marginalization of women It critically examines concepts methods and principles of family systems theory analyzes gender relations in African families and churches and develops a theology of pastoral care based on the Trinitarian concept of perichoresis that offers pastoral guidelines for effective pastoral counseling with women and men as well as recommendations for corrective and preventative care grounded in educational strategies The paradigm of pastoral care that emerges attends both to women affected by gender injustice and to the sociocultural norms that cause distress and perpetuate gender oppression *Women, Presbyterianism and Patriarchy* Isabel Apawo Phiri, 2007 This is the first book by a Malawian woman theologian First released in 1997 it won an honorable mention in the Noma Award for Publishing in Africa in 1998 and is now updated here with a new introduction by the author The study traces the struggles and contribution of Chewa women to the Church of Central Africa Presbyterian Amongst the topics are female mediumships in traditional religion post missionary developments in Chigwirizano womens attempts to achieve some public manifestation of their personal relationship to God in open ministry and the current women s organisation in Nkhoma Synod Dr Isabel Apawo Phiri is in the Department of Theology and Religious Studies at the University of Malawi *The Historical Jesus Through Catholic and Jewish Eyes* Leonard Greenspoon, Dennis Hamm, Bryan F. Ezigbo, 2015-12-31 Should Christianity s theological face remain largely European and North American in the twenty first century in the wake of the expansion of Christianity in sub Saharan Africa Asia and Latin America The question about the theological face of Christianity cannot be ignored For too long African Asian and Latin American theologians have been left out of mainstream theological discussions Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity *Introducing Christian Theologies* Voices from Global Christian Communities is a two volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with voices of Christian communities from across the globe *Introducing Christian Theologies* explores the works of key theologians from around the world highlighting their unique contributions to Christian theology and doctrine *An Introduction to Theology in Africa and the Kpelelogical Foundations of Christian Theology* Charles Amarkwei, 2021-10-12 In this book African Christian theology is introduced as a Kpelelogical reflection about life in the context of Africa which exists in the context of the cosmos Kpelelogy is the ontological mode of being grasped by the agape of God in Christ by grace through faith in the power of the Holy Spirit By this mode African theology is introduced by way of a definition a principle of paradox and a description as well as a critical view of the works of African theologians It examines the issues of method criteria and sources of doing theology in Africa and introduces the method of Kpelelogy as an African theological method This is explored further as a holistic theological method that is conscious of its being in existence and its life in history that is

driven by faith in the triune God in a pneumatic experience that has been termed in this book as the Kpelelogical ontological mode. The book is ecumenical in view of its engagement with Christian tradition. It presents a Kpelelogical theology that is concretely African and universally Christian in the Okpelejen Wulormor, the cosmic Jesus Christ who is and was but beyond the *munus triplex* Priest, King, and Prophet, threefold office of Jesus Christ that is to come. Hence it is a theology which embraces elements of Reformed, Lutheran, Methodist, Pentecostal, Charismatic, Roman Catholic, and Eastern Orthodox theological insights in the African context.
