Patriots Cause:

Patriots Before Revolution Amy Watson, 2025-06-25 A new history of the Patriot movement before the American Revolution tracing its origins to reform movements in British politics The American revolutionaries George Washington Thomas Jefferson John and Abigail Adams called themselves Patriots But what exactly did it mean to be a Patriot Historian Amy Watson locates the origins of Patriotism in British politics of the early eighteenth century showing that the label Patriot was first adopted by a network of British politicians with radical ideas about the principles and purpose of the British Empire The early Patriots ideological mission was not American independence but rather imperial reform Patriots sought to create a British Empire that was militant expansionist confederal and free Over the course of the next half century these British reformers used print media and grassroots mobilization efforts to build an empire wide political party with adherents in London Edinburgh New York City and the new colony of Georgia While building this party the Patriots advocacy drew Britons into a series of violent political conflicts over taxes and civil liberty as well as three expansive global wars the War of Jenkins Ear 1739 48 the War of the Austrian Succession 1740 48 and the Seven Years War 1756 63 Patriot ideas and organizations came to divide Britons on increasingly sharp political lines laying the groundwork for the revolutionary decades to come

The Disaffected Aaron Sullivan, 2019-04-05 Elizabeth and Henry Drinker of Philadelphia were no friends of the American Revolution Yet neither were they its enemies The Drinkers were a merchant family who being Quakers and pacifists shunned commitments to both the Revolutionaries and the British They strove to endure the war uninvolved and unscathed They failed In 1777 the war came to Philadelphia when the city was taken and occupied by the British army Aaron Sullivan explores the British occupation of Philadelphia chronicling the experiences of a group of people who were pursued pressured and at times persecuted not because they chose the wrong side of the Revolution but because they tried not to choose a side at all For these people the war was neither a glorious cause to be won nor an unnatural rebellion to be suppressed but a dangerous and costly calamity to be navigated with care Both the Patriots and the British referred to this group as the disaffected perceiving correctly that their defining feature was less loyalty to than a lack of support for either side in the dispute and denounced them as opportunistic apathetic or even treasonous Sullivan shows how Revolutionary authorities embraced desperate measures in their quest to secure their own legitimacy suppressing speech controlling commerce and mandating military service In 1778 without the Patriots firing a shot the king's army abandoned Philadelphia and the perceived threat from neutrals began to decline as did the coercive and intolerant practices of the Revolutionary regime By highlighting the perspectives of those wearied by and withdrawn from the conflict *The Disaffected* reveals the consequences of a Revolutionary ideology that assumed the nation's people to be a united and homogenous front
