**Crime and Punishment in Istanbul** Fariba Zarinebaf,2011-01-10 This vividly detailed revisionist history exposes the underworld of the largest metropolis of the early modern Mediterranean and through it the entire fabric of a complex multicultural society Fariba Zarinebaf maps the history of crime and punishment in Istanbul over more than one hundred years considering transgressions such as riots prostitution theft and murder and at the same time tracing how the state controlled and punished its unruly population Taking us through the city s streets workshops and houses she gives voice to ordinary people the man accused of stealing the woman accused of prostitution and the vagabond expelled from the city She finds that Istanbul in this period remains mischaracterized in part by the sensational and exotic accounts of European travelers who portrayed it as the embodiment of Ottoman decline rife with decadence sin and disease Linking the history of crime and punishment to the dramatic political economic and social transformations that occurred in the eighteenth century Zarinebaf finds in fact that Istanbul had much more in common with other emerging modern cities in Europe and even in America

**Sub Culture** John Medhurst,2022-08-29 A deep dive into the significance of submarines across everything from warfare and politics to literature and film Sub Culture explores the crucial role of the submarine in modern history its contribution to scientific progress and maritime exploration and how it has been portrayed in art literature fantasy and film Ranging from the American Civil War to the destruction of the Russian submarine Kursk in 2000 the book examines the submarine s activities in the First and Second World Wars the Cold War and in covert operations and marine exploration to the present day Citing the submarine particularly the nuclear submarine as both ultimate deterrent and doomsday weapon Sub Culture examines how its portrayal in popular culture has reinforced and occasionally undermined the military and political agendas of the nation states that deploy it
