Meditz,2016-09-12 This is the first published book length treatment on Paul Tillich and Judaism which is a neglected aspect of Tillich s thought It has three compelling features First pivotal biographical details show the importance of Judaism for Tillich and that he ardently opposed anti-Semitism before WWII and after the Holocaust Second Tillich s theological method is examined in key primary sources to show how he maintains continuity between Judaism and Christianity The primary source analysis includes his 1910 and 1912 dissertations on

Schelling the 1933 The Socialist Decision the 1952 Berlin lectures on the Jewish Question and his final public lecture on the importance of the history of religion for systematic theology Particular attention is paid to his dialectical and theological history of religion Third Tillich's positive theology of Judaism contrasts sharply with the many complex negative ways in which Judaism is portrayed in Western thought This contributes significantly to our understanding the evolving history of Christian anti Judaism

**The Socialist Emigre** Brian Donnelly, 2003 Paul Tillich never abandoned the Marxist ideas he developed during the political upheaval of his native Germany in the 1920s and 1930s Indeed he subsumed and incorporated Marxism into the construction of his post German religious thinking and theology which he pioneered after fleeing to the USA in 1933 In the Socialist Emigre Brian Donnelly deals with the philosophical foundations of Tillich's theology specifically the important thread of Marxism and argues that Tillich's later and highly acclaimed theology cannot be divorced from his earlier Marxist views This makes for a seminal work which examines Tillich in a new and critical light and furthers the debate as to the structure of his philosophical theology and the nature of his eclectic thought This unique study features Tillich's boundary thought regarding Marxism and religion faith and culture history and supernaturalism and emphasizes Tillich the philosopher rather than Tillich the theologian

*Bonhoeffer's Questions* John W. de Gruchy, 2019-11-08 While in prison during the Third Reich Dietrich Bonhoeffer raised several core questions in his correspondence with his close friend Eberhard Bethge How shall future generations live Who is Jesus Christ actually for us today What does it mean to be truly human And who am I In Bonhoeffer's Questions John W de Gruchy explores the development of each question in the course of Bonhoeffer's life how he attempted to answer them and how each prompted further questions in an ongoing conversation with himself with others and now with us today De Gruchy does this within the framework of his own life long and life changing conversation with Bonhoeffer in the context of South Africa from the beginning of the apartheid era to the present day He also describes how he has come to know Bonhoeffer as a theological witness to Christ a prophet of God's justice and a Christian humanist before proceeding with a series of questions addressed to Bonhoeffer with the reader in mind These range from the debate about God and the future of Christianity to the involvement of Christians and the church in political struggles today

T&T Clark Handbook of Public Theology , 2022-06-02 T T Clark Handbook of Public Theology introduces the various philosophical and theological positions and approaches in the emerging discourse of public theology Distinguishing public theology from political theology as well as from liberation theology this book clarifies central terms like public sphere the secular and post secularity in order to highlight the specific characteristics of public theology Its particular focus lies on the ways in which much of public theology has established itself as a contextual theology in politically secular societies aiming to continue the apologetical tradition in this specific context Depending on what is regarded as the most pressing challenge for the reasonable defence of the Christian hope in liberal democracies public theologians have focused on social ethics ecclesiology or Soteriology with the aim to strengthen the virtues needed for democratic citizenship Here

**The Making of Modern German Christology, 1750-1990, Second Edition** Alister E. McGrath, 2005-08-26 The Making of Modern German Christology is a reliable and readable introduction to the central themes and personalities of modern German Christology Germany and northern Switzerland have been the source of a fertile theological tradition since the beginning of the Protestant Reformation in the sixteenth century Moreover the Enlightenment seems to have had its deepest theological impact in Germany and on one area of theology in particular the person and work of Christ Now that chapter in church history seems to be coming to a close with a shift in theological emphasis away from the Continent to North America This book revised and updated from an earlier British edition is therefore a survey of that major chapter in modern theology for students and informed laypeople

**Theology of Culture in a Japanese Context** Atsuyoshi Fujiwara, 2012-07-01 The Christian faith has always stood in a place of tension between its transcendent nature and the surrounding culture On the one hand Christian faith claims to originate in the revelation of God which transforms culture itself On the other hand all such revelation is inevitably received and interpreted by humans in concrete situations It is no exaggeration to say that two millennia of church history have continually demonstrated the struggle between Christian faith and culture In an effort to address this struggle this book explores relevant issues pertinent to the relationship between faith and culture in the particular context of Japan In this unique work the context of Japan well known as a desolate swamp for Christian missions provides the setting for a re-exploration of issues pertaining to theology of culture As such Japan provides both a concrete and challenging context to work out a theology of culture This book also helpfully illuminates for Western readers some key problems that may not have appeared fully in their contexts yet but will do so as the post Christendom era continues

