Paulus Leben Und Denken:

Paulus Udo Schnelle, 2003 Keine ausführliche Beschreibung für Paulus verfügbar **The Many Faces of Jesus Christ**
Küster, Volker, 2023-06-01 Updated version of an Orbis classic *Resetting the Origins of Christianity* Markus
Vinzent, 2023-01-12 How do we know what we know about the origins of the Christian religion Neither its founder nor the
Apostles nor Paul left any written accounts of their movement The witnesses testimonies were transmitted via successive
generations of copyists and historians with the oldest surviving fragments dating to the second and third centuries that is to
well after Jesus death In this innovative and important book Markus Vinzent interrogates standard interpretations of
Christian origins handed down over the centuries He scrutinizes in reverse order the earliest recorded sources from the sixth
to the second century showing how the works of Greek and Latin writers reveal a good deal more about their own times and
preoccupations than they do about early Christianity In so doing the author boldly challenges understandings of one of the
most momentous social and religious movements in history as well as its reception over time and place The Logic of Love
Ruben Zimmermann, 2018-09-15 The goal of the present study unfolds in the following four ways First in analyzing Pauline
writings primarily Paul's First Letter to the Corinthians it can be demonstrated that the Apostle can be described as an
ethicist The hypothesis operative here is that in the sources despite their occasional and situational character and their
epistolary form one can recognize a coherent system of grounds for behavior i.e. ethics I call this recognizable ethics implicit
ethics Secondly this work pursues an explicit ethical interpretation of Paul's writings What does it mean to read these texts
through an ethical lens I here offer an approach with which one can decipher the ethical content of a historical text This
methodology for ethical analysis so called organon is not only applicable to Paul's writings but can also provide an impetus
for the ethical interpretation of other NT texts and even for the literature of early Christianity and the Bible more generally
The variety of forms and the complexity of the reflection in Paul's letters can in a third point enrich the discourse of
theological ethics It will be seen that the rationale for his ethics is pluralistic and simply cannot be described in a one-sided
manner as simply being a deontological ethics of norms Along these lines a fourth element is found in stimulating
interdisciplinary debates concerning ethics If one is able to examine and describe the norms and grounds of justification in
Biblical ethics using the language and forms of description utilized in modern ethical theory biblical ethics could once again
gain a voice that can be taken seriously in the modern discussion of values The point is not to have Scripture per se join the
discussion but for these texts to function as a laboratory Paul Ricoeur in which ethical speech and thought relevant for
contemporary concerns can be inspired and encouraged In a concluding chapter this dialogue is already started by
describing specific aspects of Pauline ethics against the background or moral philosophical debate e.g. bodily ethics beyond
hedonism ethics of relinquishing beyond contractual ethics or ethics of love beyond Eudaimonian ethics **Lutherische
und neue Paulusperspektive** Michael Bachmann, Johannes Woyke, 2005 English summary Recent research on Paul has

received new and important stimuli from the Anglo Saxon world influenced above all by K Stendahl E P Sanders and J D G Dunn In this volume Protestant and Catholic exegetes examine three crucial issues Does Paul s rejection of a justification which originates in works of the law indicate a criticism of justification by one s own good works or rather an opening of Judaism whose boundary markers are thus seen as not binding for Christian pagans Is German exegesis influenced too strongly by 16th century concepts leading to a certain amount of anti Judaism Is the controversy around the doctrine of justification really rooted in the New Testament itself German description Die jungere Paulusforschung hat im angelsächsischen Bereich wichtige neue Impulse bekommen E P Sanders bezweifelte dass das Bild des Judentums als einer durch aWerkgerechtigkeit charakterisierbaren Gemeinschaft zutreffend sei behauptete vielmehr eine von ihm durch den Terminus Bundesnomismus zusammengefasste jüdische Religionsstruktur K Stendahl kritisierte dass seit Augustin und Martin Luther die Theologie des Apostels Paulus primär unter der Vorgabe des introspective conscience of the West verstanden worden sei während J D G Dunn die paulinische Ablehnung einer Rechtfertigung aufgrund von Werken des Gesetzes nicht mehr als Angriff auf das Judentum interpretierte sondern als Hinweis auf die Nichtübernahme von jüdischen boundary markers Diese New Perspective on Paul ist im deutschsprachigen Raum wenig rezipiert worden und stösst hier auf erhebliche Skepsis Prominente evangelische und katholische Neutestamentler tragen in diesem Band wichtige Gesichtspunkte zu der Debatte bei J D G Dunn nimmt zu den einzelnen Aufsätzen Stellung Damit ist eine Voraussetzung für eine nüchterne Auseinandersetzung mit relevanten Paulustexten und für die weitere Diskussion um die Rechtfertigungslehre gegeben

Theology of the Soul Martine C. L. Oldhoff, 2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders

various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today's modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul
