SHAKESPEARE AND PHILOSOPHY

REVENGE TRAGEDY AND CLASSICAL PHILOSOPHY ON THE EARLY MODERN STAGE

Christopher Crosbie

Philosophy And Tragedy

Julian Young

Philosophy And Tragedy:

The Philosophy of Tragedy Julian Young, 2013-06-28 This book is a full survey of the philosophy of tragedy from antiquity to the present From Aristotle to i ek the focal question has been why in spite of its distressing content do we value tragic drama What is the nature of the tragic effect Some philosophers point to a certain kind of pleasure that results from tragedy Others while not excluding pleasure emphasize the knowledge we gain from tragedy of psychology ethics freedom or immortality Through a critical engagement with these and other philosophers the book concludes by suggesting an answer to the question of what it is that constitutes tragedy in its highest vocation This book will be of equal interest to students of philosophy and of literature *Philosophy and Tragedy* Miguel de Beistegui, Simon Sparks, 2000 From Plato s Republic and Aristotle s Poetics to Nietzsche s The Birth of Tragedy the theme of tragedy has been subject to radically conflicting philosophical interpretations Despite being at the heart of philosophical debate from Ancient Greece to the Nineteenth Century however tragedy has yet to receive proper treatment as a philosophical tradition in its own right Philosophy and Tragedy is a compelling contribution to that oversight and the first book to address the topic in a major way Eleven new essays by internationally renowned philosophers clearly show how time and again major thinkers have returned to tragedy in many of their key works Philosophy and Tragedy asks why it is that thinkers as far apart as Hegel and Benjamin should make tragedy such an important theme in their work and why after Kant an important strand of philosophy should present itself tragically From Heidegger s reading of Sophocles Antigone to Nietzsche and Benjamin s book length studies of tragedy Philosophy and Tragedy presents an outstanding and original study of this preoccupation The five sections are organised clearly around five major philosophers Hegel Holderlin Nietzsche Heidegger and Benjamin **Tragedy and Philosophy** Walter Kaufmann, 1992 A critical re examination of the views of Plato Aristotle Hegel and Nietzsche on tragedy Ancient Greek tragedy is revealed as surprisingly modern and experimental while such concepts as mimesis catharsis hubris and the tragic collision are discussed from different perspectives *Tragedy And Philosophy* N Georgopoulos, 1993-09-12 Is philosophy as the love of wisdom inherently tragic Must philosophy abolish its traditional modes of thinking if it is to attain the wisdom of tragedy Sharing a common origin even direction does philosophy move beyond tragedy epitomizing it Is the action of tragedy analogous to the activity of philosophy Have Hegel and Nietzsche distorted the tragic Can there be a philosophy of the tragic It is with such questions that the essays of this volume become involved coming up with original interpretations of tragedy new approaches to traditional views and novel conceptions of philosophy Their diversity and novelty emerge out of a common problematic a theme they all address the relation between philosophy and tragedy By exploring this relation this volume adds to our comprehension of both **Tragedy and Philosophy. A Parallel History** Agnes Heller†, 2021-03-08 Completed shortly before her death in 2019 Tragedy and Philosophy is the sum of Agnes Heller s reflections on European history and culture seen through the prism of Europe s two unique literary creations tragedy and philosophy Part 1 traces their parallel