*Religion Matters: Volume 2* P. T. Babie, Rick Sarre, 2024-07-19 This book constitutes the second volume of Religion Matters The Contemporary Relevance of Religion Springer 2020 Offering a fresh and much needed perspective it explores the role of religion in the modern neo liberal world The book acclaims that religion is a

contextual and contested term which is extensively discussed in the Introduction Designed to be read selectively this book allows readers to delve into topics and traditions of specific interest without the necessity of reading the entire volume In contrast to volume 1 where contributors critically engaged with religion and various disciplines this book poses a fundamental question Can religion contribute to the discipline under consideration Authors were selected based on their ability to address this question Some chapters concluded that religion may offer very little to the discipline under consideration highlighting the value of volume 1 s critical stance on the place of religion in contemporary society However the project s overall aim remained somewhat unfulfilled leading to the creation of this second volume The primary omission from the first book was a comprehensive exploration of the sciences and health sciences which this second volume aims to rectify Furthermore additional authors were chosen to investigate the nature of connectedness facilitated by religion horizontally through membership within wider communities societies cultures or religious traditions and vertically by examining historical relationships within a particular faith tradition culture community or society This volume also broadens its focus to include non Christian perspectives Indigenous perspectives and an increased representation of female contributors

**Rudolf Bultmann** Rudolf Karl Bultmann, Bultmann s pioneering study of the New Testament initiated a new era in biblical studies in the Twentieth Century Together with Karl Barth Bultmann broke with liberal theology but his often misunderstood program of demythologization took him in a radically different direction from Barth In many respects Bultmann set the agenda for biblical theology in the decades following World War II This volume concentrates on the key texts and ideas in Bultmann s thought It presents the essential Bultmann for students and the general reader Roger Johnson s introductory essay and notes on the selected texts set Bultmann in his historical context chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole Substantial selections from Bultmann s work illustrate key themes God as Wholly Other Jesus and the Eschatological Kingdom Existentialist interpretation Kerygma Faith and Modernity in conflict Demythologizing controversial slogan and theological focus

**Jesus Christ for Contemporary Life** Don Schweitzer, 2012-02-13 Jesus Christ for Contemporary Life is an understanding of Jesus as the Word of God grounded in what can be known historically of Jesus and informed by subsequent reflection upon him which hopes to help shape a Christian identity characterized by bounded openness In Jesus Christ for Contemporary Life Don Schweitzer explores the significance of the person work and relationships of Jesus Christ for contemporary life He moves from the historical Jesus to the present in three parts In the first part Schweitzer develops an understanding of Jesus as the Word of God who became incarnate to give the goodness and beauty of God further expression in time and space Second he explores how various atonement theories articulate ways in which Jesus empowers people to further express this beauty and goodness in their own lives And finally Schweitzer explores how Jesus relates to people in the church to the events and movements in history to other religions and to Christians in their dialogue with God in prayer

**Faith Negotiating Loyalties** Stephen W. Martin, 2008 Faith Negotiating Loyalties draws readers into the world of Christian faith in South Africa and the question of loyalties in the new post apartheid state It carries out its investigation in two parts Part one examines Christian faith and loyalty during the first nation building exercise following the South African War positioning the creation and contestation of three Christianities corresponding to three nationalisms each of which imagined South Africa in a particular way shaping faith accordingly The idea of an undifferentiated South African Christianity gives way to contesting and contested Christianities nationalism gives way to nationalisms and faith emerges in tension with and in criticism of these loyalties Part two discusses the American theologian H Richard Niebuhr in South Africa Three kinds of faith in his writings are set forth social faith racial faith and reconstructing faith Contextualized within the South African story Niebuhr's ideas suggest self and society as constituted by hybridities and suspended in a web of loyalties Faith Negotiating Loyalties suggests the message for faith in a post apartheid South Africa is the importance of negotiating covenants which allow for crossings hybridities and contestations

Opting for the Margins Jeorg Rieger, 2003-09-11 Ideas like the preferential option for the poor arguing that people marginalized by the economy have a claim to special consideration have been among the most significant insights in twentieth century Christian theology Arising out of various theologies of liberation options for the poor and for people at the margins of society have provided major new impulses for biblical studies systematic theology church history ecclesial practice and the academic study of religion Opting for the margins continues to be an important issue at a time when the gap between rich and poor is growing at an alarming rate both in the United States and in many other parts of the world and when other gaps based for example on differences in gender or race continue to linger Recently however options for the margins have been challenged by postmodern shifts in intellectual social political and economic realities that often replace preferential options with other emphases such as general concerns for pluralism otherness and difference Options for the margins are therefore at best reduced to the special interests of certain minority groups or at worst rejected as antiquated and irrelevant for the twenty first century The essays in this volume show how some forms of postmodern thought and theology can mask patterns of oppression and provide an excuse for deafness to voices from the margins The authors writing from a wide variety of national ethnic and theological perspectives seek to revive the preferential option for the poor for the postmodern world showing how options for the margins can engage postmodernity in new ways and break new ground in religious theological and ethical as well as social political and economic thinking The essays connect philosophical and theological arguments to the concrete realities of the postmodern world and to uncover new sources of energy in the life and death struggles of people across the globe
