Paul Gauguin An Erotic Life:

Paul Gauguin Nancy Mowll Mathews, 2001 **Paul Gauguin** Dario Gamboni, 2014-09-15 French artist Eugène Henri Paul Gauguin 1848 1903 once reproached the Impressionists for searching around the eye and not at the mysterious centre of thought But what did he mean by this enigmatic phrase In this innovative investigation into Gauguin's art and thought Dario Gamboni illuminates Gauguin's quest for this mysterious centre and offers a fresh look at the artist's output in all media from ceramics and sculptures to prints paintings and his large corpus of writings Foregrounding Gauguin's conscious use of ambiguity Gamboni unpacks what the artist called the language of the listening eye Gamboni shows that the interaction between perception cognition and imagination was at the core of Gauguin's work and he traces a line of continuity in them that has been previously overlooked Emulating Gauguin's wide ranging curiosity with literature psychology theology and the natural sciences not to mention the whole of art history this richly illustrated book provides new insight into the life and works of this well known yet little understood artist *Gauguin* Belinda Thomson, 2021-04-06 This authoritative account of the life and work of Paul Gauguin one of the most original artists of the late nineteenth century is revised and updated with color illustrations throughout Artist Paul Gauguin achieved a high public profile during his lifetime and was one of the first artists of his generation to achieve international recognition But his prominence has always been tangled up with the dramatic and problematic events of his life his self imposed exile on a remote South Sea island and his turbulent relationships with his peers as with the appeal of his art In this revised and updated edition art historian Belinda Thomson gives a comprehensive and accessible account of the life and work of one of the most complicated artists of the late nineteenth century Gauguin's painting sculpture prints and ceramics are discussed in the light of his public persona his relations with his contemporaries his exhibitions and their critical reception His private world beliefs and aspirations emerge through his extensive cache of journals letters and other writings Fully illustrated in color and drawing on the new more global conversation surrounding the artist Gauguin is the definitive volume on this controversial and often contradictory figure **Gauguin's Challenge** Norma Broude, 2018-03-08 Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848 1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of

Pacific cultural history Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond

Gauguin and Polynesia Nicholas Thomas, 2024-02-01 Paul Gauguin is commonly regarded as one of the greatest modern artists He is renowned for resplendent mythic imagery from Oceania for a life of restless travel and for his supposed immersion in Polynesian life But he has long been regarded ambivalently and in recent years both Gauguin's sexual behaviour and his paintings have been considered exploitative Gauguin and Polynesia offers a fresh view on the artist not from the perspective of European art history but from the contemporary vantage point of the region Oceania which he so famously moved to Gauguin's art is revealed for the first time to be richer and more eclectic than has been recognised The artist indeed did invent enigmatic and symbolic images but he also depicted Polynesia's colonial modernity acknowledging the life of the time and the dignity and power of some of the Islanders he encountered Gauguin and Polynesia neither celebrates nor condemns an extraordinary painter who at times denounced and at other times affirmed the French empire that shaped his own life and the places he moved between It is a revelation of a formative artist of modern life and of multicultural worlds in the making

The Spiritual Dynamic in Modern Art C. Spretnak, 2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art

Desire and Time in Modern English Fiction: 1919-2017 Richard Dellamora, 2020-08-04 Beginning with Somerset Maugham's innovative sexually dissident South Seas novel and tales and Alfred Hitchcock's gay inflected revisiting of the Jack the Ripper sensation in silent film this book considers the continuing presence of the past in future oriented work of the 1930s and the Second World War by Sylvia Townsend Warner Virginia Woolf George Orwell and the playwright and novelist Patrick Hamilton The final three chapters carry the discussion to the present in analyses of works by lesbian postcolonial and gay authors such as Sarah Waters Amitav Ghosh and Alan Hollinghurst Focusing on questions about temporality and changes in gender and sexuality especially gay and lesbian straight and queer following the rejection of the Victorian patriarchal marriage model this study examines the continuing influence of late Victorian Aestheticist and Decadent culture in Modernist writing and its permutations in England

Sexual Encounters Lee Wallace, 2018-05-31 European literary artistic and anthropological representation has long viewed the Pacific as the site of heterosexual pleasures The received wisdom of these accounts is based on the idea of female bodies unrestrained by civilization In a revisionist history of the Pacific zone and some of its preeminent Western imaginists Lee Wallace suggests that the fantasy of the male body rather than of the free loving female provides the underlying libidinal

structure for many of the classic encounter narratives from Cook to Melville The subject of Sexual Encounters is sexual fantasy particularly male homoerotic fantasy found in the literature and art of South Sea exploration colonization and settlement Working at the boundaries of a number of disciplines such as queer theory anthropology postcolonial studies and history Wallace engages in subversive readings of eighteenth and nineteenth century Pacific voyage journals Cook in Hawaii and a Russian expedition to the Marquesas an argument concerning Gauguin's treatment of female figures and a discussion of homosexuality and Samoan male to female transgenderism These phenomena Wallace asserts demonstrate the continuity and dissonance between Western and Pacific sexual categories She reconstructs Pacific history through the inevitable entanglement of metropolitan and indigenous sexual regimes and ultimately argues for the importance of the Pacific in defining modern sexual categories

