Building Library Collections Arthur Curley, Dorothy M. Broderick, 1985 A classic Topics include resource sharing networks the importance of nonbook formats the greater complexity of censorship challenges and the expansion of the library's informational role **The American Public Library Handbook** Guy A. Marco, 2011-11-29 A detailed reference work that documents every aspect of the American public library experience through topical entries statistics biographies and profiles The American Public Library Handbook is the first reference work to focus on all aspects of the American public library experience providing a topical perspective through comprehensive essays and biographical information on important public librarians Based upon the author's own notes and extensive experience as well as library periodicals library reference books monographs textbooks Internet sources and correspondence with individual libraries this book comprises nearly 1 000 entries addressing all aspects of public library service Each topical essay considers terminology of the area covered its historical context and current concerns and issues Biographies highlight the philosophical perspective of the individuals covered while entries on specific libraries present timely data and interesting facts about each facility This unique handbook also offers up to date statistics historical highlights and information about programs and events of individual libraries

State Standards for Public Libraries Rose Vainstein, Marian Magg, 1960 *The American Library Annual*, 1918 Main Street Public Library Wayne A. Wiegand, 2011-10-02 The author studies four small town libraries in the Midwest from the late nineteenth century through the federal Library Service Act of 1956 and shows that these institutions served a much different purpose than is often perceived Rather than acting as neutral institutions that are vital to democracy these libraries were actually mediating community literary values and providing a public space for the construction of social harmony The libraries and the librarians who ran them were often just as susceptible to the political and social pressures of their time as any other public institution By analyzing the collections of all four libraries and revealing what was being read and why certain acquisitions were passed over the author challenges both traditional perceptions and professional rhetoric about the role of libraries in our small town communities While the American public library has become essential to its local community it is for reasons significantly different than those articulated by the library faith Wisconsin Public Libraries Service Record Wisconsin. Division for Library Services, 1950 Most vols contain a directory section Standard Cataloging for School and Public Libraries Sheila S. Intner, Jean Weihs, 2014-12-16 A proven resource for librarians and students this updated classic opens the door to understanding current library cataloging processes shows you how to use them to create standard catalog records and provides guidance in managing the cataloging workflow Library cataloging and classification tools are constantly improving making this concise guide a necessity for any librarian or library student seeking improved understanding of the practical process of cataloging today With the release of RDA a new code for description and a new edition of Dewey Classification it's time for every library to add this fifth edition of a classic reference to your resources Two

Margaret Mann Citation winners update you on the five basic steps in standardized library cataloging describing and adding access points for resources assigning subject headings using Sears List or Library of Congress subject headings classifying them using the Dewey Decimal or Library of Congress classification systems and digitizing the resulting records The book opens with a brief look at the environment in which cataloging now functions especially in response to advances in digital access It clarifies terminology explores new and changed applications and enhances understanding of basic principles for those responsible for creating cataloging data To get you ready for tomorrow the edition closes with a brief look at trends likely to affect cataloging in the foreseeable future