history from ancient Athens to rebirth in early modern London and Paris Part 2 explores the interactions between post metaphysical philosophy and post tragic drama from the eighteenth through to the twentieth centuries Heller s perspective is post Hegelian the story of European culture can only be told from its end the generalization of modernity across the globe In this sense Part 3 is Heller s farewell to the grand narrative of European history and culture as well as her own personal farewell to philosophy *Epochal Discordance* Veronique M. Foti,2007-06-01 Examines the German poet Hlderlin s philosophical insights into tragedy Tragedy and Philosophy N. Georgopoulos,1993 Is philosophy as the love of wisdom inherently tragic Must philosophy abolish its traditional modes of thinking if it is to attain the wisdom of tragedy Sharing a common origin even direction does philosophy move beyond tragedy epitomizing it Is the action of tragedy analogous to the activity of philosophy Have Hegel and Nietzsche distorted the tragic Can there be a philosophy of the tragic It is with such questions that the essays of this volume become involved coming up with original interpretations of tragedy new approaches to traditional views and novel conceptions of philosophy Their diversity and novelty emerge out of a common problematic a theme they all address the relation between philosophy and tragedy By exploring this relation this volume adds to our comprehension of both BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Philosophy of Tragedy Julian Young,2014-05-14 This book written in an accessible style is an exhaustive survey of the philosophy of tragedy from antiquity to the present **The Philosophy of Tragedy** Julian Young,2013 This book written in an accessible style is an exhaustive survey of the philosophy of tragedy from antiquity to the present **Tragedy, the Greeks, and Us** Simon Critchley,2020-03-17 From the moderator of The New York Times philosophy blog The Stone a book that argues that if we want to understand ourselves we have to go back to theater to the stage of our lives Tragedy presents a world of conflict and troubling emotion a world where private and public lives collide and collapse A world where morality is ambiguous and the powerful humiliate and destroy the powerless A world where justice always seems to be on both sides of a conflict and sugarcoated words serve as cover for clandestine operations of violence A world rather like our own The ancient Greeks hold a mirror up to us in which we see all the desolation and delusion of our lives but also the terrifying beauty and intensity of existence This is not a time for consolation prizes and the fatuous banalities of the self help industry and pop philosophy Tragedy allows us to glimpse in its harsh and unforgiving glare the burning core of our aliveness If we give ourselves the chance to look at tragedy we might see further and more clearly Tragic Pathos Dana LaCourse Munteanu,2011-11-10 Scholars have often focused on understanding Aristotle s poetic theory and particularly the concept of catharsis in the Poetics as a response to Plato s critique of pity in the Republic However this book shows that while Greek thinkers all acknowledge pity and some form of fear as responses to tragedy each assumes for the two emotions a different purpose mode of presentation and to a degree understanding This book reassesses expressions of the emotions within different tragedies and explores emotional responses to and discussions of the tragedies by contemporary philosophers

providing insights into the ethical and social implications of the emotions *Tragedy and the Idea of Modernity* Joshua Billings, Miriam Leonard, 2015 From around 1800 particularly in Germany Greek tragedy has been privileged in popular and scholarly discourse for its relation to apparently timeless metaphysical existential ethical aesthetic and psychological questions As a major concern of modern philosophy it has fascinated thinkers including Hegel Kierkegaard Nietzsche Freud and Heidegger Such theories have arguably had a more profound influence on modern understanding of the genre than works of classical scholarship or theatrical performances *Tragedy and the Idea of Modernity* considers this tradition of philosophy in relation to the ancient Greek works themselves and mediates between the concerns of classicists and those of intellectual historians and philosophers The volume is organized into sections treating issues of poetics politics and culture and canonicity and contributions by an interdisciplinary range of scholars consider themes of catharsis the sublime politics and reconciliation spanning 2 500 years of literature and philosophy Although firmly anchored in the classical tradition the volume suggests that the tradition of philosophical thought concerning tragedy has a major place in understandings both of ancient tragedy and of modernity itself **A Philosophy of Tragedy** Christopher Hamilton, 2016 *A Philosophy of Tragedy* explores the tragic condition of man in modernity Nietzsche knew it as have countless characters in literature and the modern age places us squarely before it the sheer contingency and instability of our existence our homelessness our unredeemed suffering our fractured relation to morality Christopher Hamilton draws as much on literature including the tragic theatre as on philosophy to offer a stirring account of our tragic state In doing so he explores the nature of philosophy itself the ways it has been understood and its relationship to humanity The book ranges from the debate over the death of tragedy to a critique of modern virtue ethics offers a new interpretation of the evil of Auschwitz and explores the work of thinkers who have seen our tragic being as inherently inconsolable *A Philosophy of Tragedy* shows how tragedy has been and continues to be a crucial part of the modern human experience one from which we should not avert our eyes **The Fragility of Goodness** Martha C. Nussbaum, 2001-01-15 This book first published in 2001 is a study of ancient views about moral luck **The Tragedy of Philosophy** Andrew Cooper, 2016-08-30 In *The Tragedy of Philosophy* Andrew Cooper challenges the prevailing idea of the death of tragedy arguing that this assumption reflects a problematic view of both tragedy and philosophy one that stifles the profound contribution that tragedy could provide to philosophy today To build this case Cooper presents a novel reading of Immanuel Kant's *Critique of Judgment* Although this text is normally understood as the final attempt to seal philosophy from the threat of tragedy Cooper argues that Kant's project is rather a creative engagement with a tragedy that is specific to philosophy namely the inevitable failure of attempts to master nature through knowledge Kant's encounter with the tragedy of philosophy turns philosophy's gaze from an exclusive focus on knowledge to matters of living well in a world that does not bend itself to our desires Tracing the impact of Kant's *Critique of Judgment* on some of the most famous theories of tragedy including those of G W F Hegel Friedrich Nietzsche Martin Heidegger and

