, Veronica, 2012-03-23 A Guidebook to Contemporary Architecture in Vancouver explores buildings constructed as the city experienced unprecedented growth beginning with Expo 86 and continuing through the 2010 Olympic Winter Games. The guidebook features buildings and public spaces grouped by areas with maps so that a visitor can create walking tours including ones through downtown Vancouver, Richmond, the North Shore and Kitsilano. The convenient size and format, including an index, allows visitors to put this guidebook in a pocket and go Architectural Drawing Second Edition David Dernie, 2014-10-06 This book focuses on the exciting possibilities for representing the built environment with techniques ranging from pencil sketching to computers. It teaches students the following skills: how to draw using a range of media; the basic rules of making effective spatial images; and how to express ideas through appropriate media and forms of communication. Following a revised and expanded introduction, the book is divided into three sections: Media Types and Places. Each section is illustrated with exemplary drawings and accompanying commentaries. Step-by-step sequences and practical tips will further help students to make the most of their newly acquired skills. The second edition includes more on a variety of techniques, particularly digital and new artworks from practising architects, making it an indispensable practical
