Cyril Mango

Patriarch Photios Of Constantinople:

Patriarch Photios of Constantinople Despina Stratoudaki White, Saint Photius I (Patriarch of Constantinople), 1981 The 9th century patriarch's biography, scholarship and correspondence are presented and discussed. Also contains a translation of 52 of his letters

The Homilies of Photius, Patriarch of Constantinople Cyril Mango, 2018-01-04 The historical role of Photius has all too often been viewed only as it concerned the rift between the Western and Eastern Churches. He has been regarded either as the Father of the Schism or as the staunch defender of Greek Orthodoxy against the encroachments of Rome. It is hoped that by presenting the Homilies of Photius in English translation these one-sided views may to some extent be corrected. For surprising though it may appear we shall not find in the Homilies a single reference to the Papacy. When they are not purely didactic the Homilies are dominated by such topics as the suppression of the Iconoclast movement, the re-establishment of sacred painting, the propagation of the true faith among heretics and the quelling of internal division in the Church of Constantinople. From the Introduction

The Patriarch and the Prince Photius Ier ((patriarche de Constantinople ;), 1982 This work examines Byzantine-Bulgarian relations through the eyes of Patriarch Photios of Constantinople, one of Byzantium's greatest churchmen

Saint Photios, Patriarch of Constantinople John Kallos, 1992-02-01 **A History of Byzantium** Timothy E. Gregory, 2011-08-26 This revised and expanded edition of the widely praised *A History of Byzantium* covers the time of Constantine the Great in AD 306 to the fall of Constantinople in 1453. Expands treatment of the middle and later Byzantine periods incorporating new archaeological evidence. Includes additional maps and photographs and a newly annotated updated bibliography. Incorporates a new section on web resources for Byzantium studies. Demonstrates that Byzantium was important in its own right but also served as a bridge between East and West and ancient and modern society. Situates Byzantium in its broader historical context with a new comparative timeline and textboxes

The Bulgarian-Byzantine Wars for Early Medieval Balkan Hegemony Dennis P. Hupchick, 2017-07-10 This book provides an interpretive narrative of the wars fought by Bulgaria against the Byzantine Empire for dominant control of the Balkan Peninsula during the early medieval era Over a span of two centuries from the early ninth through the early eleventh and under the leadership of the Bulgarian rulers Krum Simeon I and Samuil those conflicts evolved from simple confrontations for territorial possession into a life or death struggle for imperial precedence within the Orthodox world then emerging in Eastern Europe a struggle that the Bulgarians ultimately lost The primary focus is on Bulgaria rather than Byzantium and an effort is made to provide a historically reliable chronology of the assorted campaigns The various belligerents military organizations defensive technologies armaments and tactics are surveyed in an introduction to the main narrative A prelude chapter sets the stage for the hegemonic conflict which was divided into three distinct phases by interludes of relative peace between the contending parties during which Bulgaria's domestic foreign and cultural developments shaped the nature and conduct of the fighting in each successive phase

Christianity , Ecumenical Perspectives on the Filioque for the 21st Century Myk Habets, 2014-06-19 The volume presents a range of theological standpoints regarding the filioque With some contributors arguing for its retention and others for its removal still others contest that its presence or otherwise in the Creed is not what is of central concern but rather that how it should be understood is of ultimate importance What contributors share is a commitment to interrogating and developing the central theological issues at stake in a consideration of the filioque thus advancing ecumenical theology and inter communal dialogue without diluting the discussion Contributors span the Christian traditions Roman Catholic Protestant Eastern Orthodox and Pentecostal Each of these traditions has its own set of theological assumptions methods and politics many of which are on display in the essays which follow Nonetheless it is only when we bring the wealth of learning and commitments from our own theological traditions to ecumenical dialogue that true progress can be made It is in this spirit that the present essays have been conceived and are now presented in this form
