Chuck Palahniuk, Parodist David McCracken,2016-07-26 Chuck Palahniuk America s premier transgressive novelist enjoys a tremendous readership Yet he has not necessarily been embraced by critics or academics His prose is considered vulgar by some but his body of work addresses a core motivation of 21st century life individual self empowerment Palahniuk writes about what it means to be on the outside looking in revising familiar narratives for a contemporary audience to get at the heart of the human condition everyone wants a chance to win his or her fair share no matter the cost In Haunted Snuff Pygmy Tell All Damned and Invisible Monsters Remix he confronts marginalization and disenfranchisement through parodies of various works The Decameron The Inferno Are You There God It s Me Margaret The Elephant Man as well as Hollywood history 1970s karate films and the porn industry This comprehensive study of six novels refutes criticism that Palahniuk s goals are to shock and sensationalize

Chuck Palahniuk and the Comic Grotesque David

McCracken,2020-10-16 With the success of Fight Club his novel turned movie Chuck Palahniuk has become noticed for

accurately capturing the exploitation of power in America in the 21st century With cynicism and skepticism he satirizes the manipulative aspects of ideologies and beliefs pushing society's understanding of the norm In this work Palahniuk's characters are analyzed as people who rebel against the systems in control Mikhail Bakhtin's theory is applied to explain Palahniuk's application of the comic grotesque theories from Louis Althusser and Slavoj Žižek help reveal aspects of ideology in Palahniuk's writing *Patterns for College Writing* Kirsznner,2003-07-14 **The Subject of Race in American Science Fiction** Sharon DeGraw,2006-12-19 While the connections between science fiction and race have largely been neglected by scholars racial identity is a key element of the subjectivity constructed in American SF In his Mars series Edgar Rice Burroughs primarily supported essentialist constructions of racial identity but also included a few elements of racial egalitarianism Writing in the 1930s George S Schuyler revised Burroughs' normative SF triangle of white author white audience and white protagonist and promoted an individualistic highly variable concept of race instead While both Burroughs and Schuyler wrote SF focusing on racial identity the largely separate genres of science fiction and African American literature prevented the similarities between the two authors from being adequately acknowledged and explored Beginning in the 1960s Samuel R Delany more fully joined SF and African American literature Delany expands on Schuyler's racial constructionist approach to identity including gender and sexuality in addition to race Critically intertwining the genres of SF and African American literature allows a critique of the racism in the science fiction and a more accurate and positive portrayal of the scientific connections in the African American literature Connecting the popular fiction of Burroughs the controversial career of Schuyler and the postmodern texts of Delany illuminates a gradual change from a stable essentialist construction of racial identity at the turn of the century to the variable social construction of poststructuralist subjectivity today **Patterns for College Writing, 10th Edition & Easy Writer, 3rd Edition** Laurie G.