Notable American Women with Czechoslovak Roots Miloslav Rechcigl Jr., 2019-09-16 Even though there exist only a few general studies on the subject of Czechoslovak American women this is not at all a reflection of the paucity of work done by these women as this publication demonstrates This monograph is a compendium of notable American women with Czechoslovak roots who distinguished themselves in a particular field or area from the time they first immigrated to America to date Included are not only individuals born on the territory of former Czechoslovakia but also their descendants This project has been approached strictly geographically irrespective of the language or ethnicity Because of the lack of bibliographical information most of the monograph comprises biobibliographical information in which area a plethora of information exists As the reader will discover these women have been involved practically in every field of human endeavor in numbers that surprise On the whole they have been noted for their independent spirit and nonconforming role

Moral Strata John R. Welch, 2014-09-19 This volume recreates the received notion of reflective equilibrium It reconfigures reflective equilibrium as

both a cognitive ideal and a method for approximating this ideal The ideal of reflective equilibrium is restructured using the concept of discursive strata which are formed by sentences and differentiated by function Sentences that perform the same kind of linguistic function constitute a stratum The book shows how moral discourse can be analyzed into phenomenal instrumental and teleological strata and the ideal of reflective equilibrium reworked in these terms In addition the work strengthens the method of reflective equilibrium by harnessing the resources of decision theory and inductive logic It launches a comparative version of decision theory and employs this framework as a guide to moral theory choice It also recruits quantitative inductive logic to inform a standard of inductive cogency When used in tandem with comparative decision theory this standard can aid in the effort to turn the undesirable condition of reflective disequilibrium into reflective equilibrium

Vladimir Nabokov and the Art of Painting Gerard de Vries, Donald Barton Johnson, 2006 Studie van de verwijzingen naar beeldende kunst in het werk van de Russisch Amerikaanse schrijver 1899 1977 **Otherwise Occupied** Dorothy M. Figueira, 2008-10-23 Tracing the historical development of recent identity based trends in literary theory to their roots in structuralism Dorothy M Figueira questions the extent to which theories and pedagogies of alterity have actually enabled us to engage the Other She tracks academic attempts to deal with alterity from their inception in critical thought in the 1960s to the present Focusing on multiculturalism and postcolonialism as professional and institutional practices Figueira examines how such theories and pedagogies informed the academic and public discourse regarding September 11 She also investigates the theories and pedagogies of alterity as crucial elements in the bureaucratization of diversity within academe and discusses their impact on affirmative action

Artistic Creation and Ethical Criticism Ted Nannicelli, 2020 Artistic Creation and Ethical Criticism investigates an idea that underpins the ethical criticism of art but is rarely acknowledged and poorly understood namely that the ethical criticism of art involves judgments not only of the attitudes a work endorses or solicits but of what artists do to create the work The book pioneers an innovative production oriented approach to the study of the ethical criticism of art one that will provide a refined philosophical account of this important topic as well as conceptual tools that can guide future philosophizing and criticism

Staging the Artist Claire Moran, 2017-07-05 Restoring the role of theatrical performance as both subject and trope in the aesthetics of self representation Staging the Artist questions how nineteenth century French and Belgian artists self consciously fashioned their identities through their art and writings This emphasis on performance allows for a new understanding of the processes of self fashioning which underlie self representation in word and image Claire Moran offers new interpretations of works by major nineteenth century figures such as Paul Gauguin and Edgar Degas and addresses the neglected topic of the function of theatre in the development of modern visual art Incarnating Baudelaire's metaphor of the artist as an actor ever conscious of his role the artists discussed Courbet Ensor and Van Gogh among others employed theatre as both a thematic source and formal inspiration in their painting writings and social behaviour Moran argues that what renders this visual literary and

social performance modern is its self consciousness which in turn serves as a model with which to challenge pictorial convention This book suggests that tracing modern performance and artistic identity to the nineteenth century provides a greater understanding not only of the significance of theatre in the development of modern art but also highlights the self conscious staging inherent to modern artistic identity

Confronting Injustice without Compromising Truth Thaddeus J. Williams, 2020-12-22 God does not suggest he commands that we do justice Social justice is not optional for the Christian All injustice affects others so talking about justice that isn t social is like talking about water that isn t wet or a square with no right angles But the Bible s call to seek justice is not a call to superficial kneejerk activism We are not merely commanded to execute justice but to truly execute justice The God who commands us to seek justice is the same God who commands us to test everything and hold fast to what is good Drawing from a diverse range of theologians sociologists artists and activists *Confronting Injustice without Compromising Truth* by Thaddeus Williams makes the case that we must be discerning if we are to truly execute justice as Scripture commands Not everything called social justice today is compatible with a biblical vision of a better world The Bible offers hopeful and distinctive answers to deep questions of worship
