*Public Order and Law Enforcement* Anthony Musson, 1996 The period from 1294 to 1350 witnessed the final phase of the Angevin administrative advances in England and was crucial in determining the shape and principal features of England's new judicial system This study challenges the received orthodoxy on judicial development in the first half of the 14th century It concentrates on the personnel of local justice and the wider administrative context to build up a composite picture of attitudes to public order and law enforcement through a systematic examination of the surviving legal records Pain, Penance, and Protest Sara M. Butler, 2021-11-18 In medieval England a defendant who refused to plead to a criminal indictment was sentenced to pressing with weights as a coercive measure Using peine forte et dure strong and hard punishment as a lens through which to analyse the law and its relationship with Christianity Butler asks where do we draw the line between punishment and penance And how can pain function as a vehicle for redemption within the common law Adopting a multidisciplinary approach this book embraces both law and literature When Christ is on trial before Herod he refused to plead his silence signalling denial of the court's authority England's discontented subjects from hungry peasant to even King Charles I himself stood mute before the courts in protest Bringing together penance pain and protest Butler breaks down the mythology surrounding peine forte et dure and examines how it functioned within the medieval criminal justice system *Thirteenth Century England IX* Michael Prestwich, R.