Cornelius Castoriadis Cooper demonstrates how these philosophers extend the project found in both Kant and the Greek tragedies the attempt to grasp nature as a domain hospitable to human life The Birth of Tragedy Friedrich Nietzsche,2017-10-06 The Birth of Tragedy subtitled as Hellenism and Pessimism is a work of dramatic theory which discusses the history of the tragic form and introduces an intellectual dichotomy between the Dionysian and the Apollonian Nietzsche believed that in classical Athenian tragedy an art form that transcended the pessimism and nihilism of a fundamentally meaningless world Friedrich Nietzsche 1844 1900 was a German philosopher poet and Latin and Greek scholar whose work has exerted a profound influence on Western philosophy and modern intellectual history Because of Nietzsche s evocative style and provocative ideas his philosophy generates passionate reactions His works remain controversial due to varying interpretations and misinterpretations of his work In the Western philosophy tradition Nietzsche s writings have been described as the unique case of free revolutionary thought that is revolutionary in its structure and problems although not tied to any revolutionary project **Nietzsche: The Birth of Tragedy and Other Writings**

Friedrich Wilhelm Nietzsche,1999-04-22 The Birth of Tragedy is one of the seminal philosophical works of the modern period Nietzsche s discussion of the nature of culture of the conditions under which it can flourish and of those under which it will decline his analysis of the sources of discontent with the modern world his criticism of rationalism and of traditional morality his aesthetic theories and his conception of the Dionysiac have had a profound influence on the philosophy literature music and politics of the twentieth century This edition presents a new translation by Ronald Speirs and an introduction by Raymond Geuss that sets the work in its historical and philosophical context The volume also includes two essays on related topics that Nietzsche wrote during the same period and that throw further light on the themes treated in the main text

THE BIRTH OF TRAGEDY (Classical Art vs. Nihilism) Friedrich Nietzsche,2017-04-17 This carefully crafted ebook THE BIRTH OF TRAGEDY is formatted for your eReader with a functional and detailed table of contents The Birth of Tragedy subtitled as Hellenism and Pessimism is a work of dramatic theory which discusses the history of the tragic form and introduces an intellectual dichotomy between the Dionysian and the Apollonian Nietzsche believed that in classical Athenian tragedy an art form that transcended the pessimism and nihilism of a fundamentally meaningless world Friedrich Nietzsche 1844 1900 was a German philosopher poet and Latin and Greek scholar whose work has exerted a profound influence on Western philosophy and modern intellectual history Because of Nietzsche s evocative style and provocative ideas his philosophy generates passionate reactions His works remain controversial due to varying interpretations and misinterpretations of his work In the Western philosophy tradition Nietzsche s writings have been described as the unique case of free revolutionary thought that is revolutionary in its structure and problems although not tied to any revolutionary project Tragedy as Philosophy in the Reformation World Russ Leo,2019-01-24 Tragedy as Philosophy in the Reformation World examines how sixteenth and seventeenth century poets theologians and humanist critics turned to tragedy to

understand providence and agencies human and divine in the crucible of the Reformation Rejecting familiar assumptions about tragedy vital figures like Philipp Melanchthon David Pareus Lodovico Castelvetro John Rainolds and Daniel Heinsius developed distinctly philosophical ideas of tragedy irreducible to drama or performance inextricable from rhetoric dialectic and metaphysics In its proximity to philosophy tragedy afforded careful readers crucial insight into causality probability necessity and the terms of human affect and action With these resources at hand poets and critics produced a series of daring and influential theses on tragedy between the 1550s and the 1630s all directly related to pressing Reformation debates concerning providence predestination faith and devotional practice Under the influence of Aristotle's Poetics they presented tragedy as an exacting forensic tool enabling attentive readers to apprehend totality And while some poets employed tragedy to render sacred history palpable with new energy and urgency others marshalled a precise philosophical notion of tragedy directly against spectacle and stage playing endorsing anti theatrical theses on tragedy inflected by the antique Poetics In other words this work illustrates the degree to which some of the influential poets and critics in the period emphasized philosophical precision at the expense of even to the exclusion of dramatic presentation In turn the work also explores the impact of scholarly debates on more familiar works of vernacular tragedy illustrating how William Shakespeare's Hamlet and John Milton's 1671 poems take shape in conversation with philosophical and philological investigations of tragedy Tragedy as Philosophy in the Reformation World demonstrates how Reformation took shape in poetic as well as theological and political terms while simultaneously exposing the importance of tragedy to the history of philosophy The Birth of Tragedy Friedrich Nietzsche, 2012-03-01 Philosopher's classic study declares that Greek tragedy achieved greatness through a fusion of elements of Apollonian restraint and control with Dionysian components of passion and the irrational

Unveiling the Magic of Words: A Report on "**Philosophy And Tragedy**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Philosophy And Tragedy**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
